"My Lord, my hon'ble friend, Dr. Sarbadhikari, has truly said that there was a difference of opinion in the Select Committee amongst the non-official members who were in harmony with the criticisms suggested by Government. I was one of them. My Lord, the amendment that has been moved by my friend, Dr. Sarbadhikari, will not meet the arguments that he has advanced. I wish to point out that this amendment will make the matter worse, for the present law only provides that offences under sections 49, 51 and 54 are compoundable at the discretion of the Collector. Now it will be seen on closer examination of these sections that section 49 is a section which relates to licensed manufacturers or vendors or their servants and imposes a penalty for adulteration by licensed manufacturers or vendors or their servants. Then, my Lord, section 51 also relates to a penalty for certain unlawful acts of licensed vendors or their servants. My Lord, it will thus be seen that all the offences under these sections are compoundable at the discretion of the officers appointed by Government, not below the rank of Collector. Any offence committed by a person by drawing 6 seers instead of 4 seers of toddy can be compounded under this Act. I think, my Lord, that my friend should have moved for the omission of the section empowering officers appointed by the Local Government to compound such offences. Although I am not a member of the Temperance Society, like my hon'ble friend, everybody here knows that I am a teetotaler. I think, my Lord, that this is a section which affords some protection to the poor who would otherwise be dragged to a court of law for committing a very petty offence against the Act. A poor labourer may unwittingly commit such offences, and I believe my Lord, that this section will give an opportunity for saving these poor people from harassment in a court of law. And there is the apprehension, which I need not conceal, in the minds of some of my friends that the exercise of this power is so made as not to benefit the offender so much as to benefit the officers themselves. But I am sure there will be proper supervision over these officers. But even admitting that this is the case, I do not think that any law or rule can be so made as to free the Administration from the possibility of such abuses. I speak from personal experience when I say that municipal prosecutions can be started by underlings, and, if well manipulated from behind, I think even excise prosecutions might be so instituted. I think therefore, my Lord, that this power is very necessary and should be retained in the hands of responsible officers of Government. But there should be proper supervision also. This provision will lead to the protection of the unwary illiterate poor from all the possible harassments at the hands of petty underlings. My Lord, I submit that in the late Eastern Bengal Council there were men thoroughly independent and thoroughly straightforward, but there was not the slightest opposition to this section which is taken bodily from the Eastern Bengal Act. I think therefore that, having regard to the long experience of members of Eastern Bengal where this Act came largely into force and also that there was no opposition to the amendment which was carried both in the Select Committee and in the Council, we ought to pause before we ask Government to delete the section. It is not, strictly speaking, an amendment, but it is in fact adopting a section from the Eastern Bengal Act. These are the grounds, my Lord, on which I am sorry I cannot support the motion of my friend, Dr. Sarbadhikari, with whom I am generally in agreement and harmony."

The Hon'ble RAI NALINAKSHA BASU BAHADUR said —

"My Lord, I respectfully beg to support the amendment moved by my hon'ble friend, Dr. Sarbadhikari, not only on the grounds mentioned by him, but also on the ground that the power of compromising cases is liable to be abused and is likely to give rise to corrupt practice. True it is that the

*The Bengal Excise (Amendment) Bill, 1914.**Sir William Duke.*

power of compounding offences will only be exercised by the Collector and the superior officer of the Excise Department especially empowered by Government, still as they will have to depend to a certain extent on the investigating officers, these officers will, for their own benefit, be tempted to institute doubtful cases in the hope that they will be compounded. It is a well known fact that persons accused of offences try their best to compromise the cases, if possible; even innocent persons have been seen to make such attempts. They cannot be sure of the result, which very much depends on the ability of the Judge, the nature of the evidence and the lawyers who conduct the case, and with a view to avoid all this they naturally try to compound. If the amendment is not accepted, the result will be that doubtful cases will be deliberately instituted with a view to their being compounded and grave abuses will, therefore, result. I hope, therefore, that this amendment will be accepted."

The Hon'ble SIR WILLIAM DUKE said :—

"My Lord, I think that I need add very little except to state the attitude of Government in regard to this amendment. The Hon'ble Mr. Moberly has explained that we merely borrowed this provision from the Eastern Bengal and Assam Act, where it has been in force for some years past. From the Government point of view, it would no doubt seem to be a convenience to our officers and also a desirable leniency if persons committing petty offences were enabled to avoid public trial. The Hon'ble Dr. Sarbadhikari's objections are no doubt based on temperance grounds and dwell on the possibility of abuse. No doubt, in this provision, as in the case of many others, there is a possibility of abuse. There are many provisions of the law which people do abuse. At the same time, however, the exercise of the power under this clause is to be limited to Deputy Collectors and officers of the same rank, in whom people might place confidence in such matters.

The Hon'ble Rai Radha Charan Pal Bahadur has expressed the other view, which is the popular view, that it is not always necessary that because persons have committed some small offence against the law they should be prosecuted with the utmost rigour of the law. I, too, think that it is perfectly natural and reasonable that they should be given an opportunity of escaping public exposure and punishment.

But what I wish to say at this moment is that Government have no strong opinions on either point of view. I have already explained how the amended clause came into existence. If the weight of feeling in Council is in favour of the Hon'ble Dr. Sarbadhikari's amendment, Government will not oppose it, but will leave the matter to the determination of the non-official members of the Council."

The President, having called for a show of hands, declared the amendment lost.

LIST OF BUSINESS—ITEM No. 5.

The Hon'ble Sir William Duke moved that the Secretary be directed to renumber the clauses and sub-clauses of the Bill in consecutive order, and to make corresponding alterations in all cross-references thereto.

The motion was put and agreed to.

LIST OF BUSINESS—ITEM No. 6.

The Hon'ble Sir William Duke moved that the Bengal Excise (Amendment) Bill, as settled in Council, be passed.

The motion was put and agreed to.

*Resolutions.**Dr. D. P. Sarbadhikari; Babu Surendra Nath Ray; Sir William Duke.***LIST OF BUSINESS—ITEM No. 7.***(Under the rules for the discussion of matters of general public interest.)*

The following resolution stood in the name of the Hon'ble Dr. Deba Prasad Sarbadhikari.—

This Council recommends to the Governor in Council that steps be taken, in consultation with the Bengal-Nagpur Railway Company, to cut a canal from Kana Darkessar to Sarda Khal at a suitable point with a view to—

- (i) minimising, if possible, the disastrous results of flooding in and about the Bogua spill area, in the districts of Burdwan and Hooghly, and
- (ii) facilitating a straight run for the proposed Bistupur-Howrah Chord Line.

He said :—

"My Lord, when I came to the Council Chamber, I came determined to ask your Excellency to allow my resolution to stand over for the present. Having regard to the present situation I do not think that it will be possible for Government to give effect to my resolution even if it is carried. Since then I had an opportunity of talking matters over with the Hon'ble Colonel Lotbinière and the Hon'ble Mr. Beatson-Bell, who told me that the matter was already under the consideration of Government with a view to steps being taken to alleviate distress in the affected areas in the Burdwan and Hooghly districts. Therefore, with your Excellency's permission, I would withdraw the resolution."

The resolution was then, by leave of the President, withdrawn.

LIST OF BUSINESS—ITEM No. 8.

The following resolution stood in the name of the Hon'ble Babu Surendra Nath Ray.—

This Council recommends to the Governor in Council that a City Civil Court, separate from the Calcutta High Court, be established in Calcutta for the trial of suits valued at rupees ten thousand or under, or of such other valuation as the Government may think proper, which may be instituted within the original civil jurisdiction of the said High Court, and that Government be pleased to take the necessary steps for the early establishment of such a City Court.

He said .—

"My Lord, I have been requested by some of my hon'ble colleagues in the Council to ask your Excellency to allow me to postpone moving this resolution till the next meeting. The establishment of a City Civil Court will be an improvement to the City of Calcutta. But my friends say that as we are now passing through anxious times, the discussion of the resolution may be postponed to a later date especially as many of my friends have not had time enough to study the question, and I do not want to divide their time and attention now by rushing my resolution through the Council. I hope your Excellency will allow me to move this resolution at the next meeting of the Council."

The Hon'ble Sir WILLIAM DUKE said .—

"My Lord, as the Hon'ble Member has given certain definite reasons based upon public grounds why the resolution should not be fully discussed to-day, I will not oppose the adjournment. But I express the hope on behalf of Government that this resolution, which has already been once adjourned, will be disposed of when it next comes up."

*Resolutions.**Dr. Nilratan Sarkar ; the President.*

The resolution was then, by leave of the President, postponed to the next meeting of the Council.

LIST OF BUSINESS—ITEM No. 9.

The following resolution by the Hon'ble Surendra Nath Ray was postponed, at his request, to the January meeting of the Council.—

This Council recommends to the Governor in Council that a Board of Education (to consist of official and non-official members) be formed for the purpose of the administration of primary and secondary education in this Presidency.

LIST OF BUSINESS—ITEM No. 10.

The following Resolution stood in the name of the Hon'ble Dr. Nilratan Sarkar —

This Council recommends to the Governor in Council that every mufassal dispensary be furnished with a fully equipped clinical investigation room.

He said —

"My Lord, with your permission, I wish to withdraw the resolution, for I recognize that in these times there are far more important matters requiring the attention of Government than equipping mufassal dispensaries and hospitals with up-to-date appliances."

The resolution was then, by leave of the President, withdrawn

The President's Address.

The PRESIDENT said :—

"Gentlemen,—we have got through the business for which we were summoned ; but before adjourning, I think it is perhaps right that I should say one or two words about the general position with regard to Bengal and what is going on in other parts of the world. There is not much that I need say. The position has not changed very much in its general features since the last time we met here. We thoroughly realize what war actually means. It causes dislocation to trade and commerce, and all the usual occupations of mankind. I think it is most satisfactory to see, in regard to this, that although in no country does war paralyse trade so much as in England, such dislocation lasts for a shorter time there than in any other country. It is gratifying to all of us to see how the people of Bengal have realized their position and are trying to adapt themselves to the altered conditions.

I need hardly refer to the larger aspects of trade and commerce. They are not matters with which my Government have much to do, for they are more the concern of the Government of India. But I think that those who are engaged in commerce can realize all that Government are doing. We all realize the splendid way in which the commercial community are bracing themselves to meet the effects of the present state of affairs, and are doing their best to help the Government and the people. We certainly recognize that. I think that everybody knows now that what is good for Calcutta is good for the whole of Bengal. We know that ships are not available now to take away our produce. It was not anticipated at first that there would be so much difficulty in obtaining tonnage, and most of the people in Calcutta hope that there will soon be more ships available to take away our exports. Trade has had a bad set-back and is not brisk, but as soon as tonnage can be secured trade will revive. I do not know when the end of the present shortage of tonnage is coming, but the end must come some time, and the ships will eventually be procured. But I fear that things

*Adjournment.**The President.*

will get worse before they get better. As regards the smaller traders, we now hope that the jute cultivators now realize that there is no reason why their crops should not be cut, and we trust that, owing to the wise advice given to them, those crops will certainly be cut.

We are also glad to recognize that many gentlemen are beginning to realise that attempts should be made, whether by way of reviving old industries or starting new industries, to add to the prosperity of Bengal. Very many are asking whether Government will not encourage that sort of thing. Well, so far as Government can encourage this, I am sure Government will do it; but we must remember that the Government cannot go beyond their proper province. We must be content at first with small results, and perhaps those who have money to invest must not expect too much profit. Those who have energy to put into the work must be glad to see their energies successful, but they cannot hope for success on a very large scale at first.

I think there is one matter to which reference seems to be necessary, and that is the rise in the price of food stuffs. As you all know, we have appointed an Advisory Food Committee in Calcutta which is doing its best to look into the matter, and I am glad to say that up to now nothing very unsatisfactory at any rate has happened. The rise in prices has not been very great, and in some cases the prices are even lower than usual. But one thing Government have done. They are taking care that the prices in Calcutta should be made known to the district officers weekly, so that they may deal with unnecessary rises in country produce.

Fears have been expressed by some people that there may be trouble owing to the shortage of the demand for labour in mills, but I may say that my Government are quite prepared for that, for the Chamber of Commerce and the proprietors of mills have kindly promised to give us all information in their power, so that we may be prepared for any disturbance that may be likely to happen. I think that the distribution of police forces is such that we can deal with any emergency in any district, and that there would be no difficulty in mobilising an extra force, if necessary.

There is one other matter to which I might refer. I have great pleasure in saying that there are some Indian gentlemen of standing who have promised us their services as special constables in the event of peculiar circumstances arising which might necessitate their being called upon. I believe that hitherto it has been thought that Indian gentlemen have not usually been willing to assist the police in this way. But I am glad to say that there are some of the most respected of our Indian fellow citizens, some members of this House, who are perfectly willing to come to our assistance and serve as special constables. I further take this opportunity of acknowledging how much Government owe to some English gentlemen who, as special constables, have given us help in dealing with German and Austrian subjects who unfortunately find themselves in Bengal at the present moment. I need hardly say much more except to thank everybody who has tried to keep Government informed of the state of affairs and to dispel unnecessary fears among the people. I think it ought to be widely known that Government are doing their best to keep a watch on what is happening, and that, if any emergency arises, Government are prepared to meet it.

Adjournment..

I now adjourn the Council *sine die*."

The Triennial Report on the Working of the Hospitals and Dispensaries under the Government of Bengal for the years 1911, 1912 and 1913

Colonel G. F. A. Harris, C.S.I., I.M.S., held charge of the office of Inspector-General of Civil Hospitals during the triennium and has since been

gazetted as Surgeon-General with the Government of Bengal with effect from 1st April 1912. During his absence on seven months' leave in 1913 Colonel W. R. Edwards, C.M.G., I.M.S., acted for him.

The report shows a steady record of progress throughout the triennium, though the administrative changes which came into force on 1st April 1912 vitiate any comparison with previous reports in respect of the Province as a whole or mufassal dispensaries. As regards the staff, the most important change was the improvement in the pay and prospects of Assistant Surgeons following on a similar improvement in the case of Sub-Assistant Surgeons. A scheme was started, which has proved an unqualified success, for the post-graduate training of non-service medical officers in the Government schools to enable them to keep their medical knowledge up to date and a system of House Surgeons and House Physicians was inaugurated at the Campbell Hospital. Lieut.-Colonel Sutherland, I.M.S., was deputed by the Government of India to instruct officers in the technique of distinguishing human from other mammalian blood and his appointment has recently been sanctioned for a period of two years in the first instance. Increased attention was paid to nursing both in the Calcutta and mufassal hospitals and under the auspices of Her Excellency Lady Carmichael definite steps have been taken to train nurses systematically with a special view to their employment in mufassal hospitals.

The interests of medicine generally were advanced by the introduction of the Medical Registration Bill which became law after the close of the period under review and by the maturing of the scheme for a Tropical School of Medicine in Calcutta which is now under construction. Government have devoted considerable attention to the encouragement of the medical profession outside the ranks of the I.M.S. and the newly-created Professorship of Anatomy was reserved for them. Three of the house appointments at the Mayo Hospital and seven of those at the Medical College Hospital were filled by medical men outside the ranks of Government service; the experiment has not been very successful chiefly owing to the impatience of discipline shown by the young and inexperienced medical men appointed and, in view of the fact that other provinces have declined to try the experiment, it will be necessary for Government to reconsider the situation unless matters improve. A scheme was also developed and has, since the close of the period under review, been brought into operation whereby four honorary medical officers are appointed each to the Sambhu Nath Pandit Hospital and the Mayo Hospital and the result will be watched with great interest.

Calcutta Hospitals and Dispensaries.—In the review of the last triennial report it was stated that nearly 32 lakhs of rupees had been spent on buildings and repairs to the Calcutta hospitals during the six previous years and a warning was given that the abnormally heavy drain on Provincial resources could not continue. In the period under report minor improvements were made in most of the hospitals; a surgical ward was built at the Sambhu Nath Pandit Hospital from the donations given by Babu Dhanpat Singh Nawlakha (Rs. 25,000), Babu Behari Lal Mitter (Rs. 10,000) and grants from the Minto Fancy Fête Fund and Government; a children's ward at the Eden Hospital from funds provided by the executors of the late Nistarini Das, an outdoor dispensary (from the Kanai Lal Sena bequest), and the King Edward operation-room (from the King Edward Memorial Fund) at the Howrah Hospital. There are, however, still many urgent wants unsatisfied which Government, with due regard to the interests of other departments of administration and other parts of the Province, can only meet gradually. Government have provided 5 lakhs towards the cost of the Tropical School of Medicine and have undertaken the acquisition of a site for a new Eye Hospital at a cost of over 3 lakhs. It is sometimes forgotten by critics who press on Government the early completion of medical schemes for Calcutta that Calcutta hospitals serve only a fraction of the total population of the Province and that without special taxation Government are unable to undertake the burden of providing medical relief except for the very poor. The question of the abuse of free hospitals by those who can afford to pay for their treatment has recently attracted considerable attention and

Government have only been deterred from taking stringent action in the matter by the inadvisability of doing anything that might hinder the growth of popularity of European systems of medicine and treatment. The maintenance charges of Calcutta hospitals grow steadily year by year and amounted to Rs. 18,21,554 in 1913. The income of class I (State) hospitals was Rs. 11,07,950 in 1913, of which 71·14 per cent consisted of Government grants. The Government grants to classes III and IV amounted to 29·68 of their total income. Subscriptions and donations from Indians amounted to 1·13 per cent. of the total income and those from Europeans to 1·47. As long as this apathy on the part of the general public of Calcutta continues in respect of their hospitals it can hardly be expected that Government should add to the inevitable burden of the charges which already fall upon the general taxpayer.

The average yearly number of in-patients treated at the Calcutta hospitals was 31,015, against an average of 27,970 in the previous triennium, and the increase was a steady one spread over the whole period and shared in by nearly all the hospitals. The number of beds has increased by 175, owing chiefly to the opening of the Prince of Wales's Hospital, surgical wards at the Sambhu Nath Pandit and Dufferin Hospitals and a children's ward at the Eden Hospital. A very satisfactory feature of the period was the continuous decline in the mortality rates, 12·16, 11·32 and 10·95 in 1911, 1912 and 1913, respectively, following an equal decrease in the previous triennium. Great attention has been paid to the nursing and the staff has been increased all round; there is still room for a further increase to lessen the strain on the existing staff, but this is not only a question of expense but also one of accommodation. The Calcutta Nursing Association provides nurses for the Presidency General, Medical College and connected hospitals, including the Eden, Prince of Wales Ezra, Eye, Isolation and Indian Paying Patients' hospitals and the Government grant to this Association last year was Rs. 75,000 on a basis of treble the subscriptions received from other sources with a maximum of Rs. 75,000. If the resources of this Association can be expanded, it will be easier to increase the number of qualified nurses so that each will only have the amount of work that can be done efficiently. In the Sambhu Nath Pandit Hospital, the ladies of the Calcutta Ambulance Association attend regularly and assist in dressing, etc., in the out-patient department, and the Superintendent reports that the improvement effected by them not only in minor surgical relief but in the general standard of cleanliness and order is very great. His Excellency desires to take this opportunity of thanking these ladies for the very great assistance they have rendered at a cost of considerable sacrifice to themselves.

The number of out-patients continued to rise in the same way as that of in-patients and the total in 1913 was 322,652 against 318,016 in 1910. The largest increase was in the Medical College Hospital and the considerable increase in the Sambhu Nath Pandit Hospital was no doubt due to the increase of popularity owing to the services of the Calcutta Ambulance Association already referred to.

Charitable Dispensaries outside Calcutta—At the beginning of 1911 there were 591 dispensaries in the area contained in the present Province of Bengal; at the end of the triennium the number was 619, consisting of 23 State Public, 42 State Special, 93 Municipal, 205 District Board, 7 Local Fund, 74 Private aided, 132 Private non-aided and 43 Railway dispensaries. The increase is satisfactory, but it is very slow, and the average area to each dispensary is far too large to admit of medical attendance being available to the bulk of residents in the mufassal. His Excellency in Council is glad to note the decision of the District Board of Bogra to open one new dispensary each year and trusts that this example will be followed by other local bodies. The main obstacle is the question of funds and while Government are willing to assist with capital grants in special cases as far as the funds at their disposal allow, the burden of providing medical attendance is one that properly falls on local funds and the recent surrender to District Boards of the proceeds of the Public Works Department cess should give a considerable stimulus to

the extension of medical relief, and His Excellency the Governor in Council trusts that the present triennium will be marked by a great expansion in this direction

The number of in-door patients steadily rose from 49,428 in 1911 to 58,284 in 1913, and the number of beds available rose from 3,509 to 3,753. There are nurses at present only in the Victoria Hospital, Darjeeling, the Berhampore Hospital, Inambara Hospital at Hooghly, the Burdwan Fraser and the Cluttacong General Hospitals; in other places the nursing is still left to ward coolies and the relatives of patients. Wherever nursing has been started it has been an unqualified success and has increased the popularity of the hospital and nursing is perhaps the most crying medical want throughout the Province. There are many difficulties in the way; the expense of the staff and the necessary accommodation for them; the difficulty of obtaining the right stamp of nurses and training them, and perhaps not least the difficulty of arranging for their supervision both in and outside the hospitals. Under the auspices of Her Excellency Lady Carmichael a determined effort is now being made to tackle the question; training classes will be opened at Darjeeling, Kalimpong, Sambhu Nath Pandit Hospital and Dacca and every effort has been made to attract a suitable class, those who qualify will receive certificates and an association has been formed which will look after the certificated nurses and endeavour to provide for their welfare when they join mufassal hospitals. It is hoped that gradually the system of nursing will extend, but it is recognised that it is essential that the nurses should be properly qualified and it is impossible therefore to supply them in large numbers at once.

The number of out-patients treated rose from 4,725,609 in 1911 to 5,125,561 in 1913 and medical relief, indoor and outdoor, was provided to 11.91 per cent of the population against 9.5 in 1910. The expenditure of class I, III and IV institutions rose to Rs. 9,92,962 in 1913, and the income was Rs. 10,89,380, of which Government contributions amounted to 20.97 per cent. in comparison with 15.5 per cent in 1910; subscriptions did not show an equal advance and while the grants from District Boards increased, those from municipalities show a considerable decline.

The thanks of His Excellency the Governor in Council are due to Surgeon-General HARRIS, C.S.I., I.M.S., for his efficient administration of the Department.

By order of the Governor in Council,

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

**IMPROVEMENT OF PAY, PROSPECTS AND TRAVELLING
ALLOWANCE OF KANUNGOS IN BENGAL.**

REVENUE DEPARTMENT.

MISCELLANEOUS.

CALCUTTA, THE 31ST AUGUST 1914

RESOLUTION—No 8518Ms

THE Governor in Council has for some time had under consideration the question of improving the position of Kanungos in Bengal in respect of their pay, prospects and travelling allowance. The existing rates of pay which were sanctioned in 1881 compare unfavourably with those of other services which have been reorganized within recent years, and the system of grade promotion which is in force within each division, has led to considerable inequalities and not unjustifiable discontent. His Excellency in Council has accordingly decided that, in order to attract a better and more efficient class of candidates, to widen the field of selection, and to secure a more even flow of promotion, the Kanungo service will in future be on a time-scale of pay instead of on graded pay, and directs that with effect from

Years of approved service—		Rs
1 to 4 years	.	60 a month
5 to 8	.	70
9 to 12	..	80
13 to 16	...	90
17 to 20	..	100
21 to 24	.	110
25 and upwards	.	120

1st September 1914 Kanungos in this Presidency will draw pay on a time-scale of Rs 60 per mensem rising by quadrennial increments of Rs 10 to Rs 120 per mensem, as noted on the margin. Increments, when they fall due, will be granted only with the sanction of Commissioners of Divisions who are authorized and expected to withhold the whole or a portion of the increment in any case if they think fit. Incre-

ments should not be granted as a matter of routine, and the full increment should not be allowed, unless a Kanungo's work has been thoroughly satisfactory.

2 The sanctioned number of Kanungos at present employed on revenue work in this Presidency is 54, and is distributed as follows among the several divisions —

Burdwan Division	11
Presidency	16
Dacca	11
Chittagong	5
Rajshahi	8
Total	51

The pay of existing Kanungos on the time-scale will be fixed by Commissioners with reference to the merits of individual officers. As one of the main objects of improving the pay and prospects of Kanungos is to attract a better class of candidates, it is not intended that all existing incumbents should necessarily be allowed the full advantages of the new scale. Incompetent officers, who are on the eve of retirement, need not be admitted to the new scale at all. In the case of other officers the maximum pay admissible will be that due under the time-scale, counting from the date of their permanent appointment as Kanungos, but Commissioners are authorized to fix lower rates of pay in the case of Kanungos whose work and qualifications are not wholly satisfactory.

3. The appointment, distribution and posting of the staff of Kanungos in each division will be left as hitherto to the discretion of the Commissioner, who will be guided by the requirements of each district, which vary from time to time. All orders regarding such distribution and postings should in each instance be communicated to the Accountant-General, Bengal, and to the District Officers concerned with particulars of the pay drawn at the time by the Kanungos. The bills on which the charges on account of salaries of Kanungos are drawn should be countersigned by the District Officer before payment.

4. Kanungos who have done exceptionally good work will be eligible for promotion to the Subordinate Civil Service, and His Excellency in Council desires that whenever possible the services of efficient and deserving men should also be utilized as Managers and Sub-Managers of Government and Wards' Estates.

5. Kanungos in this Presidency are, under the sanction accorded by the Government of India, in their letter No. 1655—385-2, dated the 20th October 1913, permitted to draw travelling allowance at the rates ordinarily admissible under the Civil Service Regulations without the restriction contained in entry No 9 of Appendix 20 to the Civil Service Regulations. These orders do not affect Kanungos employed in the district of Bakarganj, who are in receipt of fixed monthly travelling allowances at the rates laid down in Appendix 20 to the Civil Service Regulations.

6. Revised orders regarding the qualifications and training of candidates for Kanungoships are under consideration and will be issued in due course.

By order of the Governor in Council,

J. H. KERR,

Secretary to the Government of Bengal.

**RESOLUTION ON THE ANNUAL REPORTS OF THE
VETERINARY COLLEGE AND OF THE CIVIL VETERI-
NARY DEPARTMENT, BENGAL, FOR THE YEAR 1913-14.**

REVENUE DEPARTMENT.

AGRICULTURE.

CALCUTTA, THE 8TH SEPTEMBER 1914

RESOLUTION—No 8887

READ—

The Annual Reports of the Veterinary College and of the Civil Veterinary Department, Bengal, for the year 1913-14, with the Director of Agriculture's review thereof

1. The post of Principal of the Bengal Veterinary College was held by Major Smith throughout the year, while Mr P. J. Kerr was Superintendent of the Veterinary Department, Bengal, except for the period from the 20th November 1913 to the 22nd February 1914, when he was on leave, and Major Smith held charge of the current duties of the office of the Superintendent in addition to his own duties. Mr A. D. Macgregor MRCVS, on his appointment to the Indian Civil Veterinary Department, was posted for training to the Bengal Veterinary College, which he joined on the 30th March 1914. Major Smith was on tour for 20 days, and Mr Kerr for 75 days, during which he visited all the districts of the Presidency except three.

2. There was a further slight decrease in the number of students at the College during the year—the number on the roll at the end of the session being 91, of whom 76 were stipendiary students, as against 99 in the preceding year, including 88 stipendiary students. The falling off in the attendance at the College is due partly to the reluctance of most District Boards to increase the Veterinary staff in their employ, and partly to the inadequacy of the prospects open to the lower branches of the Veterinary Service. Measures for removing both these obstacles are under the consideration of Government. The results of the year's work were, on the whole, satisfactory. Twenty-five students graduated from the College at the close of the year, the percentage of passes at the final examination being 73.53 as compared with 67.5 in 1912-13. The Board of Examiners has, however, again very strongly represented that the teaching staff at the College is inadequate to give a proper training in vaccine therapy and in the theory and practice of preventive inoculation. The matter is one of grave importance, as the chief duty of the majority of the graduates of the College in their active careers is the prevention and control of infectious diseases. The Governor in Council has accordingly submitted to the Government of India proposals for increasing the staff of the College, so as to enable it to keep abreast of the modern developments of veterinary science.

3. The Raymond Research Laboratory at the College continued to do useful work in the diagnosis of contagious and obscure diseases. The popularity of the institution is increasing, and cases were sent for examination not only by the Provincial Veterinary Departments, but also by local private practitioners, both European and Indian, and by the general public. The examination of pathological specimens and the conduct of autopsies continue to increase in number. Materials were supplied to Colonel W. D. Sutherland, Imperial Serologist, Lieutenant-Colonel Sir Leonard Rogers and Sir John McFadyean for their work. One Veterinary Assistant from the Central Provinces and another from Travancore attended the Post-graduate Course at the Laboratory.

4. The report of the Civil Veterinary Department shows that 13,136 deaths of animals from contagious diseases were reported during the year against 8,087 in the previous year. The number of deaths amongst equines

from the principal contagious diseases fell from 373 in the previous year to 279, while the number of deaths amongst bovines increased from 7,637 to 12,847. The increase in the latter case is attributed partly to the fact that underpest was more prevalent during the year than in the preceding year and partly to better reporting of outbreaks. There were 10,318 deaths amongst bovines from underpest alone against 5,154 in the preceding year. The disease appeared in a somewhat virulent form in the districts of Burdwan, Midnapore, Hooghly, the 24-Parganas, Dacca, Mymensingh and Pabna, but great difficulties were experienced in coping with it, owing to a shortage in the supply of serum on account of the breakdown in the machinery at the Mukteswar Laboratory, and to the heavy floods which occurred in the first three districts, where the work was practically at a standstill for several months. The mortality would have been much greater, but for the excellent results of preventive inoculation in cases in which serum was available. In the area outside Calcutta and its suburbs, the Department dealt with 210 outbreaks of the disease which caused the death of 3,204 un inoculated animals, while out of 23,836 animals which were inoculated, only 159 or 0.6 per cent. died. Similarly there were only 6 deaths among 5,557 animals inoculated for hæmorrhagic septicæmia. In Calcutta and its suburbs 56 outbreaks of underpest which occurred mostly during the latter part of the year were promptly attended to by the staff of the Bengal Veterinary College. Inoculation was performed in 1,911 cases, of which only 32 or 1.6 per cent. died.

The Governor in Council notices with satisfaction the improvement which is taking place in reporting the outbreak of infectious and contagious diseases among cattle. Under arrangements recently made such outbreaks will be reported not only by the police, but also by touring officers of the various Departments of Government and by the Presidents and collecting members of village panchayats, who have been supplied with post-card forms for the purpose. The reports are now sent not only to the local Veterinary Assistants, but also to the Chairman of the District or Local Board concerned, who is thus enabled to call promptly for any further assistance which may be required from the Superintendent of the Civil Veterinary Department. These arrangements should greatly increase the opportunities of the Department for exercising its beneficent functions in staying the course of dangerous epidemic diseases.

5. During the year under report the itinerating Veterinary Assistants visited 9,810 villages and treated 50,598 patients, as against 10,409 villages and 52,705 patients in the previous year. The slight decrease is attributed partly to the fact that foot-and-mouth disease was less prevalent during the year, and partly to the unusually severe outbreaks of underpest and hæmorrhagic septicæmia in many districts owing to which the time of the Veterinary Assistants was fully taken up with the more important duty of inoculation.

The Superintendent of the Veterinary Department has drawn the attention of Government to the reluctance on the part of many District Boards to employ Additional Veterinary Assistants, who are urgently required, and in view of the material addition lately made to their funds by the surrender of the entire Public Works cess, the Governor in Council trusts that District Boards will co-operate whole-heartedly with the Superintendent in the matter.

6. The administration of the Glanders and Farcy Act was conducted smoothly during the year. In Calcutta and its neighbourhood, about 4,000 stables were inspected in the area under the Act, and the disease was detected in nine stables. In the mufassal 194 deaths were reported against 260 in the preceding year. One hundred and fifty-eight deaths occurred in the Sodepore Pinjrapole, but there were severe outbreaks also at Mymensingh and Rangpur.

The maximum amount of compensation payable for each animal destroyed under the Glanders and Farcy Act was Rs. 100 in the districts in East Bengal and Rs. 50 in West Bengal. The amount has now been fixed by Government at Rs. 100 for the whole Presidency, and it is hoped that the increased rates of compensation will induce owners to report cases promptly.

and so assist in the stamping out of the disease. The amount paid as compensation during the year was Rs 1,339 as compared with Rs. 282 in the previous year.

7. No new dispensary was opened during the year. The total number of patients treated at the existing 18 dispensaries was 21,503 as against 22,106 in the preceding year. The proposal for the establishment of a dispensary at Bakarganj mentioned in the last year's Resolution has been temporarily abandoned, as the District Board have decided not to undertake the work for the present. The establishment of a Veterinary hospital at Dacca has however been sanctioned, and the building work will be taken up shortly.

8. The number of animals sent to the College Hospital for treatment in connection with cases under the Prevention of Cruelty to Animals Act in Calcutta still continues to be small in comparison with the number of prosecutions instituted. The Governor in Council has recently drawn the attention of Magistrates in Calcutta and Alipore to this matter, and has pointed out the futility of punishing owners in cruelty cases by nominal fines without taking advantage of the provisions of the Act, under which animals may be sent to the hospital for medical treatment. It is reported that unfit animals are frequently put to work again immediately after the conclusion of the criminal proceedings. His Excellency in Council hopes that trying Magistrates will cease to regard their duties under the Act as completed when they have punished the owner in fault, and that they will make a reasonable use of their powers to send disabled and diseased animals to the hospital for treatment before they are allowed to resume work.

9. The Superintendent of the Civil Veterinary Department again remarks on the indifference displayed by cattle-owners and the cultivators generally to the efforts which are being made to improve the breed of cattle in this Presidency. It is reported that very little advantage is taken of the stud bulls serving in the various districts, which are the property of the Jail authorities or of the District Boards. His Excellency in Council desires again to impress upon the officers of the Agricultural Department the urgent need for utilizing every opportunity of explaining and demonstrating the benefits that may be derived from the improvement of the live-stock of the country. It is hoped that the cattle farm, which has recently been established at Rangpur, will yield results which will convince the cultivators that it will pay them to devote attention to the improvement and proper care of their cattle.

10. The Governor in Council desires to acknowledge the excellent work done during the year by Major Smith, the Principal of the Bengal Veterinary College, and by Mr. Kerr, Superintendent of the Veterinary Department. His Excellency in Council notices with regret the remarks made by Mr. Kerr regarding the apathy and failure to appreciate their responsibilities displayed by many of the Veterinary Assistants. The improvement of the pay and prospects of the service, when sanctioned, should attract a better class of men, and the services of those who continue to be wilfully inefficient should be dispensed with. The Governor in Council observes with pleasure that the work done by the Inspectors and by the staff of the Bengal Veterinary College was generally satisfactory.

By order of the Governor in Council,

J. H. KERR

Secy to the Govt of Bengal.

GOVERNMENT OF BENGAL.

POLITICAL DEPARTMENT.

NOTIFICATION.

No. 7814P.—The 8th September 1914.—In exercise of the powers conferred by section 12, sub-section (1), of the Indian Press Act, 1910 (I of 1910), the Governor in Council hereby declares all copies, wherever found, of the printed leaflet in the Bengali language headed "Om Bande Mataram. Yugantar ! Yugantar ! ! Yugantar ! ! ! Tora sabai manush ha." (All ye become men), and commencing with the words "Yada Yada hi dharmasya glani bhavati Bharata abhyutthanam adharma-sya, &c.," (Oh Bharata ! When the Dharma is on the decline and unrighteousness is in the ascendant, &c.), and ending with the words "Aa shona adosh—uttisthata, Jagrata. Prapya Baran nibodhata. Bhadra—1321" (Hark the order.—Awake, arise, receiving boon be enlightened. Bhadra 1321), to be forfeited to His Majesty on the grounds that the said leaflet contains exhortations to rebel against the British Government and to commit murder, and it appears to the Governor in Council that the said leaflet contains words which are likely to incite to acts of violence and to excite disaffection towards the Government established by law in British India.

- (iv) Embankment Act, II (B.C) of 1882
- (v) Sanitary Drainage Act, VIII of 1895
- (vi) Rules made under these Acts

C

The examination in cases

The record of a case such as ordinarily comes before a Canal Officer exercising magisterial powers will be selected by the President of the Examination Committee. The record of the case should consist, as far as possible, of documents recorded in the Court vernacular of the place in which the candidate is employed. The case should not be of special difficulty, and, in selecting it, it should be remembered that officers will only exercise magisterial powers under Bengal Act, III of 1876 (Bengal Irrigation Act).

The record will be read out to candidates by an Indian official. Where possible, the case will be read to each candidate separately, or to small batches. The candidate must write his notes of evidence as the reading proceeds, as he would do were he actually trying the case. At the conclusion of the case the candidate, who may refer to his books, must write (Europeans in English, natives of India in Hindustani, Bengali or English, as they prefer) a judgment on the question or questions at issue, with a statement of reasons. The Examination Committee will merely state their opinion on the merits of each candidate's judgment and not transmit this part of the proceedings

Officers will be allowed to pass separately in either of the papers A or B or in the case C. Passing marks in each subject will be 50 per cent.

4. The following table shows the particulars of marks assigned to each subject and the time allowed :—

SUBJECT OF EXAMINATION.	Maximum marks	Pass marks.	Time allowed.
Law paper "A"	120	60	3 hours
Do. "B"	120	60	3 do
Examination in cases ..	120	60	To be determined by the Local Examination Committee

Examination in Vernaculars

5. Subject to the proviso that no Indian member of the Provincial Engineer Service is liable to examination in a language which is his own vernacular, officers of the Public Works Department are required to pass the examination in Bengali by the Lower Standard within two years of joining their appointments in India. They are also required to pass an examination in Hindi by the Higher Standard by the colloquial test within four years of joining their appointments in India. If they fail to do so their increments of pay will be withheld till they pass the examination.

Officers may also, if they so wish, go up for the Higher Standard examination in Bengali within five years of joining their appointments in India.

On an officer passing the Lower Standard examination the fact should be noted in the Classified List and the letters "LS" should be placed against his name.

6. Officers of the Public Works Department, who pass the Lower Standard examination in Bengali within the time prescribed, viz., two years, are entitled to a reward of Rs 80

Those who pass the Higher Standard in Hindi by the colloquial test within four years are also entitled to a reward of Rs 80

Those who pass the Higher Standard in Bengali within five years are entitled to a reward of Rs 120

Indian officers are eligible for the same reward for passing in a compulsory examination in a vernacular language which is not allied to his mother tongue.

7. Two grades of examination in Bengali are recognized, viz., (I) the Higher Standard and (II) the Lower Standard

8. The examination specified in grade I above, and the Lower Standard examination specified in grade II above, will be held under the direction and control of the Central Examination Committee

9. The following are the tests prescribed for the two grades of examination —

Grade I—The Higher Standard of Departmental Examination.

A.—Dictation A passage from some official paper in Bengali will be read out to the candidates by a Bengali, and they will be required to write it down in Bengali character with fair accuracy

B.—A written translation from the vernacular into English

The paper should contain passages from an unseen official document.

C.—A written translation from English into the vernacular—

A brief passage from an English judgment * or other official document of a somewhat difficult nature, selected by the Central Examination Committee, shall be translated into the vernacular by the examinee without assistance and in a generally correct manner.

D.—*Viva-voce* examination in the vernacular—

(i) The examinee shall be tested in conversation with several Indians of various classes in such a manner as to satisfy the Examination Committee of his power of making himself understood by

* "The judgment or other official document" will, if possible, relate to matters with which officers of the Public Works Department are likely to have to deal

them, and of explaining himself with clearness and sufficient propriety in the vernacular in an argument or topic of some difficulty

- (ii) The examinee will be called upon to read with fair fluency and explain in English to the Examiners three papers written by different persons in a plain running hand

NOTE.—It is not necessary that each candidate should translate the same piece just as it is not necessary that the oral examination of each should involve the same conversation

10 The maximum and the pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined.—

SUBJECTS OF EXAMINATION	Maximum marks	Pass marks	Time.
A.—Dictation	20	10	$\frac{1}{2}$ hour.
B.—Translation from Vernacular	20	10	2 hours.
C.—Ditto English	20	10	2 do
D—(i) <i>Viva-voce</i> Examination	20	10	} 15 minutes.
(ii) <i>Viva-voce</i> Examination	10	5	

Grade II—The Lower Standard of Departmental Examination.

11. For this examination the tests shall be the same as the above, but the papers shall be less difficult. The proportion of marks to be obtained in order to pass, and the time allowed for the papers, shall be the same as for the Higher Standard above described. The principal object of this examination shall be to test the proficiency, for practical purposes, of the examinee in such language

12 No Indian officer (these rules notwithstanding) shall be liable to examination in a language which is his own vernacular. The Superintending Engineers in submitting the lists of intending examinees to the Public Works Department will consider each case, and, on satisfying themselves, may exempt the candidate from examination in such language, reporting their reasons for doing so to Government

13 Assistant Engineers should, on arrival in the country, be employed in such a manner as will afford them the experience of work necessary to enable them to pass the examinations laid down in the preceding paragraphs. Cases may however, occur in which, owing to the exigencies of the public service, illness, or want of time, or opportunity for convening a committee, an officer may not be able to pass the examinations in question within the prescribed period. In such cases an officer may, at the discretion of Government, be afforded a reasonable extension of time up to a limit of one year, and if he passes within this further period no penalty should be enforced. Should, however, he fail to pass within the extended period his increments should be withheld as directed in the preceding paragraphs until such time as he passes. Government may, however, at its discretion, restore an officer whose increments have been withheld to the position in the incremental scale which he would otherwise have held. The officer will not ordinarily be refunded the actual pay he has lost owing to increments being withheld, but will merely be restored to the pay he would have drawn but for his failure to pass the examinations within the prescribed period. In very special cases however, Government reserve the right to refund the pay lost for not passing the examinations within the extended period.

An officer of under 12 years' service who is transferred from another province where a different vernacular is current from the one prescribed for Bengal to this Presidency, may, at the discretion of Government, be required to pass the Lower Standard in Bengali within two years and the Higher Standard in Hindi by the colloquial test within four years of such transfer, and should he fail to do so he will be liable to the loss of further increments until he has passed.

No 9185.—The following Royal Proclamation is published for general information:—

By the King

A PROCLAMATION

PROHIBITING, UNDER SECTION 8 OF "THE CUSTOMS AND INLAND REVENUE ACT, 1879," THE EXPORTATION FROM THE UNITED KINGDOM OF CERTAIN WARLIKE STORES, PROVISIONS, AND VICTUAL.

GEORGE, R. I

WHEREAS by the 8th Section of "The Customs and Inland Revenue Act, 1879," it is enacted that WE may, by Proclamation or Order in Council, prohibit the exportation of, amongst other things, any articles which WE shall judge capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions or any sort of victual which may be used as food for men

And whereas by Our Proclamation dated the 3rd August 1914, effect was given to the provisions of the above-recited section of the said Act of Parliament as regards the exportation of any articles which WE judge capable of being converted into or made useful in increasing the quantity of military or naval stores by the prohibition of the exportation from the United Kingdom of certain military and naval stores as therein more particularly set forth.

And whereas by Our further Proclamation dated the 5th August, 1914, further effect was given to Our said Proclamation of the 3rd August 1914, by the prohibition of the exportation from the United Kingdom of "Forage, and food of all kinds for animals"

And whereas by Our said further Proclamation dated the 5th August, 1914, WE, in further exercise of the power conferred by the above-recited section of the above Act of Parliament, did prohibit the exportation from the United Kingdom of "provisions and victual of all sorts which may be used as food for men".

And whereas, WE, by and with the advice of Our Privy Council, deem it expedient that certain additions should be made to the list of articles comprised in Our said Proclamations, dated respectively the 3rd August, 1914, and the 5th August, 1914, so far as relates to articles which WE have judged capable of being converted into or made useful in increasing the quantity of military or naval stores.

And whereas, WE, by and with the advice of Our Privy Council, do also deem it expedient more exactly to define what is prohibited to be exported by Our Proclamation dated the 5th August, 1914, under the terms "provisions and victual of all sorts which may be used as food for men".

Now, WE, by and with the advice aforesaid, do hereby order and direct that from and after the date hereof, the following additional goods, being articles which WE have judged capable of being converted into or made useful in increasing the quantity of military or naval stores, that is to say:—

RULES FOR THE GUIDANCE OF PRIVATE CANDIDATES FOR THE MATRICULATION EXAMINATION OF 1915.

THE following rules for the guidance of private candidates for the Matriculation Examination are published for general information

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bond fide* school-masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned against it —

Name of School	Date of Test Examination
1. Comilla Zilla School	7th, 8th, 9th and 10th December 1914
2. Noakhali Zilla School	Ditto.
3. Chittagong Collegiate School ...	Ditto
4. Rangamati High English School	Ditto

Each private student will pay a fee of Rs 2 to the head of the institution in which he appears for the Test Examination. The balance after the payment of expenses (stationery, etc.) will go to the examiners as remuneration. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

4. Application for permission to appear must be sent in time to reach this office not later than the 5th November 1914. The information to be given and the documents to be appended in original are the following —

- (a) The name of the school in which the candidate last studied,
- (b) the Transfer Certificate in original granted to the candidate by the Head Master of the school in which he last read; or
- (c) in the case of a candidate who previously appeared at the Matriculation Examination the Registrar's receipt in original for the fee paid.
- (d) Age of the candidate. No candidate who has not completed the age of 16 years on the first day of the Matriculation Examination will be allowed to appear at it
- (e) In the case of school-masters a certificate of good conduct from the Secretary or proprietor of the school in which he is serving, or from the Deputy Inspector of the district concerned.
- (f) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination
- (g) A statement by the candidate giving the following facts:—
 - (i) Residence.
 - (ii) Father's name.
 - (iii) Second language besides English.
 - (iv) Vernacular language for composition.
 - (v) Vernacular language from which translation is to be made into English in the first English paper.
 - (vi) Which of the following subjects he has taken up:—
 - (1) Additional Mathematics.
 - (ii) Additional paper in the classical language.
 - (iii) History
 - (iv) Geography.
 - (v) Elementary Mechanics.

N.B.—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1913 and then left the school can, under no circumstances, be allowed to appear at the examination

5 The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission to the Test Examination.

6. Every candidate must deposit his fee for the test examination with the Head Master of the institution in which he intends to appear, at least 15 days before the date of that examination.

7. The Head Masters of the institutions named above should direct private students who satisfy the test to appear before them in due time with their applications for admission to the Matriculation Examination and to sign them in their presence. They will then grant the necessary certificates and forward the application to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Registrar by the candidates themselves together with the countersigned applications.

9. Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10 The Matriculation Examination will be held in March 1915.

NOTIFICATION.

TEST EXAMINATION OF PRIVATE CANDIDATES FOR MATRICULATION
EXAMINATION, 1915

A TEST EXAMINATION of private students, who have not attended any school, recognised or unrecognised, for at least one year previous to the ensuing examination, will be held at the office of the Inspector of Schools, Presidency Division, 285, Bow Bazar Street, Calcutta, from Tuesday, the 1st December 1914. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private student" includes schoolmasters.

2. Private candidates are students, who have not attended any school for at least one year previous to the Matriculation examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation examination must be submitted in original along with the application for permission to appear at the test examination. A statement of antecedents of the candidate should accompany his application. He should state whether he read in any unrecognised school, and if so, in what school and in what year. A student who failed to pass the annual examination for promotion to the first class at the end of the year 1913 and then left school will, under no circumstances, be allowed to appear at the Matriculation examination of 1915.

3. *Bona-fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination, they must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation examination unless he completes the age of sixteen years on the first day of the month in which the Matriculation examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 1st November 1914, his application for admission to the test examination, with the following particulars.—

- (1) Age, (2) residence (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation examination, (5) second language besides English, (6) Vernacular language, and (7) which two of the following optional subjects he has taken up—

- (a) Additional Mathematics
- (b) Additional paper in the Classical language.
- (c) History.
- (d) Geography.
- (e) Elementary Mechanics.

6. The admission-fee for the examination is Rs 6 for each candidate, and is to be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay. Under no circumstances the admission-fee will be refunded.

7. No private student will be admitted to the test examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test examination held by the head master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the candidates from that institution. The head master of such school is hereby authorized to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.

10. The Matriculation examination in 1915 will be held on the 2nd of March 1915 and following days.

11. Applications and fees for admission to the examination must reach the office of the Registrar within the prescribed date.

INTERMEDIATE AND B.A. EXAMINATIONS IN 1915.

Deputy Inspectors, Sub-Inspectors and *bond-fide* teachers of English schools in the Presidency Division who have been employed as such for at least three years preceding the examination will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 4th December 1914.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates, who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of some affiliated institutions and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs 2 must accompany every application.

2. Candidates for the B.A. examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F.A., I.A. or I.Sc. certificates, and candidates for the Intermediate examination their Entrance or Matriculation certificates, together with a letter, in original, from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school masters who were admitted to a previous examination of the same class.

4. The Intermediate and B.A. examinations in 1915 will be held on the 15th and 25th March 1915, respectively, and following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar within the prescribed dates* and must be sent to that office by the candidates direct.

G. P. Hoag, Collector of Midnapore

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Bankura, will be put up to sale at the Bankura Collectorate on the 7th October 1914, corresponding with 20th Asvin 1321 B S.

The purchaser will be subject to the following conditions of sale —

- 1st.—The estate to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him free of revenue.
- 2nd.—The sale to be subject to existing leases and rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.
- 3rd.—If the amount of purchase-money do not exceed Rs 100, the whole amount to be paid down at once.
- 4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by the noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday then by the noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

From—THE HON'BLE MR H L STEPHENSON, C.I.E., I.C.S., Secretary to the Government of Bengal, Financial (Medical) Department.

To—The Commissioner of the Presidency Division

With reference to your letter No. 104Mis--G., dated the 15th August 1914, reporting that Babu Nagendra Nath Ghosh, of village Nawapara, Rajibpur, in the Barasat subdivision of the district of the 24-Parganas, has placed a sum of Rs. 20,000 at the disposal of the District Board of the 24-Parganas for the establishment of a charitable dispensary at village Nawapara, I am directed to request that you will be so good as to convey to the donor the thanks of Government for his liberality and public spirit.

COMMITTEE TO CONSIDER THE QUESTION OF EDUCATION OF HINDU GIRLS.

GENERAL DEPARTMENT.

EDUCATION.

CALCUTTA, THE 10TH SEPTEMBER 1914

RESOLUTION—No 3495

THE Governor in Council has recently had under consideration various questions in connexion with the education of Indian girls. It has been impressed upon him that whereas there exist on the one hand a certain number of primary schools for girls, and on the other hand a certain number of high schools which prepare girls for the Matriculation examination of the University and from which in some cases girls pass to University courses, there is practically no institution which provides for the needs of those girls of Hindu families whose parents desire that they should be educated but feel that their system of education should be designed with a view to the lives which they will subsequently be called upon to lead, and should be in accordance with the domestic and social ideals of the society to which they belong.

2 His Excellency is aware that the desire of the Hindu section of the people of the Presidency that their girls should be educated has increased considerably of late and is still increasing. He is also informed that, owing partly to economic causes and partly to a general modification of ideas on the subject, there is a tendency to postpone the age at which Hindu girls are married. The present time is in fact in every way favourable for expansion and development, but His Excellency is also conscious of a strong feeling among some of the most prominent and enlightened members of Hindu society that the present secondary school curriculum with the Matriculation examination as its one objective is not adapted to the needs of Hindu girls.

3 It has been suggested to Lord Carmichael that the object of school education for Hindu girls should be to give them instruction which will be of use to them in their future domestic life as wives in Hindu households, and which would stand them in good stead should early widowhood or some other unforeseen calamity throw them on their own resources; that the course of instruction for the majority should be self-contained and capable of being completed by the age of 14, that English should be taught as a second language, and that the domestic arts, such as sewing and cooking, should figure prominently in the curriculum. It has also been suggested that, without violating the principle of religious neutrality, Government might do more than it does at present in the direction of providing facilities for the education of Hindu girls on lines consistent with the best traditions of Hinduism.

4. The Governor in Council would be strongly opposed to any curtailment of the facilities which now exist for imparting secondary or University education to Bengali girls of all classes. His Government are doing what they can to develop these facilities and to improve them, but it seems to His Excellency that the question raised above is distinct from that involved in the improvement of secondary schools and University colleges. It may be that some girls would pass from such a course as has been adumbrated in last paragraph to an ordinary secondary school course leading on to a University education. On the other hand it may be thought to be desirable that arrangements should be made in a few special institutions which might be conducted on a specifically Hindu basis for imparting more advanced instruction in literature and science. These are points for consideration.

The crux of the present position is the question what education should be given to Hindu girls and under what conditions

5. His Excellency is aware that this is a question which can only be answered by the Hindu community itself, and he feels that the time has come when his Government would do well to ask that community to formulate its feelings and aspirations in the matter of the education of its girls. In these circumstances the Governor in Council has decided to appoint a Committee consisting of the ladies and gentlemen whose names are given below to consider the whole question and to report to Government in due course the result of their deliberations —

- 1 The Hon'ble Justice Sri Ashutosh Mookerjee, Kt., C.S.I., M.A.,
D.L., *President*.
- 2 Sri Guri Das Banerjee, Kt., M.A., D.L.
- 3 Maharaja Sri Guriya Nath Ray Bahadur, Kt., C.S.I., of Dinajpur.
- 4 Maharaja Kumud Chandra Singh of Susang
5. Raja Gopendra Krishna Deb, M.A., B.L.
6. The Hon'ble Babu Mahendra Nath Ray, C.I.T.
- 7 The Hon'ble Dr. Nilratan Sengul, M.A., M.D.
- 8 Mahamahopadhyaya Kali Prasanna Bhattacharjee (*ex-Principal*,
Sanskrit College)
9. Rai Jadu Nath Mazumdar Bahadur of Jessore
- 10 Rai Pyari Mohan Basu Bahadur
- 11 Mrs S. C. Mookerjee
- 12 Mrs Saralabala Mitter (Lady Principal, Calcutta Female
Training School)

Mrs. Kumudini Das, of the Bengal Provincial Educational Service, will act as Secretary to the Committee.

6 The terms of reference to the Committee are as follows —

- (i) to consider and report on the existing facilities for the education of Hindu girls and the extent to which the various sections of Hindu society avail themselves of the several agencies which are now employed,
- (ii) to consider and report in detail on the extent to which the existing facilities are adequate and satisfactory,
- (iii) to make detailed suggestions with approximate estimates of cost for remedying any defects which the Committee finds to exist

7 It has been suggested to His Excellency that a school for Hindu girls to be conducted on *parda* lines should be established in Calcutta. Lord Carmichael desires to direct the attention of the Committee to this suggestion. One of the most important points with which the Committee will have to deal is the question whether the provision of such additional educational facilities, if any, as it may decide to recommend, should be made through the agency of schools under the direct management of Government or privately-managed schools in receipt, if necessary, of grants-in-aid.

8. The Governor in Council leaves it to the President of the Committee to consult the members and then to issue directions to the Secretary for the calling of meetings and for the general procedure in accordance with which the deliberations of the Committee will be carried on. His Excellency is alive to the vital importance of the issues involved, and though he is anxious that the submission of the report should not be delayed any longer than is necessary, he desires that the Committee should have full time to collect all the pertinent facts and opinions and to deliberate duly thereon.

By order of the Governor in Council,

H. F. SAMMAN,

Secretary to the Government of Bengal

**RESOLUTION ON THE ANNUAL REPORT OF THE BENGAL
SMOKE NUISANCES COMMISSION, FOR THE YEAR
1913-14.**

No 3327 Marine.

GOVERNMENT OF BENGAL.

MARINE DEPARTMENT

Calcutta, the 12th September 1914

RESOLUTION

READ—

The annual report of the Bengal Smoke Nuisances Commission, for the year 1913-14

THE Commission held 12 meetings during the year 1913-14.

2. The Inspectors of the Department made 6,119 observations of smoke emissions during the year under report against 4,683 in the previous year. They also visited 4,269 factories against 246 in 1912-13 for the purposes of inspection, imparting instruction to the employes and testing the fuel and appliances

3. As a result of the adoption of the revised scale of limits of time for the emission of dense smoke there was steady improvement in curtailing the emission of smoke of the greatest density known as "scale No. 6"

4. Under the rules as they stand the furnaces of ocean-going steamers are exempt from the operation of the Bengal Smoke Nuisances Act, 1905, for two hours prior to their leaving moorings. Notwithstanding repeated warnings, there has been a great increase in the smoke nuisance caused by these steamers. The Commission have therefore suggested that the concession should be withdrawn or substantially modified. The matter is under the consideration of Government.

5. The working of the Act during the past eight years has shown that it is necessary to take action in respect of smoke nuisance caused by chimneys, and steam-engines used for generating electricity in clubs, hotels and similar institutions. It is proposed to bring these institutions under the provisions of the Act as is done in the United Kingdom, and to deal effectively with the nuisance caused by coke-making in open heaps without ovens or proper appliances. An amendment of the Act to remedy these defects is under the consideration of Government.

6. Forty complaints made by the public were adequately dealt with by the Commission. Government note with satisfaction the confidence which the public continue to have in the Commission.

Forty-three statutory warnings were served with good results in every case. The same number of prosecutions were instituted resulting in conviction in every case.

Government appreciate the assistance afforded to the Smoke Nuisance Commission by the action taken by owners of factories in dealing with their employes when offences were reported against them.

7. An important step during the year under review in the direction of abating smoke emission was the inauguration by the Commission of a scheme of examination for the grant of certificates of competency as stokers. This will enable employers to obtain the services of certificated stokers, and will also conduce to the efficient working of the Commission.

8. There was a steady increase in the replacement of steam-engines and boilers by electric, oil and gas motors and heaters. During the year under report 154 electric motors were installed against 100 in the previous year. There was also an increase in gas and oil motors.

9. The Governor in Council takes this opportunity of thanking the public and the owners of factories for the help they afforded the Commission in carrying out the administration of the Smoke Nuisance Act.

ORDER.—Ordered that a copy of the Resolution be forwarded to the Government of India, Commerce and Industry Department; the President of the Smoke Nuisances Commission; the Commissioners of Presidency and Burdwan Divisions; the Commissioner of Police, Calcutta; the Chairman, Calcutta Corporation; the Vice-Chairman, Port Commissioners, Calcutta, the Secretary, Bengal Chamber of Commerce, the Secretary, Calcutta Trades Association; the Honorary Secretary to the Bengal National Chamber of Commerce; the Vice-President of the City Improvement Trust, Calcutta; and the Municipal Department of this Government.

Ordered, also, that the Resolution be published in the *Calcutta Gazette*.

COMMISSIONERS FOR THE PORT OF CHITTAGONG
FOR THE YEAR 1913-14.**

GOVERNMENT OF BENGAL

Dated Calcutta, the 15th September 1914

RESOLUTION.

READ—

The Administration Report of the Commissioners for the Port of Chittagong for the year 1913-14.

Income.—The ordinary income of the Port Fund during the year (exclusive of the Government grant of Rs. 1,50,000 for the improvement of the Port) amounted to Rs. 2,35,758 against Rs. 2,30,235 of the preceding year. The latter includes Rs. 874 on account of interest on investments from the Revetment and Dredger accounts, which was not taken into account in arriving at the total receipts for the year 1912-13. The increase was shared under the heads "Rentable lands and buildings," "Port," "Port approaches" and "River dues" and was due to increased rent realised and to the greater activity in traffic and shipping of the port; there was, however, a fall in the export of jute.

The capital value of the Port Commissioners' properties including lighthouses, lands, works finished and in progress, stock materials, vessels, cash and securities, etc., was estimated, on the 31st March 1914, to be

Rs. 35,17,825 as against Rs. 35,36,306 at the close of the preceding year. The liabilities of the Port and Pilotage Funds (excluding the loans from Government for revetment work) amounted to Rs. 1,06,302.

Expenditure.—The expenditure of the Port Fund, including that on Revetment and Dredger was Rs. 2,89,587 as against Rs. 3,46,522. The decrease was due to restricted expenditure and savings in establishment charges and in revetment work including closing of the bye-channel.

No loan was taken by the Commissioners during the year. The outstanding balance of loans for revetment work was Rs. 5,69,462. The Capital expenditure incurred from the Port Fund was Rs. 7,993.

Dredging.—The dredger *Karnafuli I* did satisfactory work. She was laid up for repairs from the first week of February to the end of April 1914. The depth of water maintained over the main track of the outer bar was 13 feet. Dredging was also carried out from the middle of November 1913 to end of January 1914 over the patches formed by the monsoon deposits. In the inner bar the shoaling continued owing to heavy freshets which caused erosion of the banks and carried down to the bars several thousand tons of silt, a depth of 13 feet was maintained by the middle of January 1914. The question of providing a second dredger with a fleet of hopper barges for the improvement of the Port has already been acknowledged by Government to be of great importance, but owing to the international crisis and the need for economy further consideration of the question has been postponed. The matter will be reconsidered as soon as possible.

River Surveys.—A survey of the main river from the mouth to the Auti Muhamed Ghat (except the inner bar) was completed and plotted. The whole of the bye-channel was also surveyed by the special survey establishment. The inner and outer bars were periodically sounded and plotted.

Revetment.—The portion of the revetment between khals 4 and 7 suffered mostly from the heavy freshet in June 1913. Reserve stones were placed on this portion.

Lighthouses.—The Kutubdia and Norman Point Lighthouses were maintained in good order.

Leading lights.—The leading lights were in good order. For the first time a charge of Rs. 10 was levied from ships which requisitioned these lights on entering and leaving the port.

Light vessel.—The light vessel *Sarsuti* was removed from her station on 2nd January 1914 and replaced in position on 8th March 1914. The charges for establishment, stores and maintenance of the light vessel were Rs. 20,156.

Shipping.—The number of vessels (including native sailing vessels) that entered the port during the year was 753 with a net registered tonnage of 157,102 as against 811 with a net registered tonnage of 406,038 in the preceding year. There were five groundings during the year, but in all cases Government decided that no further enquiry was needed.

Trade.—The total value of the trade, both foreign and coasting imports and exports, amounted to Rs. 1,026.50 lakhs as against Rs. 879.84 lakhs in the preceding year, showing an increase of 10.47 per cent. The improvement was under foreign imports, and imports and exports of the coasting trade.

Sanitation.—The general sanitation of the port was satisfactory.

Mr. E. Geake, I.C.S., held the office of the Chairman from 1st to 15th April 1913 and was again appointed to that post, *vice* Mr. C. A. Radice, I.C.S., from 17th November 1913. The thanks of Government are due to these officers and to the Commissioners for the efficient administration of the Trust.

Port of Calcutta

THERE were five casualties in the Bengal Pilot Service during the year. Four Branch Pilots retired from the service, of whom one was a Licensed Branch Pilot. One Leadsman Apprentice was removed from the service because he was not able to pass the prescribed examination in navigation. Four Leadsmen Apprentices were recruited from England. The strength of the service during the year was 56 Pilots and 11 Leadsmen Apprentices.

2. Vessels to the number of 1,619 with a gross tonnage of 6,926,817 entered the port, against 1,730 vessels with a gross tonnage of 7,074,530 in the previous year, and 1,659 vessels with a gross tonnage of 6,961,807 left the port, against 1,718 vessels with a gross tonnage of 7,019,679 in 1912-13. The receipts from Pilotage were Rs. 11,63,822, against Rs. 15,33,673 and Rs. 14,76,000 during the years 1912-13 and 1911-12 respectively.

3. There were 386 in-coming ships and 995 out-going ships which drew over 21 feet of water during 1913-14, against 303 and 1,105 vessels respectively in the preceding year.

4. Two inward-bound vessels were beached at Diamond Harbour and one outward-bound vessel at Calcutta for want of sufficient depth of water over the bars, against seven inward-bound at Saugor and one outward-bound vessels at Calcutta during the previous year. Five vessels were detained at the Sandheads for want of Pilots. Thirteen Pilots were carried off to sea in July and August in consequence of bad weather at the Sandheads against three in the previous year.

5. There were 20 groundings against 21 and two collisions against two in 1912-13. Six groundings were of a slight nature, one was accidental and five were due to alteration in the channel of the river. While in seven cases the Pilots concerned were held to be free from blame, in one case the grounding was due to carelessness on the part of the Pilot, who was suitably dealt with. In both the cases of collisions the Pilots were held to be free from blame.

6. A departmental Court of Enquiry was held to investigate a charge of breach of departmental rules against a Pilot. He was found guilty and was suitably dealt with. There was no Court under Act XII of 1859 (the Calcutta Pilots Act, 1859) during the year.

7. Of the 122 candidates who appeared at the examinations for the grant of Colonial and Home-trade certificates of competency, 61 passed. Candidates for the examinations for the grant of certificates of competency as Master, Serang, Engineer and Engine-driver under the Inland Steam-vessels Act, 1884, numbered 608, of whom 204 passed.

8. Mr. G. Robertson was 1st Engineer and Shipwright Surveyor throughout the year. Chief Engineer A. A. Macdonald, R.I.M., 2nd Engineer and Shipwright Surveyor, reverted to the Royal Indian Marine on

the 6th November 1913 and was succeeded by Chief Engineer C. T. Amor, R.I.M. Engineer W. G. Horley, R.I.M., was 3rd Engineer and Shipwright Surveyor throughout the year.

Commander C. J. C. Kendall, D.S.O., R.I.M., held the office of the Port Officer. Commander G. N. Forteath, R.I.M., was Deputy Port Officer and Senior Deputy Shipping Master. He also held charge of the Port Office when Commander Kendall was on 60 days' privilege leave from 8th August 1913, and from the 9th November 1913 to the 2nd March 1914, when Commander Kendall was placed on deputation in connection with the Life-saving Appliances Committee. Lieutenant O. Goldsmith, R.I.M., Assistant Port Officer and Deputy Shipping Master, who was transferred to the Royal Indian Marine on the 30th December 1913, was succeeded by Lieutenant J. C. Ward, R.I.M.

The thanks of Government are due to Commander Kendall for his efficient supervision of the work of his Department during the year.

Port of Chittagong.

9. Vessels to the number of 753 with a gross tonnage of 797,332 including 378 inland steamers entered, and 742 vessels with a gross tonnage of 792,489 including 378 inland steamers left the port, against 780 vessels with a gross tonnage of 675,630 and 791 vessels with a gross tonnage of 689,056, respectively, in the preceding year. The latter figures include inland steamers.

10. There were six groundings and one vessel was totally lost.

11. Out of the 137 candidates who appeared for the examinations for the grant of certificates of competency as Master, Serang and Engine-driver under the Inland Steam-vessels Act, 1884, 66 passed.

12. Commander E. Gray Mills, R.I.M., held the office of the Port Officer up to 13th February 1914, when he reverted to the Royal Indian Marine and was succeeded by Commander B. H. Jones, R.I.M. Chief Engineer C. F. Laslett, R.I.M., was the Engineer and Shipwright Surveyor up to 16th May 1913, and, on reverting to the Royal Indian Marine, was succeeded by Engineer A. H. F. de Woolfson, R.I.M.

The acknowledgments of Government are due to Commander Mills for his efficient supervision of the work of his Department during the year.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR AUGUST 1914.

I. *Character of the season.*—During the month under review the rainfall was in defect of the normal in all the districts excepting Murshidabad, Rajshahi, Dinajpur, Jalpaiguri, Darjeeling, Rangpur, Malda, Faridpur, Chittagong, Chittagong Hill Tracts and Cooch Behar. The usual rainfall statement is appended.

II. *Progress of agricultural operations*—Transplanting of winter rice and harvesting of autumn rice were nearly finished. Harvesting of jute was going on, but its progress was slow on account of the scarcity of steeping water and dull market.

III. *State of standing crops.*—The standing crops were on the whole during fairly well.

IV. *Prospects and probable outturn*—In most of the districts the prospects of paddy, jute and other standing crops were favourable.

V. *Damage to standing crops*—No damage was done to the standing crops, except to jute, by insect pests in parts of Nadia, Murshidabad, Jessore and Midnapore.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was fair. Cattle-disease was found to be prevalent in Nadia, Murshidabad, Burdwan, Birbhum, Bankura, Midnapore, Hooghly, Rajshahi, Dinajpur, Jalpaiguri, Darjeeling, Malda, Cooch Behar, Bakarganj, Noakhali and Chittagong.

VII.—*Failure of pasturage and fodder*—Scarcity of fodder was reported from parts of Midnapore only.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the prices of common rice rose in three districts, fell in thirteen districts and remained stationary in the rest. It varied from 5 seers 8 chitaks per rupee at Rangpur to 9 seers 4 chitaks at Bankura.

IX. *Condition of agricultural people*—The condition of agricultural people was reported to be fairly good.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 14th September 1914.

Summary.—During the week under review light to moderate rain fell throughout the Province. More rain is wanted in places for the transplantation and growth of winter rice. Transplantation of winter rice and harvesting of autumn rice are nearing completion. Weeding of winter rice is in progress. Harvesting of jute is proceeding. State and prospects of standing crops are fairly good. Cattle-disease is reported from ten districts. The average price of common rice for the Province has fallen by about 1·5 per cent as compared with that of the previous week.

CALCUTTA,
The 15th September 1914.

STATEMENTS SHOWING THE QUANTITIES OF THE PRINCIPAL
STAPLES OF TRAFFIC IMPORTED INTO AND EXPORTED
FROM CALCUTTA IN THE THREE MONTHS OF APRIL TO
JUNE 1914.

Note.—The following statements showing the trade of Calcutta in certain selected articles by all routes have been compiled in the Department of Statistics from figures supplied by the Collector of Customs, Calcutta, Railway Audit offices, Steamer Companies, Commissioners for the Port of Calcutta, the District Magistrates of the 24-Parganas and Howrah and the Assistant Engineer, Calcutta Canals.

The fluctuations in the trade compared with the figures for the three months of April to June 1913 are as stated below —

The decrease in the imports of wheat from the United Provinces of Agra and Oudh and from the Central Provinces and of other food-grains from the United Provinces may be attributed to famine conditions prevailing in those regions. Trade in refined sugar and cotton piece-goods, Indian, has also declined owing to less imports from Madras and Bombay, respectively. More imports of rice from Burma, of gunny bags from Bengal and of tea, Indian, from Bengal and Assam have caused an increase in trade of these articles. There is a decrease in the exports by sea to foreign countries of rice, wheat, gram and pulse, indigo, and unmanufactured tobacco and an increase in the exports of raw cotton, linseed and manufactured tobacco.

No. 9289 L A—The 18th September 1914.—The following agreement made under section 41 of the Land Acquisition Act, I of 1894, is published for general information.

J. H. KERR,

Secy. to the Govt. of Bengal.

AGREEMENT made this 9th day of September 1914 between the Taki Central Co-operative Bank, Ltd., a Co-operative Society incorporated under the Act relating to Co-operative Societies and having its registered office at Taki, district 24-Parganas, and the Taki Rural Co-operative Credit Bank, a Co-operative Society similarly incorporated and having its registered office at Taki, district 24-Parganas (hereinafter called the Companies), of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of a joint office the Companies have applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of a piece of land containing 2 bighas 17 cottahs and 2 chitaks or thereabout situate in the village of Taki in the district of 24-Parganas and more particularly described and delineated in the plan* and schedule* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Companies the said piece of land.

And whereas the said Government of Bengal has required the Companies under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Companies shall and will pay to the said Government of Bengal all and every compensation in respect of the land which will be acquired for the Companies tendered paid or awarded or to be tendered paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under Part III of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Companies under the last preceding clause not being thereby limited the Companies shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Companies of all demands under the foregoing first clause or in the discretion of the said Government of Bengal (on deposit by the Companies of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act the Secretary of State shall make over possession of the said land to the Companies and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Companies.

4. The said land shall be held by the Companies for the purposes of such a joint office as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said joint office shall be completed (and fully equipped in all respects ready for use) within three years from the date on which possession of the said land shall have been given to the Companies.

6. Should the said joint office not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the land acquired for the Companies for the purpose stated herein at any time thereafter cease for a period of twenty-four consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the said land and thereupon the interest of the Companies in the said land shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land as it may think proper. Should the said Government sell the said land the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Companies. Should the said Government on taking possession decide not to sell the land it shall repay to the Companies all sums received from the Companies in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent.) but will not repay any sums paid and received on account of costs, charges and expenses.

8. The joint office shall be open to the reasonable use of all the *bona fide* members of the Companies during the office hours of the Companies and

* Not printed and published herewith, but may be inspected in the office of the Land Acquisition Deputy Collector, Alipore, 24-Parganas.

at all hours to those who have business to transact with the Companies as regards admission of members into the Companies, applications for loans, deposit and withdrawal of money and also to those making enquiries relating thereto.

Provided that the Companies may make rules fixing and regulating their hours of business, a copy of which shall be affixed to a conspicuous place on the premises but any rules framed by the Companies in restriction of the general right of admission shall be inoperative against the public unless assented to in writing by the Secretary of State or his accredited agents, the Government of Bengal.

Provided also that nothing herein contained shall be construed to confer on the public the right to make use of the premises for individual profit or gain except with the permission of the Companies first had and obtained.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant, clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof (the said Companies have caused their common seals to be affixed and the Secretary of State for India in Council hath hereunto set his hand and seal) the day and year first above written.

The common seals of the abovenamed Companies have hereto been affixed in the presence of

A. MARR,

Secy. to the Board of Revenue, Bengal.

SCHEDULE II.

RULES

(See section 38)

SIGNATURE AND VERIFICATION OF REQUISITIONS FOR CERTIFICATES.

Signature and verification of requisition for certificate.

1 (1) Every requisition made under section 5 shall be signed and verified at the foot by the person making it

(2) The verification shall state that the person signing the requisition has been satisfied by inquiry that the amount stated in the requisition is actually due

(3) The verification shall be signed by the person making it, and shall state the date on which it is signed

SERVICE OF NOTICES

Mode of service.

2. Service of a notice issued under section 7, or under any other provision of this Act, shall be made by delivering or tendering a copy thereof, signed by the Certificate-officer or such ministerial officer as he authorizes in this behalf, and sealed with the seal of the Certificate-officer.

Service on certificate-debtor or his agent.

3. Wherever it is practicable, service shall be made on the certificate-debtor in person, unless he has an agent empowered to accept service, in which case service on such agent shall be sufficient

Service on adult male member of certificate-debtor's family.

4. Where the certificate-debtor cannot be found, and has no agent empowered to accept service of the notice on his behalf, service may be made on any adult male member of the family of the certificate-debtor who is residing with him.

Explanation.—A servant is not a member of the family within the meaning of this rule.

Person served to sign acknowledgment.

5. Where the serving officer delivers or tenders a copy of the notice to the certificate-debtor personally, or to an agent or other person on his behalf, he shall require the signature of the person to whom the copy is so delivered or tendered to an acknowledgment of service endorsed on the original notice.

Procedure where certificate-debtor refuses to accept service or cannot be found.

6. Where the certificate-debtor or his agent, or such other person as aforesaid, refuses to sign the acknowledgment, or where the serving officer, after using all due and reasonable diligence, cannot find the certificate-debtor, and there is no agent empowered to accept service of the notice on his behalf, nor any other person on whom service can be made, the serving officer shall—

(a) affix a copy of the notice on the outer door or some other conspicuous part of the house in which the certificate-debtor ordinarily resides or carries on business or personally works for gain, or

(b) if there be land affected by the notice, affix a copy of the notice on some conspicuous place in the office of the Certificate-officer and also on some conspicuous part of the land,

and shall then return the original to the Certificate-officer by whom it was issued, with a report endorsed thereon or annexed thereto stating that he has so affixed the copy, the circumstances under which he did so, and the name and address of the person (if any) by whom the house or land was identified and in whose presence the copy was affixed.

Endorsement of time and manner of service

7 The serving officer shall, in all cases in which the notice has been served under rule 6, endorse or annex, or cause to be endorsed or annexed, on or to the original notice a return stating the time when and the manner in which the notice was served, and the name and address of the person (if any) identifying the person served and witnessing the delivery or tender of the notice.

Examination of serving officer.

8. Where a notice is returned under rule 6, the Certificate-officer shall, if the return under that rule has not been verified by the affidavit of the serving officer, and may, if it has been so verified, examine the serving officer on oath, or cause him to be so examined by another Certificate-officer, or, subject to any general order of the Collector, by an Assistant Collector, Deputy Collector or Sub-Deputy Collector, touching his proceedings, and may make such further inquiry in the matter as he thinks fit; and shall either declare that the notice has been duly served or order such service as he thinks fit.

Service by post.

9. Notwithstanding anything hereinbefore contained, the notice may, if the Certificate-officer so directs, be served by post.

PETITIONS UNDER SECTION 9, DENYING LIABILITY.

Signature and verification of petition denying liability.

10 (1) Every petition filed under section 9, denying liability, shall be signed and verified at the foot by the certificate-debtor or by some other person on his behalf who is proved to the satisfaction of the Certificate-officer to be acquainted with the facts of the case.

(2) The verification shall be signed by the person making it, and shall state the date on which it is signed

Transfer of such petitions.

11. (1) The Certificate-officer may, subject to any general or special order of the Collector, transfer to any Assistant Collector or Deputy Collector subordinate to the Collector any petition filed under section 9; and such Assistant Collector or Deputy Collector shall hear and determine such petition accordingly:

Provided that the Collector may re-transfer any petition so transferred, and order that it be heard and determined by the Certificate-officer.

(2) The provisions of section 10 shall be applicable to any Assistant Collector or Deputy Collector to whom any such petition has been transferred under sub rule (1).

EXECUTION OF CERTIFICATES.

Execution in another district.

12 Where a copy of a certificate is sent for execution to the collector of another district under section 12, sub section (1), the certificate may be executed by him or may be transferred by him to any Certificate officer in his district.

ATTACHMENT OF MOVABLE PROPERTY, ETC.

Application for attachment of movable property in the possession of the certificate-debtor.

13 At the time of making an application for the attachment of movable property in the possession of the certificate-debtor, the certificate-holder shall declare whether the property is above or below Rs. 20 in value. If the property is declared to be above Rs. 20 in value, the certificate-holder shall pay the costs of issuing the proclamation of sale. If, however, the value of the property, having been declared to be Rs. 20 or under, should be found, as determined by rule 14, to exceed Rs. 20, the certificate-holder shall pay the costs of issuing the proclamation of sale immediately on receipt of notice of attachment.

Procedure for the attachment of movable property when its value is up to Rs. 20 or above.

14. When the attaching officer believes that the property attached does not exceed Rs. 20 in value, he shall inform the debtor or, in his absence, any present adult member of his family, that it will be sold by public auction at once without the issue of any proclamation. In case the certificate-holder or the certificate-debtor, or any person on his

behalf, objects to this, the attaching officer will convoke a panchayat of not less than three respectable adult male inhabitants of the neighbourhood, of whom ordinarily the headman of the village should be one, and will require them to assess the value of the property. If they determine that it exceeds Rs. 20 in value, he shall deal with it according to the rules for the sale of movable property exceeding Rs. 20 in value, otherwise he shall forthwith proceed to sell it by auction, after giving such reasonable notice as the circumstances of the case admit of to intending purchasers.

Attachment of movable property (other than agricultural produce) in possession of certificate-debtor. 15. Where the property to be attached is movable property (other than agricultural produce) in the possession of the certificate-debtor, the attachment shall be made by actual seizure, and the attaching officer shall keep the property in his own custody or in the custody of one of his subordinates, and shall be responsible for the due custody thereof.

Provided that, when the property seized is subject to speedy and natural decay or when the expense of keeping it in custody is likely to exceed its value, the attaching officer may sell it at once.

Attachment of agricultural produce. 16. Where the property to be attached is agricultural produce, the attachment shall be made by affixing a copy of the warrant of attachment—

- (a) where such produce is a growing crop—on the land on which such crop has grown, or
- (b) where such produce has been cut or gathered—on the threshing floor or place for treading out grain or the like, or fodder-stack, on or in which it is deposited,

and another copy on the outer door or on some other conspicuous part of the house in which the certificate debtor ordinarily resides, or, with the leave of the Certificate-officer, on the outer door or on some other conspicuous part of the house in which he carries on business or personally works for gain, or in which he is known to have last resided or carried on business or personally worked for gain,

and the produce shall thereupon be deemed to have passed into the possession of the Certificate-officer.

Provisions as to agricultural produce under attachment. 17. (1) Where agricultural produce is attached, the Certificate-officer shall make such arrangements for the custody thereof as he may deem sufficient, and, when the produce is a growing crop, shall have regard to the time at which it is likely to be fit to be cut or gathered.

(2) Subject to such conditions as may be imposed by the Certificate-officer in this behalf, either in the order of attachment or in any subsequent order, the certificate-debtor may tend, cut, gather and store the produce and do any other act necessary for maturing or preserving it, and, if the certificate-debtor fails to do all or any of such acts, the certificate holder may, with the permission of the Certificate officer and subject to the like conditions, do all or any of them either by himself or by any person appointed by him in this behalf, and the costs incurred by the certificate-holder shall be recoverable from the certificate-debtor as if they were included in the certificate.

(3) Agricultural produce attached as a growing crop shall not be deemed to have ceased to be under attachment or to require re-attachment merely because it has been severed from the soil.

(4) Where an order for the attachment of a growing crop has been made at a considerable time before the crop is likely to be fit to be cut or gathered, the Certificate-officer may suspend the execution of the order for such time as he thinks fit, and may, in his discretion, make a further order prohibiting the removal of the crop pending the execution of the order of attachment.

(5) A growing crop which from its nature does not admit of being stored shall not be attached under this rule at any time less than twenty days before the time at which it is likely to be fit to be cut or gathered.

Attachment of debt, share, and other movable property not in possession of certificate-debtor. 18. (1) In the case of—

- (a) a debt not secured by a negotiable instrument,
- (b) a share in the capital of a Corporation, or
- (c) other movable property not in the possession of the certificate-debtor, except property deposited in, or in the custody of, any Court,

the attachment shall be made by a written order prohibiting,—

- (i) in the case of the debt—the creditor from recovering the debt and the debtor from making payment thereof until the further order of the Certificate-officer ;
- (ii) in the case of the share—the person in whose name the share may be standing from transferring the same or receiving any dividend thereon ;
- (iii) in the case of the other movable property (except as aforesaid)—the person in possession of the same from giving it over to the certificate-debtor.

(2) A copy of such order shall be affixed on some conspicuous part of the office of the Certificate-officer, and another copy shall be sent, in the case of the debt, to the debtor, in the case of the share, to the proper officer of the Corporation, and, in the case of the other movable property (except as aforesaid), to the person in possession of the same.

(3) A debtor prohibited under clause (i) of sub-rule (1) may pay the amount of his debt to the Certificate-officer, and such payment shall discharge him as effectually as payment to the party entitled to receive the same.

Attachment
of share in
movables

19. Where the property to be attached consists of the share or interest of the certificate-debtor or in movable property belonging to him and another as co-owners, the attachment shall be made by a notice to the certificate-debtor prohibiting him from transferring the share or interest or charging it in any way.

Attachment
of salary or
allowances of
public officer
or servant of
Railway Com-
pany or Local
Authority

20. (1) Where the property to be attached is the salary or allowances of a public officer or of a servant of a Railway Company or Local Authority, the Certificate officer, whether the certificate-debtor or the disbursing officer is or is not within the local limits of the Certificate-officer's jurisdiction, may order that the amount shall be withheld from such salary or allowances, either in one payment or by monthly instalments as the Certificate officer may direct, and, upon notice of the order to such officer as the Local Government may, by notification in the Calcutta Gazette, appoint in this behalf, the officer or other person whose duty it is to disburse such salary or allowances shall withhold and remit to the Certificate-officer the amount due under the order, or the monthly instalments, as the case may be.

(2) Where the attachable proportion of such salary or allowances is already being withheld and remitted to a Certificate officer or to a Civil Court in pursuance of a previous and unsatisfied order of attachment, the officer appointed by the Local Government in this behalf shall forthwith return the subsequent order to the Certificate-officer issuing it, with a full statement of all the particulars of the existing attachment.

(3) Every order made under this rule, unless it is returned in accordance with the provisions of sub-rule (2), shall, without further notice or other process, bind the Government or the Railway Company or Local Authority, as the case may be, and the Government or the Railway Company or Local Authority, as the case may be, shall be liable for any sum paid in contravention of this rule.

Attachment
of negotiable
instruments.

21. Where the property is a negotiable instrument not deposited in a Court nor in the custody of a public officer, the attachment shall be made by actual seizure, and the instrument shall be brought before the Certificate-officer and held subject to his orders.

Attachment
of property in
custody of
Court or public
officer.

22. Where the property to be attached is in the custody of any Court or public officer, the attachment shall be made by a notice to such Court or officer, requesting that such property, and any interest or dividend becoming payable thereon, may be held subject to the further orders of the Certificate-officer by whom the notice is issued.

Provided that, where such property is in the custody of a Court, any question of title or priority arising between the certificate-holder and any other person, not being the certificate-debtor, claiming to be interested in such property by virtue of any assignment, attachment or otherwise, shall be determined by such Court.

Attachment
of immovable
property.

23. Where the property is immovable, no attachment need be made before sale.

Removal of attachment on satisfaction or cancellation of certificate.

24 Where—

- (a) the amount due, with costs and all charges and expenses resulting from the attachment of any property or incurred in order to a sale, are paid to the Certificate-officer, or
- (b) the certificate is cancelled,

the attachment shall be deemed to be withdrawn, and, in the case of immovable property, the withdrawal shall, if the certificate-debtor so desires, be proclaimed at his expense, and a copy of the proclamation shall be affixed in the manner prescribed by rule 47, sub-rule (1)

MAINTENANCE AND CUSTODY, WHILE UNDER ATTACHMENT, OF LIVE STOCK AND OTHER MOVABLE PROPERTY

Custody of property under attachment.

25. Under rule 15, the property seized will remain in the custody of the attaching officer or of one of his subordinates on his responsibility

Removal of property to Court.

26. If no suitable place can be found in the village for the safe custody of the attached property, the attaching officer shall remove the property to the Court at the certificate-holder's expense. In the event of the certificate-holder failing to provide the necessary funds, the attachment will be withdrawn.

List of property under attachment

27. Whenever attached property is kept at the place where it is attached, the officer shall forthwith report the fact to the Certificate-officer, and with his report shall forward an accurate list of the property seized, so that the Certificate-officer may thereon at once issue the proclamation of sale.

Debtor's consent to the sale of the property under attachment.

28. If the debtor shall give his consent in writing to the sale of the property without awaiting the expiry of the prescribed term, the officer shall receive the same and forward it without delay to the Certificate-officer for orders.

Custody of property under attachment, while in Court.

29. When property is removed to the Court, it shall be kept by the nazir on his own sole responsibility in such place as may be approved by the Certificate-officer. If the property cannot, from its nature or bulk, be conveniently kept in the Court premises, or in the personal custody of the nazir, he may, subject to approval by the Certificate-officer, make such arrangements for its safe custody under his own supervision as may be most convenient and economical and the Certificate-officer may fix the remuneration to be allowed to the persons, not being officers of the Court, in whose custody the property is kept.

Claim of any person other than the certificate-holder to the property under attachment.

30. When property remains at the place where it is attached in the custody of the attaching officer, and any person other than the certificate-debtor shall claim the same, or any part of it, the officer shall nevertheless, unless the certificate-holder desires to withdraw the attachment of the property so claimed, remain in possession, and shall direct the claimant to prefer his claim to the Certificate-officer.

Withdrawal of attachment.

31. If the certificate-holder shall withdraw an attachment, or if it be withdrawn under rule 26 or rule 33, the attaching officer shall inform the debtor, or, in his absence, an adult member of his family, that the property is at his disposal.

In the absence of any person to take charge of it, or in case the officer shall have had notice of claim by a person other than the certificate-debtor, the officer shall, if the property has been moved from the premises in which it was seized, replace it where it was found at the time of seizure.

Feeding and tending of live-stock under attachment.

32. Whenever live-stock is kept at the place where it has been attached, the certificate-debtor shall be at liberty to undertake the due feeding and tending of it, under the supervision of the attaching officer; but the latter shall, if required by the certificate-holder, and on his paying for the same, at a rate to be fixed by the Certificate-officer, engage the services of as many persons as may be necessary for the safe custody of it.

33. In the event of the certificate-debtor failing to feed attached live-stock, the officer shall call upon the certificate-holder either to pay for feeding it on the spot, or for the expenses attending its removal to the Court. If the certificate-holder shall fail to provide for either, the officer shall report the matter to the Certificate-officer without delay.

34. When attached live-stock is brought to Court, the nazir shall be responsible for the safe custody and proper feeding of it so long as the attachment continues.

35. If there be a Government pound in or near the place where the Court is held, the nazir shall be at liberty to place in it such attached live-stock as can be properly kept there in which case the pound-keeper will be responsible for the property to the nazir, and shall receive the same rates for accommodation and maintenance thereof as are paid in respect of impounded cattle of the same description.

36. If there be no pound available, or if, in the opinion of the Certificate-officer, it be inconvenient to lodge the attached live-stock in the pound, the nazir may keep it in his own premises, or he may entrust it to any person selected by himself and approved by the Certificate-officer. The nazir will in all cases remain responsible for the custody of the property.

37. The Certificate-officer shall, from time to time, fix the rates to be allowed for the custody and maintenance of the various descriptions of live-stock with reference to seasons and local circumstances. The Collector may make any alterations he deems fit in the rates so prescribed.

38 (1). Where process of attachment of movable property by actual seizure is issued, Court-fees at the following rates shall be charged, and the officer deputed to attach such property shall be furnished with a certificate stating the period for which court-fees according to the rules have been paid.

(i) When the amount under the certificate exceeds Rs 1,000—

	Rs.	A.	P.
(a) for the seizure under the order of attachment	2	0	0
(b) for each man necessary to ensure safe custody of property so attached, when such man is actually in possession, <i>per diem</i>	0	6	0

(ii) When the amount under certificate is Rs 1,000 or under, but above Rs 50—

(a) for the seizure under the order of attachment	1	0	0
(b) for each man necessary to ensure the safe custody of property so attached, when such man is actually in possession, <i>per diem</i>	0	4	0

(iii) When the amount under certificate is Rs 50 or under—

(a) for the seizure under the order of attachment	0	8	0
(b) for each man necessary to ensure the safe custody of property so attached, when such man is actually in possession, <i>per diem</i>	0	4	0

(2) When process of attachment is issued in a number of cases relating to the same or neighbouring villages, the fee (a) referred to above must be paid in each case, and the daily fee (b) only for the men actually employed. The daily fee (b) is to be paid at the time of obtaining the process for so many days as the Certificate-officer shall order, not being ordinarily less than fifteen days, and the number of days required for the coming and going of the attaching officer, but where that officer is not to be left in possession, then the daily fee is to be paid only for the time to be occupied by the officer going, effecting the attachment and returning. When the inventory filed by the certificate-holder shows the property to be of such small value that the expense of keeping it in custody may probably exceed the value the Certificate-officer shall fix the daily fee with reference to the provisions of rule 15.

Provided that, if it appears that for any reason the number of days fixed by the Certificate-officer under this rule, and in respect of which fees have been paid, is likely to be exceeded and the certificate-holder desires to maintain the attachment, the certificate-holder shall apply to the Certificate-officer to fix such further number of days as may be necessary and the additional fees in respect thereof shall be paid in the manner provided in sub-rule (3) below. If such additional fees be not paid within the period originally fixed and in respect of which fees have been paid, the attachment shall cease on the expiry of that period.

(3) The fees hereinbefore provided shall be payable in advance at the time when the petition for service or execution is presented, and shall be paid by means of stamps affixed to the petition in addition to the stamps necessary for its own validity.

INVESTIGATION OF CLAIMS AND OBJECTIONS

Investigation
by Certificate
officer.

39 (1) Where any claim is preferred to, or any objection is made to the attachment or sale of, any property in execution of a certificate, on the ground that such property is not liable to such attachment or sale, the Certificate officer shall proceed to investigate the claim or objection.

Provided that no such investigation shall be made where the Certificate-officer considers that the claim or objection was designedly or unnecessarily delayed.

(2) Where the property to which the claim or objection applies has been advertised for sale, the Certificate-officer ordering the sale may postpone it pending the investigation of the claim or objection.

Evidence to
be adduced

40 The claimant or objector must adduce evidence to show that—

(a) (in the case of immovable property) at the date of the service of the notice under section 7, or

(b) (in the case of movable property) at the date of the attachment,

he had some interest in, or was possessed of, the property attached.

Release of
property from
attachment or
sale.

41 Where, upon the said investigation, the Certificate-officer is satisfied that, for the reason stated in the claim or objection, such property was not,—

(a) (in the case of immovable property) at the date of the service of the notice under section 7, or

(b) (in the case of movable property) at the date of the attachment,

in the possession of the certificate-debtor or of some person in trust for him or in the occupancy of a tenant or other person paying rent to him, or that, being in the possession of the certificate-debtor at the said date, it was so in his possession, not on his own account or as his own property, but on account of or in trust for some other person, or partly on his own account and partly on account of some other person,

the Certificate-officer shall make an order releasing the property, wholly or to such extent as he thinks fit, from attachment or sale.

Disallowance
of claim to
property at-
tached.

42 Where the Certificate-officer is satisfied that the property was, at the said date, in the possession of the certificate-debtor as his own property and not on account of any other person, or was in the possession of some other person in trust for him, or in the occupancy of a tenant or other person paying rent to him, the Certificate-officer shall disallow the claim

Saving of
suits to estab-
lish right to
attached prop-
erty.

43 Where a claim or an objection is preferred, the party against whom an order is made may institute a suit in a Civil Court to establish the right which he claims to the property in dispute; but, subject to the result of such suit (if any), the order shall be conclusive

SALE GENERALLY.

Power to
order sale of
attached prop-
erty.

44 Any Certificate officer executing a certificate may order that any property liable to sale, or such portion thereof as may seem necessary to satisfy the certificate, shall be sold

Salv of
movable prop-
erty falling
under rule 15
or of value not
exceeding Rs.
20 or of great
er value.

45 Sales of property under the proviso to rule 15 and of movable property not exceeding Rs 20 in value, shall be held on the spot. Such sales will necessarily be conducted by peons when they are the attaching officers. Sales of movable property of greater value can, under rule 46, take place only after the issue of a proclamation but they may be held on the spot or at the sadar or subdivisional headquarters, as may seem convenient and conducive to the securing of good prices, provided that the place and time of sale are notified in the proclamation. For such sales officers of higher rank than peons should always be deputed when the value of the property is estimated to exceed Rs 50, and proclamation should be issued. When the value is between Rs. 20 and Rs. 50, the Collector or Certificate-officer may, by a special order, depute a peon, if he considers it desirable to do so

Proclamation
of sale by pub-
lic auction

46 (1) Where any immovable property, or any movable property exceeding twenty rupees in value, is ordered to be sold by public auction, the Certificate-officer shall cause a proclamation of the intended sale to be made in the language of the Courts of the district

(2) Such proclamation shall be drawn up after notice to the certificate-debtor, and shall state the time and place of sale, and shall specify, as fairly and accurately as possible,—

- (a) the property to be sold,
- (b) (where the property to be sold is an interest in an estate or in part of an estate paying revenue to the Government) the revenue assessed upon the estate or part of the estate,
- (c) the amount for the recovery of which the sale is ordered, and
- (d) any other thing which the Certificate-officer considers it material for a purchaser to know in order to judge of the nature and value of the property

(3) Where a tenure, or a raijati holding at fixed rates, situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1885, is in force, is to be sold in execution of a certificate for arrears of rent due in respect thereof, the said proclamation shall also state that the tenure or holding will first be put up to auction subject to registered and notified incumbrances, and will be sold subject to those incumbrances if the sum bid is sufficient to liquidate the amount specified in the certificate, and costs, and that otherwise it will, if the certificate-holder so desires, be sold on a subsequent day, of which due notice will be given, with power to annul all incumbrances.

VIII of 1885.

(4) Where an occupancy holding, situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1885, is in force, is to be sold in execution of a certificate for arrears of rent due in respect thereof, the said proclamation shall also state that the holding will be sold with power to annul all incumbrances.

VIII of 1885.

(5) Where the certificate-holder is a co-sharer landlord and the certificate is for his share of the rent only, the provisions of sub-rules (3) and (4) shall not apply

(6) For the purpose of ascertaining the matters to be specified in the proclamation, the Certificate-officer may summon any person whom he thinks necessary to summon, and may examine him in respect to any such matters and require him to produce any document in his possession or power relating thereto

Mode of making proclamation. 47. (1) Every proclamation for the sale of immovable property shall be made at some place on or near such property by beat of drum or other customary mode, and a copy of the proclamation shall be affixed on a conspicuous part of the property and then upon a conspicuous part of the office of the Certificate-officer

(2) Where the Certificate-officer so directs, such proclamation shall also be published in the Calcutta Gazette or in a local newspaper, or in both; and the cost of such publication shall be deemed to be costs of the sale.

(3) If a tenure, a raiyati holding at fixed rates or an occupancy holding situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1886, is in force, is to be sold in execution of a certificate for arrears of rent due in respect thereof, the proclamation shall also be published in the Malkachari or rent office of the estate and at the local thana VIII of 1885.

(4) Where property is divided into lots for the purpose of being sold separately, it shall not be necessary to make a separate proclamation for each lot, unless proper notice of the sale cannot, in the opinion of the Certificate-officer, otherwise be given.

Time of sale. 48. Save in the case of property of the kind described in the proviso to rule 15, no sale hereunder shall, without the consent in writing of the certificate-debtor, take place until after the expiration of at least thirty days in the case of immovable property, or of at least fifteen days in the case of movable property exceeding twenty rupees in value, calculated from the date on which a copy of a sale proclamation has been affixed in a conspicuous part of the office of the Certificate-officer

Provided that if a tenure, a raiyati holding at fixed rates or an occupancy holding situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1886, is in force, is to be sold in execution of a certificate for arrears of rent due in respect thereof, the sale shall not, without the consent in writing of the certificate-debtor, take place until after the expiration of at least thirty days, calculated from-- VIII of 1885.

(a) the date on which a copy of the sale proclamation has been affixed in a conspicuous part of the office of the Certificate-officer, or

(b) the date on which the sale proclamation has been published in the Malkachari or rent office of the estate and at the local thana,

whichever is later

Purchase of property by the certificate-holder. 49. (i) No holder of a certificate in execution of which property is sold shall, without the express permission of the Certificate-officer, bid for or purchase the property.

(ii) Where a certificate-holder purchases with such permission, the purchase-money and the amount due on the certificate may be set off against one another, and the Certificate-officer executing the certificate shall enter up satisfaction of the certificate in whole or in part accordingly

(iii) Where a certificate-holder purchases, by himself or through another person, without such permission, the Certificate-officer may, if he thinks fit, on the application of the certificate-debtor or any other person whose interests are affected by the sale, by order set aside the sale; and the costs of such application and order, and any deficiency of price which may happen on the re-sale and all expenses attending it, shall be paid by the certificate-holder.

Exception.—These rules do not apply when the certificate-holder is the Secretary of State for India in Council.

Adjournment or stoppage of sale. 50. (1) The Certificate-officer may, in his discretion, adjourn any sale hereunder to a specified day and hour, and the officer conducting any such sale may in his discretion, adjourn the sale, recording his reasons for such adjournment

Provided that, where the sale is made in, or within the precincts of, the office of the Certificate-officer, no such adjournment shall be made without the leave of the Certificate-officer.

(2) Where a sale is adjourned under sub rule (1) for a longer period than seven days, a fresh proclamation under rule 47 shall be made unless the certificate-debtor consents to waive it.

(3) Every sale shall be stopped if, before the lot is knocked down, the debt and costs (including the costs of the sale) are tendered to the officer conducting the sale, or proof is given to his satisfaction that the amount of such debt and costs has been paid to the Certificate-officer who, ordered the sale.

§1 Defaulting purchaser answerable for omission re-sale 51. Any deficiency of price which may happen on a re-sale by reason of the purchaser's default, and all expenses attending such re-sale, shall be certified to the Certificate-officer by the officer or other person holding the sale, and shall, at the instance of either the certificate-holder or the certificate-debtor, be recoverable from the defaulting purchaser under the procedure provided by this Act

Restriction on bidding or purchase by officers 52. No officer or other person having any duty to perform in connection with any sale shall, either directly or indirectly, bid for, acquire or attempt to acquire, any interest in the property sold

Levy of poundage fees 53. (i) Poundage fees shall be leviable in Court-fee stamps in all cases of sale under the Bengal Public Demands Recovery Act, 1913, at the rate of 2 per cent. on the gross amount realized by the sale up to Rs. 1,000, and at the rate of 1 per cent on all excess of gross proceeds beyond Rs. 1,000

Provided that, where a sale of immovable property is set aside under section 25 (2) of the Act, any poundage or other fee charged for selling the property shall, on application, be refunded.

(ii) The percentage leviable shall be calculated on multiples of Rs. 25, that is to say, a poundage fee of 8 annas should be levied for every Rs. 25 or part of Rs. 25, realized by the sale, up to Rs. 1,000, and in the case of the proceeds of the sale exceeding Rs. 1,000, a fee of 4 annas for every Rs. 25 or part thereof of the excess proceeds above Rs. 1,000, should be levied

(iii) In cases in which several properties are sold in satisfaction of one certificate, only one poundage fee, calculated on the gross sale-proceeds, should be levied, 2 per cent being charged on the gross sale-proceeds up to Rs. 1,000 and one per cent on the excess over Rs. 1,000 of such proceeds

(iv) The proceeds of a sale effected in execution of any certificate will be paid out of Court only on an application made for that purpose in writing, and the poundage fee for selling the property must be paid by stamps affixed to the first of such applications, whether it be, or be not, made by the person who obtained the order for sale, or whether it does, or does not, extend to the whole of the proceeds. No fee will be chargeable upon any such application subsequent to the first.

(v) In cases in which the certificate-holder applies for leave to purchase under rule 49 (a), no order to set off the purchase-money against the amount of certificate shall be made upon the application for leave to purchase. Such order shall be made upon a petition presented after the property has been knocked down to the certificate-holder at the auction sale, and such petition shall be stamped with stamps of value of the poundage fee due for selling the property.

Addition of costs, etc., to certificate and payment by certificate-holder of purchase money in excess of the amount of certificate. 54. Upon the hearing of the petition referred to in rule 53 (v), the costs of execution including the amount of the stamps attached to the petition, shall be ascertained and shall be added to the certificate; and in cases in which the amount of the purchase-money exceeds the amount of the certificate and of such costs, the certificate-holder who has so purchased the property shall pay to the Certificate-officer the sum of 25 per cent. upon the balance of the purchase-money after deducting the amount of the certificate and of such costs, and shall pay the balance on or before the fifteenth day from the sale in accordance with rule 69.

SALE OF MOVABLE PROPERTY

Sale of agricultural produce 55 (1) Where the property to be sold is agricultural produce, the sale shall be held,—

- (a) if such produce is a growing crop—on or near the land on which such crop has grown, or
- (b) if such produce has been cut or gathered—at or near the threshing-floor or place for treading out grain or the like, or fodder-stack, on or in which it is deposited:

Provided that the Certificate-officer may direct the sale to be held at the nearest place of public resort, if he is of opinion that the produce is thereby likely to sell to greater advantage

(2) Where, on the produce being put up for sale,—

(a) a fair price, in the estimation of the person holding the sale, is not offered for it, and

(b) the owner of the produce, or a person authorised to act in his behalf, applies to have the sale postponed till the next day or, if a market is held at the place of sale, the next market day,

the sale shall be postponed accordingly, and shall be then completed, whatever price may be offered for the produce

Special provisions relating to growing crops

56 (1) Where the property to be sold is a growing crop, and the crop from its nature admits of being stored but has not yet been stored, the day of the sale shall be so fixed as to admit of the crop being made ready for storing before the arrival of such day, and the sale shall not be held until the crop has been cut or gathered and is ready for storing

(2) Where the crop from its nature does not admit of being stored, it may be sold before it is cut and gathered, and the purchaser shall be entitled to enter on the land, and to do all that is necessary for the purpose of tending and cutting or gathering the crop

Sale by public auction.

57 (1) Where movable property is sold by public auction, the price of each lot shall be paid at the time of sale or as soon after as the officer or other person holding the sale directs, and in default of payment the property shall forthwith be re-sold

(2) On payment of the purchase-money, the officer or other person holding the sale shall grant a receipt for the same, and the sale shall become absolute

(3) Where the movable property to be sold is a share in goods belonging to the certificate debtor and a co-owner, and two or more persons, of whom one is such co-owner, respectively bid the same sum for such property or for any lot, the bidding shall be deemed to be the bidding of the co-owner.

Irregularity not to vitiate sale, but any person injured may sue.

58 No irregularity in publishing or conducting the sale of movable property shall vitiate the sale, but any person sustaining substantial injury by reason of such irregularity at the hand of any other person may institute a suit in a Civil Court against him for compensation, or (if such other person is the purchaser) for the recovery of the specific property and for compensation in default of such recovery

Delivery of movable property, debts and shares.

59 (1) Where the property sold is movable property of which actual seizure has been made, it shall be delivered to the purchaser.

(2) Where the property sold is movable property in the possession of some person other than the certificate debtor, the delivery thereof to the purchaser shall be made by giving notice to the person in possession, prohibiting him from delivering possession of the property to any person except the purchaser.

(3) Where the property sold is a debt not secured by a negotiable instrument, or is a share in a Corporation, the delivery thereof shall be made by a written order of the Certificate-officer prohibiting the creditor from receiving the debt or any interest thereon and the debtor from making payment thereof to any person except the purchaser, or prohibiting the person in whose name the share may be standing from making any transfer of the share to any person except the purchaser or receiving payment of any dividend or interest thereon, and the manager, secretary or other proper officer of the Corporation from permitting any such transfer or making any such payment to any person except the purchaser.

Transfer of negotiable instruments and shares.

60. (1) Where the execution of a document, or the endorsement of the party in whose name a negotiable instrument or a share in a Corporation is standing, is required to transfer such negotiable instrument or share, the Collector, or such officer as he may appoint in this behalf, may execute such document or make such endorsement as may be necessary; and such execution or endorsement shall have the same effect as an execution or endorsement by the party.

(2) Such execution or endorsement may be in the following form, namely:—

A B, by C D, Collector of the district of _____, in a proceeding under the Bengal Public Demands Recovery Act, 1913, against A B.

(3) Until the transfer of such negotiable instrument or share, the Certificate-officer may, by order, appoint some person to receive any interest or dividend due thereon, and to sign a receipt for the same; and any receipt so signed shall be as valid and effectual for all purposes as if the same had been signed by the party himself

Vesting order in case of other property. 61. In the case of any movable property not hereinbefore provided for, the Certificate-officer may make an order vesting such property in the purchaser or as he may direct; and such property shall vest accordingly.

SALE OF IMMOVABLE PROPERTY

Sale of tenure or holding at fixed rates, subject to registered and notified incumbrances. 62. (1) When a tenure or a holding at fixed rates, situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1885, is in force, has been advertised under rule 46 for sale in execution of a certificate for arrears of rent due in respect thereof, it shall be put up to auction subject to registered and notified incumbrances; and, if the bidding reaches a sum sufficient to liquidate the amount of the certificate and the costs of the sale, the tenure or holding shall be sold subject to such incumbrances. VIII of 1885.

(2) The purchaser at such sale may, in manner provided by section 167 of the Bengal Tenancy Act, 1885, and not otherwise, annul any incumbrance upon the tenure or holding, not being a registered and notified incumbrance. VIII of 1885.

Sale of tenure or holding at fixed rates, with power to avoid all incumbrances. 63. (1) If the bidding for a tenure or a holding at fixed rates, put up to auction under rule 62, does not reach a sum sufficient to liquidate the amount of the certificate and costs as aforesaid, and if the certificate-holder thereupon desires that the tenure or holding be sold with power to avoid all incumbrances, the person holding the sale shall adjourn the sale and make a fresh proclamation under rule 46 announcing that the tenure or holding will be put up to auction and sold with power to avoid all incumbrances, upon a future day specified therein, not less than fifteen or more than thirty days from the date of the postponement, and upon that day the tenure or holding shall be put up to auction and sold with power to avoid all incumbrances.

(2) The purchaser at a sale under this rule may, in manner provided by section 167 of the Bengal Tenancy Act, 1885, and not otherwise, annul any incumbrance on the tenure or holding. VIII of 1885

Sale of occupancy holding, with power to avoid all incumbrances. 64. (1) When an occupancy-holding, situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1885, is in force, has been advertised under rule 46 for sale in execution of a certificate for arrears of rent due in respect thereof, it shall be put up to auction and sold with power to avoid all incumbrances. VIII of 1885.

(2) The purchaser at a sale under this rule may, in manner provided by section 167 of the Bengal Tenancy Act, 1885, and not otherwise, annul any incumbrance on the holding. VIII of 1885

Rules 62 to 64 not to apply in certain cases to certificate-holders who are co-sharer landlords. 65 Where the certificate-holder is a co-sharer landlord and the certificate is for his share of the rent only, the provisions of rules 62, 63 and 64 shall not apply.

Postponement of sale to enable certificate-debtor to raise amount due under certificate. 66. (1) Where an order for the sale of immovable property has been made, if the certificate-debtor can satisfy the Certificate-officer that there is reason to believe that the amount of the certificate may be raised by the mortgage or lease or private sale of such property, or some part thereof, or of any other immovable property of the certificate-debtor, the Certificate-officer may, on his application, postpone the sale of the property comprised in the order for sale, on such terms and for such period as he thinks proper, to enable him to raise the amount.

(2) In such case the Certificate-officer shall grant a certificate to the certificate debtor, authorising him, within a period to be mentioned therein, and notwithstanding anything contained in section 8 or section 18, to make the proposed mortgage, lease or sale.

Provided that all moneys payable under such mortgage, lease or sale shall be paid, not to the certificate-debtor, but to the Certificate-officer.

Provided also that no mortgage, lease or sale under this rule shall become absolute until it has been confirmed by the Certificate-officer.

Prohibition of purchase of tenure or holding by certificate-debtor. 67. (1) When a tenure or holding, situated in an area in which Chapter XIV of the Bengal Tenancy Act, 1885, is in force, is put up for sale in execution of a certificate for arrears of rent due in respect thereof, the certificate-debtor shall not bid for or purchase the tenure or holding. VIII of 1885.

(2) If a certificate-debtor purchases, by himself or through another person, a tenure or holding so sold, the Certificate-officer may, if he thinks fit, on the application of the certificate holder or any other person interested in the sale, by order, set aside the sale, and the costs of the application and order and any deficiency of price which may happen on the re-sale, and all expenses attending it, shall be paid by the certificate-debtor.

Deposit by purchaser and re-sale in default. 68. On every sale of immovable property, the person declared to be purchaser shall pay, immediately after such declaration, a deposit of 25 per cent on the amount of his purchase-money, to the officer or other person conducting the sale, and, in default of such deposit, the property shall forthwith be re-sold.

Time for payment of purchase-money in full. 69. The full amount of purchase-money payable shall be paid by the purchaser to the Certificate officer on or before the fifteenth day from the sale of the property.

Procedure in default of payment. 70. In default of payment within the period mentioned in rule 69, the deposit may, if the Certificate-officer thinks fit, after deducting the expenses of the sale, be forfeited to the Government, and the property shall be re-sold, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may subsequently be sold.

Notification on re sale. 71. Every re sale of immovable property, in default of payment of the purchase-money within the period allowed for such payment, shall be made after the issue of a fresh proclamation in the manner and for the period hereinbefore prescribed for the sale.

Bid of co sharer to have preference. 72. Where the property sold is a share of undivided immovable property, and two or more persons, of whom one is a co sharer, respectively bid the same sum for such property or for any lot, the bid shall be deemed to be the bid of the co-sharer.

Return of purchase-money in certain cases. 73. Where a sale of immovable property is set aside, any money paid or deposited by the purchaser on account of the purchase, together with the penalty (if any) referred to in clause (b) of section 22, and such interest as the Certificate-officer may allow, shall be paid to the purchaser.

Certificate to purchaser. 74. (1) Where a sale of immovable property has become absolute, the Certificate-officer shall grant a certificate specifying the property sold and the name of the person who at the time of sale is declared to be the purchaser.

(2) Such certificate shall bear date the day on which the sale became absolute.

Delivery of property in occupancy of certificate debtor. 75. Where the immovable property sold is in the occupancy of the certificate-debtor, or of some person on his behalf, or of some person claiming under a title created by the certificate-debtor subsequently to the service of the notice issued under section 7, and a certificate in respect thereof has been granted under rule 74, the Certificate-officer shall, on the application of the purchaser, order delivery to be made by putting such purchaser, or any person whom he may appoint to receive delivery on his behalf, in possession of the property, and, if need be, by removing any person who refuses to vacate the same.

Delivery of property in occupancy of tenant or other person. 76. Where the property sold is in the occupancy of a tenant or other person entitled to occupy the same, and a certificate in respect thereof has been granted under rule 74, the Certificate-officer shall, on the application of the purchaser, order delivery to be made by affixing a copy of the certificate of sale in some conspicuous place on the property, and proclaiming to the occupant by beat of drum or other customary mode, at some convenient place that the interest of the certificate-debtor has been transferred to the purchaser.

ARREST AND DETENTION.

Discretionary power to permit certificate-debtor to show cause against detention in prison. 77. (1) The Certificate officer may, before issuing a warrant for the arrest of the certificate debtor, issue a notice calling upon him to appear before the Certificate-officer, on a day to be specified in the notice, and show cause why he should not be committed to the civil prison.

(2) Where appearance is not made in obedience to the notice, the Certificate-officer may issue a warrant for the arrest of the certificate-debtor.

Sustenance allowance. 78. (1) When a certificate has been signed either in accordance with the provisions of section 4, or on a requisition made under section 5, no certificate-debtor shall be arrested in execution of the certificate unless and

until the certificate-holder pays into Court such sum as the Certificate-officer thinks sufficient for the subsistence of the certificate-debtor from the time of his arrest until he can be brought before the Certificate-officer

(2) When a certificate-debtor is committed to the civil prison in execution of a certificate, the Certificate-officer shall fix for his subsistence such monthly allowance as he may be entitled to according to the scale fixed by the Local Government for the subsistence of arrested judgment-debtors, or, where no such scale has been fixed, as the Certificate-officer considers sufficient with reference to the class to which the certificate-debtor belongs.

(3) The monthly allowance fixed by the Certificate officer shall be supplied, by the person upon whose requisition the certificate was signed, by monthly payments in advance before the first day of each month

(4) The first payment shall be made to the Certificate-officer for such portion of the current month as remains unexpired before the certificate-debtor is committed to the civil prison, and the subsequent payments (if any) shall be made to the officer in charge of the civil prison

(5) Sums disbursed by the certificate-holder for the subsistence of the certificate-debtor in the civil prison shall be deemed to be costs in the proceeding

Provided that the certificate debtor shall not be detained in the civil prison or arrested on account of any sum so disbursed

SUPPLEMENTAL

Register of certificates. 79. (1) Every Certificate officer shall cause to be kept in his office a register of certificates filed in his office under this Act, and shall cause particulars of all such certificates to be entered in such register.

(2) Such register shall be open during office hours, for not less than two hours daily, and at such time as may be fixed by the Collector, for inspection by any person who desires to inspect the same, and a fee of one anna shall be chargeable for every such inspection.

NOTE.—The fee should be prepaid by court fee stamp affixed to the application.

Payment by instalments. 80 (1) Payment of the amount due under any certificate may be made by instalments, if the Certificate-officer in whose office the certificate is filed so directs

(2) The payment of every such instalment shall be entered in the register referred to in rule 79

PROCLAMATION OF SALE.

(See rule 46)

NOTICE is hereby given that, under rule 44 in Schedule II to the Bengal Public Demands Recovery Act, 1913, an order has been passed by me for the sale of the property mentioned in the annexed schedule, in satisfaction of the claim of the certificate-holder under the certificate mentioned in the margin¹, amounting, with costs and interest up to date of sale, to the sum of .

The sale will be by public auction, and the property will be put up for sale in the lots specified in the schedule. The sale will be of the property of the certificate-debtor above-named, as mentioned in the schedule below.

In the absence of any order of postponement, the sale will be held by at the monthly sale commencing at o'clock on the at

. In the event, however, of the debt above specified, and of the costs of the sale, being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly-authorised agent. The following are the further

Conditions of Sale.

1. The particulars specified in the schedule below have been stated to the best of the information of the Certificate-officer; but the Certificate-officer will not be answerable for any error, mis-statement or omission in this proclamation

2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction

3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so

4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of rule 50 in Schedule II to the Bengal Public Demands Recovery Act, 1913.

5. In the case of movable property, the price of each lot shall be paid at the time of sale or as soon after as the officer holding the sale directs, and in default of payment the property shall forthwith be again put up and resold.

6. In the case of immovable property, the person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent. on the amount of his purchase-money to the officer conducting the sale, and in default of such deposit the property shall forthwith be put up again and re-sold

7. The full amount of the purchase money shall be paid by the purchaser before the office of the Certificate officer closes on the fifteenth day after the sale of the property exclusive of such day, or, if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day

8. In default of payment of the balance of purchase-money within the period allowed, the property shall be re-sold after the issue of a fresh notification of sale. The deposit, after defraying the expenses of the sale, may, if the Certificate-officer thinks fit, be forfeited to the Government, and the defaulting purchaser shall forfeit all claim to the property or to any part of the sum for which it may be subsequently sold

No. 399-IV.—In supersession of the Notification in this Department, No. 111-W., dated the 15th August 1914, the following Royal Proclamation is published for general information.—

By the King.

A PROCLAMATION.

Extending the Scope of certain existing Proclamations and a certain Order in Council connected with the War.

GEORGE R.I.

WHEREAS on the fourth day of August one thousand nine hundred and fourteen a State of War came into existence between Us on the one hand and the German Empire on the other.

And WHEREAS we did on the same date and on the fifth day of August one thousand nine hundred and fourteen issue certain Proclamations and Orders in Council connected with such State of War.

And WHEREAS a State of War now exists between Us on the one hand and the Dual Monarchy of Austria-Hungary on the other.

AND WHEREAS it is therefore desirable to extend the scope of certain of the Proclamations and Orders in Council aforesaid.

NOW THEREFORE WE have thought fit by and with the advice of Our Privy Council to issue this Our Royal Proclamation declaring and it is hereby declared as follows.—

1 The Proclamation warning all Our subjects and all persons resident or being in Our Dominions from contributing to, or participating in or assisting in the floating of, any loan raised on behalf of the German Government, or from advancing money to or entering into any contract or dealings whatsoever with the said Government, or otherwise aiding, abetting, or assisting the said Government, shall be deemed as from this date to apply to all loans raised on behalf of, or contracts or dealings entered into with, or to aiding, abetting, or assisting the Austro-Hungarian Government.

2. The Proclamation on Trading with the Enemy shall be deemed as from this date to prohibit with the Dual Monarchy of Austria-Hungary all commercial intercourse, which under the said Proclamation is prohibited with the German Empire, and for this purpose such Proclamation shall be read as if throughout the operative portion thereof, the words "either the German Empire or the Dual Monarchy of Austria-Hungary" were substituted for the words "the German Empire."

3. (1) In the Order in Council issued with reference to the departure from Our Ports of enemy vessels, which at the outbreak of hostilities were in any such Port or which subsequently entered the same, the word "enemy," as applied to either ships or cargo, shall be deemed as from this date to include Austro-Hungarian ships or cargo.

(2) In the application of this article to Austro-Hungarian ships the date Saturday, the fifteenth day of August, shall be substituted for the date mentioned in Article 2 of the said Order in Council, and the date Saturday, the twenty-second day of August, shall be substituted for the date mentioned in Article 3 of the said Order in Council.

4. The Proclamation specifying the articles which it is Our intention to treat as Contraband of War during the war with Germany shall be deemed to specify the articles which it is Our intention to treat as Contraband of War during the war with Austria-Hungary.

5. In the Proclamation forbidding the carriage in British vessels from any Foreign Port to any other Foreign Port of any article comprised in the list of Contraband of War issued by Us, unless the shipowner shall have first

satisfied himself that the articles are not intended ultimately for use in the enemy country, the words "enemy country" shall be deemed as from this date to include the Dual Monarchy of Austria-Hungary

Given at OUR Court at Buckingham Palace this twelfth day of August in the year of OUR LORD one thousand nine hundred and fourteen, and in the fifth year of OUR Reign.

No 1936-I A.—The following gracious message from His Majesty the King-Emperor to the Princes and peoples of the Indian Empire is published for general information.—

During the past few weeks the peoples of my whole Empire at home and overseas have moved with one mind and purpose to confront and overthrow an unparalleled assault upon the continuity, civilisation and peace of mankind. The calamitous conflict is not of my seeking. My voice has been cast throughout on the side of peace. My Ministers earnestly strove to allay the causes of strife and to appease differences with which my Empire was not concerned. Had I stood aside when, in defiance of pledges to which my Kingdom was a party, the soil of Belgium was violated and her cities laid desolate, when the very life of the French nation was threatened with extinction, I should have sacrificed my honour and given to destruction the liberties of my Empire and of mankind. I rejoice that every part of the Empire is with me in this decision. Paramount regard for treaty faith and pledged word of Rulers and peoples is the common heritage of England and India. Amongst the many incidents that have marked the unanimous uprising of the populations of my Empire in defence of its unity and integrity, nothing has moved me more than the passionate devotion to my Throne expressed both by my Indian subjects and by Feudatory Princes and Ruling Chiefs of India and their prodigal offers of their lives and their resources in the cause of the realm. Their one-voiced demand to be foremost in conflict has touched my heart and has inspired to highest issues the love and devotion which, as I well know, have ever linked my Indian subjects and myself. I recall to mind India's gracious message to the British nation of good-will and fellowship which greeted my return in February 1912 after the solemn ceremony of my Coronation Durbar at Delhi, and I find in this hour of trial a full harvest and a noble fulfilment of the assurance given by you that the destinies of Great Britain and India are indissolubly linked.

COMMERCE AND TRADE

Simla, the 12th September 1914.

No 9507—In supersession of the Notification in this Department No. 7138-Commerce and Trade, dated the 10th August 1914, the following Royal Proclamation is published for general information :—

By the King.

A PROCLAMATION RELATING TO TRADING WITH THE ENEMY.

GEORGE, R I.

WHEREAS a state of war has existed between Us and the German Empire as from 11 P.M. on August 4th, 1914, and a state of war has existed between

Us and the Dual Monarchy of Austria-Hungary as from midnight on August 12th, 1914 :

And whereas it is contrary to law for any person resident, carrying on business or being in OUR Dominions to trade or have any commercial or financial transactions with any persons resident or carrying on business in the German Empire or Austria-Hungary without OUR permission :

And whereas by OUR Proclamation of the 5th August 1914, relating to trading with the enemy, certain classes of transactions with the German Empire were prohibited .

And whereas by paragraph 2 of OUR Proclamation of the 12th August 1914, the said Proclamation of the 5th August 1914 was declared to be applicable to Austria-Hungary

And whereas it is desirable to restate and extend the prohibitions contained in the former Proclamations and for that purpose to revoke the Proclamation of the 5th August 1914 and paragraph 2 of the Proclamation of the 12th August 1914 and to substitute this Proclamation therefor .

And whereas it is expedient and necessary to warn all persons resident, carrying on business or being in OUR Dominions of their duties and obligations towards Us, OUR Crown and Government

Now, therefore, WE have thought fit by and with the advice of OUR Privy Council to issue this OUR Royal Proclamation declaring, and it is hereby declared, as follows —

1. The aforesaid Proclamation of the 5th August 1914 relating to Trading with the Enemy and paragraph 2 of the aforesaid Proclamation of the 12th August 1914, together with any public announcement officially issued in explanation thereof, are hereby as from the date hereof revoked, and from and after the date hereof this present Proclamation is substituted therefor.

2. The expression "*Enemy Country*" in this Proclamation means the territories of the German Empire and of the Dual Monarchy of Austria-Hungary, together with all the colonies and dependencies thereof.

3. The expression "*Enemy*" in this Proclamation means any person or body of persons of whatever nationality resident or carrying on business in the Enemy Country, but does not include persons of Enemy Nationality who are neither resident nor carrying on business in the Enemy Country. In the case of incorporated bodies, Enemy character attaches only to those incorporated in an Enemy Country.

4. The expression "*outbreak of war*" in this Proclamation means 11 p.m. on the 4th August 1914 in relation to the German Empire, its colonies and dependencies, and midnight on the 12th August 1914 in relation to Austria-Hungary, its colonies and dependencies

5. From and after the date of this Proclamation, the following prohibitions shall have effect (save so far as licences may be issued as hereinafter provided) and WE do hereby accordingly warn all persons resident, carrying on business or being in OUR Dominions .

(1) Not to pay any sum of money to or for the benefit of an enemy.

(2) Not to compromise or give security for the payment of any debt or other sum of money with or for the benefit of an enemy

(3) Not to act on behalf of an enemy in drawing, accepting, paying, presenting for acceptance or payment, negotiating or otherwise dealing with any negotiable instrument.

(4) Not to accept, pay or otherwise deal with any negotiable instrument which is held by or on behalf of an enemy, provided that this prohibition shall not be deemed to be infringed by any person who has no reasonable ground for believing that the instrument is held by or on behalf of an enemy.

(5) Not to enter into any new transaction or complete any transaction already entered into with an enemy in any stocks, shares or other security.

(6) Not to make or enter into any new marine, life, fire or other policy or contract of insurance with or for the benefit of an enemy nor to accept or give

effect to any insurance of any risk arising under any policy or contract of insurance (including reinsurance) made or entered into with or for the benefit of an enemy before the outbreak of war.

(7) Not directly or indirectly to supply to or for the use or benefit of or obtain from an Enemy Country or an enemy any goods, wares or merchandise nor directly or indirectly to supply to or for the use or benefit of or obtain from any person any goods, wares or merchandise for or by way of transmission to or from an Enemy Country or an enemy; nor directly or indirectly to trade in or carry any goods, wares or merchandise destined for or coming from an Enemy Country or an enemy.

(8) Not to permit any British ship to leave or enter or communicate with any port or place in an Enemy Country.

(9) Not to enter into any commercial, financial or other contract or obligation with or for the benefit of an enemy

(10) Not to enter into any transactions with an enemy if and when they are prohibited by an Order of Council made and published on the recommendation of a Secretary of State, even though they would otherwise be permitted by law or by this or any other Proclamation.

And We do hereby further warn all persons that whoever in contravention of the law shall commit, aid or abet any of the aforesaid acts is guilty of a crime and will be liable to punishment and penalties accordingly.

6. Provided always that where an enemy has a branch locally situated in British, allies' or neutral territory, not being neutral territory in Europe, transactions by or with such branch shall not be treated as transactions by or with an enemy.

7 Nothing in this Proclamation shall be deemed to prohibit payments by or on account of enemies to persons resident, carrying on business or being in Our Dominions if such payment arise out of transactions entered into before the outbreak of war or otherwise permitted

8 Nothing in this Proclamation shall be taken to prohibit anything which shall be expressly permitted by Our licence or by the licence given on Our behalf by a Secretary of State or the Board of Trade whether such licences be especially granted to individuals or be announced as applying to classes of persons

9. This Proclamation shall be called "THE TRADING WITH THE ENEMY PROCLAMATION NUMBER 2."

GIVEN AT OUR COURT AT BUCKINGHAM PALACE THIS NINTH DAY OF SEPTEMBER IN THE YEAR OF OUR LORD one thousand nine hundred and fourteen and in the fifth year of Our Reign

GOD SAVE THE KING.

The 19th September 1914.

No. 9848.—The following "Order in Council" is published for general information :—

At the Court at Buckingham Palace, the 20th day of August, 1914.

PRESENT.

The King's Most Excellent Majesty in Council.

Whereas during the present hostilities the Naval Forces of His Majesty will co-operate with the French and Russian Naval Forces, and

Whereas it is desirable that the naval operations of the allied forces so far as they affect neutral ships and commerce should be conducted on similar principles, and

Whereas the Governments of France and Russia have informed His Majesty's Government that during the present hostilities it is their intention to act in accordance with the provisions of the Convention known as the Declaration of London, signed on the 26th day of February, 1909, so far as may be practicable.

NOW, THEREFORE, His Majesty, by and with the advice of His Privy-Council, is pleased to order, and it is hereby ordered, that during the present hostilities the Convention known as the Declaration of London shall, subject to the following additions and modifications, be adopted and put in force by His Majesty's Government as if the same had been ratified by His Majesty :—

The additions and modifications are as follows —

(1) The lists of absolute and conditional contraband contained in the Proclamation dated August 4th, 1914, shall be substituted for the lists contained in articles 22 and 24 of the said Declaration.

(2) A neutral vessel which succeeded in carrying contraband to the enemy with false papers may be detained for having carried such contraband if she is encountered before she has completed her return voyage.

(3) The destination referred to in article 33 may be inferred from any sufficient evidence, and (in addition to the presumption laid down in article 34) shall be presumed to exist if the goods are consigned to or for an agent of the Enemy State or to or for a merchant or other person under the control of the authorities of the Enemy State.

(4) The existence of a blockade shall be presumed to be known—

(a) to all ships which sailed from or touched at an enemy port a sufficient time after the notification of the blockade to the local authorities to have enabled the enemy Government to make known the existence of the blockade;

(b) to all ships which sailed from or touched at a British or allied port after the publication of the declaration of blockade.

(5) Notwithstanding the provisions of article 35 of the said Declaration, conditional contraband, if shown to have the destination referred to in article 33, is liable to capture to whatever port the vessel is bound and at whatever port the cargo is to be discharged.

(6) The General Report of the Drafting Committee on the said Declaration presented to the Naval Conference and adopted by the Conference at the eleventh plenary meeting on February 25th, 1909, shall be considered by all Prize Courts as an authoritative statement of the meaning and intention of the said Declaration, and such Courts shall construe and interpret the provisions of the said Declaration by the light of the commentary given herein.

And the Lords Commissioners of his Majesty's Treasury, the Lords Commissioners of the Admiralty, and each of His Majesty's Principal Secretaries of State, the President of the Probate, Divorce and Admiralty Division of the High Court of Justice, all other Judges of His Majesty's Prize Courts, and all Governors, Officers and Authorities whom it may concern, are to give the necessary directions herein as to them may respectively appertain.

No. 9610.—The following Notice to Mariners No. 1528 of 1914 issued by the Admiralty is published for general information :—

• “For the purposes of national defence it is considered necessary that certain channels in the approaches to the Thames should be closed. All incoming vessels flying Foreign flags and all British vessels from all Foreign and Colonial Ports must call at the New Pilot Station now established in the vicinity of the Tongue Light Vessel or at one of the established Pilot Stations, viz., the Sunk Light Vessel Margate, Deal and Dover and be conducted to their destination by a licensed pilot. All outgoing vessels of the same description must before sailing obtain the services of a licensed pilot to conduct them to sea. All incoming vessels not included in the above before leaving their point of departure for the Thames and all similar outgoing vessels must obtain instructions from the nearest Customs authorities as to the channels to be used. These arrangements are to take effect from noon on Monday, the 14th September”

No. 9780—The following Royal Proclamation is published for general information—

By the King.

A PROCLAMATION.

MODIFYING THE PROCLAMATIONS OF THE 3RD, THE 5TH, AND THE 10TH AUGUST, 1914, RELATING TO THE EXPORTATION OF CERTAIN WARLIKE STORES, PROVISIONS AND VICTUAL.

GEORGE R.I.

WHEREAS by the 8th Section of "The Customs and Inland Revenue Act, 1879," it is enacted that we may, by Proclamation or Order in Council, prohibit the exportation of arms, ammunition and gunpowder, military and naval stores, and any articles which WE shall judge capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions, or any sort of victual, which may be used as food for men:

And whereas by the first section of "The Exportation of Arms Act, 1900," it is enacted that WE may, by Proclamation, prohibit the exportation of arms, ammunition, military or naval stores and any article which WE shall judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores, to any country or place therein named whenever WE shall judge such prohibition to be expedient in order to prevent such arms, ammunition military or naval stores, being used against OUR subjects or forces, or against any forces engaged or which may be engaged in military or naval operations in co-operation with OUR forces

And whereas by OUR Proclamations, dated the 3rd August, 1914, the 5th August, 1914, and the 10th August, 1914, effect was given to the provisions of the above recited sections of the said Acts of Parliament by the prohibition of the exportation from the United Kingdom of certain military and naval stores and other articles as therein set forth

And Whereas WE, by and with the advice of OUR Privy Council, now deem it expedient that the exportation of the articles mentioned in that one of OUR Proclamations dated the 5th August, 1914, made under the first section of "The Exportation of Arms Act, 1900," shall no longer be Prohibited to the Ports of Belgium, and also that the lists of articles of which the exportation is prohibited in the said Proclamation dated the 3rd August, 1914, in the said Proclamation dated the 5th August, 1914, made under the first section of "The Exportation of Arms Act, 1900," and in the said Proclamation dated the 10th August, 1914, shall be modified, both by way of addition to and deletion from the lists of articles therein mentioned:

NOW, WE, by and with the advice aforesaid, do hereby order and direct that from and after the date hereof the prohibitions published in the aforesaid Proclamations shall be read as subject to the modifications shown in the First Schedule hereunto appended, and that from and after the 30th August, 1914, the said prohibitions shall be read as subject also to the further modifications shown in the Second Schedule hereunto appended.

FIRST SCHEDULE—TO TAKE EFFECT FORTHWITH.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 2454M.—The 21st September 1914.—The following draft of rules and conditions which the Governor in Council proposes to make and impose, under section 290 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), for the Howrah Municipality, in supersession of the Rules published under Notification No. 228M., dated the 15th January 1897, at page 12 of Part IB of the *Calcutta Gazette* of the 20th idem, is published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 2nd November 1914 and any objection or suggestion received by the undersigned before that date will be duly considered.

Draft Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow the owner or occupier of any holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 50 or such higher amount as may be fixed from time to time by the Commissioners at a meeting, to lay communication-pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied free of cost at the Municipal office; and the work must be commenced within three months from the date of sanction, failing which the sanction shall be deemed to be withdrawn, and a fresh application and sanction shall be required.

2. A fee of Rs. 1 must be paid to the Commissioners by such owner or occupier for each new connection or for each addition to, or alteration in, an existing connection before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. No person other than the Licensed Plumbers will be allowed to execute any work in connection with the supply of water to any holding as contemplated in Part VII of the Bengal Municipal Act.

4. (1) The owner or occupier of the holding in respect of which the connection is required must, on applying for the connection, pay the entire cost thereof, including the cost of the supply and fixing of the fittings referred to in rule 8.

(2) The applicant for the connection must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains, or pipes and the cost of such other works as may be necessitated by, or result from, the work of making such connection, and also all charges for which the Commissioners may become liable in respect of any of the matters referred to in this sub-rule.

5. Each holding must have a separate connection, and extensions from the communication-pipe of one holding to another shall not be permitted. Connections, however, may be allowed from a common communication-pipe provided that such pipe is laid in a street or common passage, and that a separate stop-cock and meter is fixed to each such connection.

6. Every connection with municipal water-mains must be made under the supervision of an officer appointed by the Commissioners in this behalf and no such connection shall be made except at such time as may be appointed and in such position as may be selected, by an authorised Municipal officer.

7. No connection shall be allowed to the rising main except with the permission of the Commissioners at a meeting.

8. A holding connection shall comprise the following parts or fittings:—

- (a) a brass or gun-metal ferrule inserted in the main supply-pipe;
- (b) a galvanized iron communication-pipe from the ferrule to the meter;
- (c) a stop-cock and its surface box;
- (d) a meter.
- (e) service-pipes from the stop-cock to the taps; and
- (f) taps.

9. Of the fittings referred to in rule 8, those specified under (a), (c) (d) and (f) shall be of such pattern as may from time to time be fixed by the Commissioners at a meeting and shall be supplied by the Commissioners at such rates as may from time to time be fixed by them at a meeting.

10. All communication-pipes and service-pipes shall be inspected and stamped by an officer authorized by the Commissioners before being fixed.

11. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (a) and (b) of rule 8 and the number of taps should be fixed in accordance with the annual valuation of the holdings as follows:—

Annual valuation of holding		Size of ferrule	Diameter of communication-pipe.	Number of taps
Under Rs. 200	...	$\frac{1}{4}$ "	$\frac{1}{2}$ "	2
From Rs. 200 to 499	...	$\frac{1}{4}$ "	$\frac{1}{2}$ "	3
From „ 500 to 799	...	$\frac{3}{8}$ "	$\frac{3}{8}$ "	4
From „ 800 to 1,199	...	$\frac{1}{2}$ "	$\frac{3}{4}$ "	5
From „ 1,200 to 1,999	...	$\frac{5}{8}$ "	$\frac{7}{8}$ "	6
From „ 2,000 to 3,000	...	$\frac{3}{4}$ "	1"	7

Over Rs. 3,000 one additional tap for every additional Rs. 1,000 in the annual valuation of the holding.

Provided that though the communication-pipe shall not ordinarily be more than $\frac{1}{4}$ " larger in diameter than the ferrule, yet the Engineer, may, under special circumstances, fix the size of the communication-pipe with reference to the length of the pipe and the prevailing pressure.

12. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until this test has been applied by the Commissioners.

13. No connection shall be allowed to any holding unless the Engineer is satisfied that such holding is provided with means of efficient drainage for waste water.

14 (a). On every communication-pipe, a brass or gun-metal stop-cock, stop-cock having the same waterway as such pipe, shall be placed outside the holding to be supplied, but as near as practicable to the point where that pipe enters the holding.

(b) The stop-cock shall be built in a brick-chamber provided with a surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(c) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

15(a). The meter shall be placed as near to the stop-cock as possible, and in a position where it can be conveniently examined

(b) The meter must be fixed in a brick-chamber covered over with a surface box of approved pattern.

16. The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

17. Every tap shall be of the same size as the pipe to which it is attached, and shall be of brass and of the pattern known as screw-down, or of such other pattern as may from time to time be approved by the Commissioners at a meeting. Every tap shall, except with the special permission of the Commissioners, be at least three feet above the road level.

18. No communication-pipe or service-pipe shall be laid along or adjacent to any drain or watercourse or in any place where, in the opinion of the Engineer, there is risk or likelihood of the water in such pipe becoming contaminated.

19. Whenever a communication-pipe has to be laid across a sewer or open drain, or in any place where, in the opinion of the Engineer, it is liable to injury, such pipe must be passed through a cast-iron pipe of sufficient length and strength to afford due protection

20. The Commissioners may cut off the connection between any water-works of the Municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely:—

- (a) if the holding is unoccupied;
- (b) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorized under this Act or under any bye-law or rule framed under this Act, or prevents such officer from making such examination or inspection;
- (c) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman or wilfully or negligently injures or damages it;
- (d) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood;
- (e) if the owner or occupier of any holding which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same;

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d) an officer authorized by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

21. In all cases in which disputes arise as to the size or quality of pipes or fittings or in which these rules do not apply an appeal against the orders of the Chairman or Engineer, as the case may be, shall lie to the Commissioners in meeting whose decision shall be final, provided that no appeal shall lie against an order passed under rule 20 unless and until such order has been complied with.

No. 2464 M.—The 21st September 1914.—In exercise of the power conferred by section 86 of the Bengal Municipal Act, 1884

RULES FOR THE GUIDANCE OF PRIVATE CANDIDATES FOR THE INTERMEDIATE AND B.A. EXAMINATIONS, 1915.

Bona-fide teachers of schools, recognised by the University, or of any other schools, approved for the purpose by the Syndicate, who have served as such for a full period of three academical years preceding the examination, will be admitted to the Intermediate and B.A. Examinations as non-collegiate students.

2. Applications for permission to appear at the abovementioned examinations in the printed form prescribed by the University must be

submitted to the Inspector of Schools for signature, on or before the 10th January 1915, with the following papers :—

1. Registrar's orders showing that the candidate's name has been registered as a University student
 2. Permission of the Senate allowing the candidate to appear at the examination
 3. F.A. certificates by candidates for B.A. Examination or Matriculation certificates by candidates for the Intermediate Examination and also the Registrar's receipt by candidates who had been admitted to a former examination
 4. Certificates of good character, length of service and diligent and regular study from secretaries of the schools in which the candidates may be serving.
3. No candidate shall be admitted to the abovementioned examinations who has been enrolled as a regular student of a college during the twelve months previous to the date of the examination at which he applies for permission to appear.
4. The Intermediate and B.A. Examinations of 1915 will be held in March 1915.

CHITTAGONG,

ASHANULLAH,

The 8th September 1914. Offg. Inspector of Schools, Chittagong Divn.

RULES FOR THE GUIDANCE OF PRIVATE CANDIDATES FOR THE MATRICULATION EXAMINATION OF 1915.

THE following rules for the guidance of private candidates for the Matriculation Examination are published for general information.

2. Private students are those who have not attended any recognised or unrecognised school for at least one year previous to the examination. The term "private students" includes *bond fide* school-masters.

3. Private students must appear at the Test Examination of one of the following institutions on the dates mentioned against it :—

Name of School	Date of Test Examination
1. Comilla Zilla School	7th, 8th, 9th and 10th December 1914.
2. Noakhali Zilla School	Ditto
3. Chittagong Collegiate School	Ditto.
4. Rangamati High English School	Ditto

Each private student will pay a fee of Rs. 2 to the head of the institution in which he appears for the Test Examination. The balance after the payment of expenses (stationery, etc.) will go to the examiners as remuneration. No private student will be admitted to the Test Examination unless he is accompanied for the purpose of identification by some person known to the Head Master of the institution at which he appears.

4. Application for permission to appear must be sent in time to reach this office not later than the 5th November 1914. The information to be given and the documents to be appended in original are the following :—

- (a) The name of the school in which the candidate last studied;
- (b) the Transfer Certificate in original granted to the candidate by the Head Master of the school in which he last read; or
- (c) in the case of a candidate who previously appeared at the Matriculation Examination the Registrar's receipt in original for the fee paid.
- (d) Age of the candidate. No candidate who has not completed the age of 16 years on the first day of the Matriculation Examination will be allowed to appear at it.
- (e) In the case of school-masters a certificate of good conduct from the Secretary or proprietor of the school in which he is serving, or from the Deputy Inspector of the district concerned.

(f) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline and that he has not read in any school since the last Matriculation Examination.

(g) A statement by the candidate giving the following facts:—

- (i) Residence.
- (ii) Father's name.
- (iii) Second language besides English.
- (iv) Vernacular language for composition
- (v) Vernacular language from which translation is to be made into English in the first English paper.
- (vi) Which of the following subjects he has taken up:—
 - (1) Additional Mathematics.
 - (ii) Additional paper in the classical language
 - (iii) History
 - (iv) Geography
 - (v) Elementary Mechanics

N B—A student who failed to pass or appear at the annual examination for promotion to class X at the end of the session 1913 and then left the school can, under no circumstances be allowed to appear at the examination

5 The Inspector on being satisfied will countersign and return the application, which will then be the candidate's passport for admission to the Test Examination

6. Every candidate must deposit his fee for the test examination with the Head Master of the institution in which he intends to appear, at least 15 days before the date of that examination

7 The Head Masters of the institutions named above should direct private students who satisfy the test to appear before them in due time with their applications for admission to the Matriculation Examination and to sign them in their presence They will then grant the necessary certificates and forward the application to the Inspector for countersignature, after which they will be sent by the Inspector direct to the candidates.

8. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Registrar by the candidates themselves together with the countersigned applications

9 Private students must understand that the Test Examination of any school other than those named above will not be accepted by the Inspector.

10. The Matriculation Examination will be held in March 1915

NOTIFICATION.

TEST EXAMINATION OF PRIVATE CANDIDATES FOR MATRICULATION EXAMINATION, 1915.

A TEST EXAMINATION of private students, who have not attended any school, recognised or unrecognised, for at least one year previous to the ensuing examination, will be held at the office of the Inspector of Schools, Presidency Division, 285, Bow Bazar Street, Calcutta, from Tuesday, the 1st December 1914. *Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination.* The term "private student" includes schoolmasters.

2. Private candidates are students, who have not attended any school for at least one year previous to the Matriculation examination. They should produce proof that they have not attended any school for such period. They should also produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation examination must be submitted in original

along with the application for permission to appear at the test examination. A statement of antecedents of the candidate should accompany his application. He should state whether he read in any unrecognised school, and if so, in what school and in what year. A student who failed to pass the annual examination for promotion to the first class at the end of the year 1913 and then left school will, under no circumstances, be allowed to appear at the Matriculation examination of 1915.

3. *Bona-fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination, they must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation examination unless he completes the age of sixteen years on the first day of the month in which the Matriculation examination is held.

5. Each candidate should submit to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, not later than the 1st November 1914, his application for admission to the test examination, with the following particulars:—

- (1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation examination, (5) second language besides English, (6) Vernacular language, and (7) which two of the following optional subjects he has taken up:—

- (a) Additional Mathematics
- (b) Additional paper in the Classical language
- (c) History.
- (d) Geography.
- (e) Elementary Mechanics

6. The admission-fee for the examination is Rs 6 for each candidate, and is to be remitted with the application on or before the prescribed date, after which a fine of Rs 2 is to be imposed for each week's delay. Under no circumstances the admission-fee will be refunded.

7. No private student will be admitted to the test examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test examination held by the head master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the candidates from that institution. The head master of such school is hereby authorized to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.

10. The Matriculation examination in 1915 will be held on the 2nd of March 1915 and following days.

11. Applications and fees for admission to the examination must reach the office of the Registrar within the prescribed date.

12. *Programme of Examination*—

INTERMEDIATE AND B.A. EXAMINATIONS IN 1915.

Deputy Inspectors, Sub-Inspectors and *bond-fide* teachers of English schools in the Presidency Division who have been employed as such for at least three years preceding the examination will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory assistants and demonstrators and librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 4th December 1914.*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates, who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of some affiliated institutions and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. examination must send to the Inspector of Schools, Presidency Division, and *not to the undersigned personally*, their F.A., I A. or I.Sc. certificates, and candidates for the Intermediate examination their Entrance or Matriculation certificates, together with a letter, in original, from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the information required by the University, including the Registrar's receipt in the case of those school masters who were admitted to a previous examination of the same class.

4. The Intermediate and B.A. examinations in 1915 will be held on the 15th and 25th March 1915, respectively, and following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must reach the *office of the Registrar within the prescribed dates* and must be sent to that office by the candidates direct.

PUBLIC WORKS DEPARTMENT, BENGAL.**DISTRICT ROAD FUND.**

Notification dated 17th September 1914—The subjoined abstract of the annual report and accounts of the District Road Committee of the Darjeeling district for the year 1913-14 is published for general information.

H. H. GREEN,

Secy. to the Govt. of Bengal

Copy of letter No. 346 P.W.—XVI-2-2, dated the 11th July 1914, from C. A. RADICE, Esq., ICS, Officiating Commissioner of the Rajshahi Division, to the Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward herewith the report on the administration of the District Road Committee, Darjeeling, together with the annual accounts for the year 1913-14. The outstanding cash balance of Rs. 35,487-5-4 and the unadjusted advances amounting to Rs. 18,619-9-11 are very large, and the Chairman has been asked to state what steps he proposes taking to ensure spending during the current year a much higher proportion of the income.

Abstract of the Report by the Chairman District Road Committee of Darjeeling, on the operations of the District Road Fund of the district for the year 1913-14.

[*vide letter No. 108 R F, dated 23rd June 1914, from J. E. Ryker, Esq., ICS, Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Rajshahi Division]*

1. *Working of Committees*—(a) *District Road Committee*—There were 18 members—6 official and 12 non-official. Ten meetings were held during the year 1913-14, and the average attendance was 93 or 90 per cent.

(b) *Kurseong Branch Committee*—The total number of members was 9, of whom 2 were officials. Six meetings were held, and the average attendance was 4.66 or 66.66 per cent.

(c) *Terai Branch Committee*.—The Committee consisted of 18 members, of whom 5 were officials. Nine meetings were held, and the average attendance was 7.88 or 43.22 per cent.

2. The year opened with a cash balance of Rs. 24,567-3-9 and an outstanding advance of Rs. 5,978-6-1. Altogether Rs. 30,545-9-10 was available for expenditure during the year. The total receipts and expenditure during the year (1913-14) amounted to Rs. 1,00,925-6-10 and Rs. 46,818-7-7 respectively, leaving a cash balance of Rs. 35,487-5-4 and an unadjusted advance of Rs. 18,619-9-11. The closing balance exceeded one quarter's *kist*. It was unduly large owing to certain unforeseen events preceding the execution of some of the new and repair works which it had been proposed to carry out during the year. A portion of the balance, however, was actually spent, but no accounts were received and no adjustments could be made during the year 1913-14.

RECEIPTS

3. *Provincial Rates*.—The road-cess was levied during the year 1913-14 in the district, at the rate of six pies in the rupee. The amount collected under the head "Cess on lands" was Rs. 55,117-2-6, against Rs. 26,133 in the preceding year. The increase was mainly due to the Public Works cess being surrendered to the District Road Committee during the year.

4. *Contributions*.—(a) *Grant from Government*.—A sum of Rs. 8,137-6-6 was credited under this head during the year, including a grant of Rs. 4,622 for augmenting the resources of the Committee. Rupees 9,785-6-1 was the total grant of the preceding year (1912-13). The decrease was due to the deduction in augmentation of resources.

(b) A sum of Rs. 7,119 was received from the Darjeeling Improvement Fund as its annual contribution for communications and its share of the cost of the cess and tauzi joint establishment.

(c) No contributions from private persons were received during the year.

EXPENDITURE.

5. *Original Works*.—Estimates of Rs. 8,981, Rs. 4,700 and Rs. 3,314 were sanctioned for the construction of the Singballi bridge on a new site, suspension bridge over Rungmook river, and Bone bridge on road No. 32 respectively, but only Rs. 394 1-11 and Rs. 712-4-1 were spent during the year on account of the Singballi and Bone bridges respectively. No accounts were received for the Rungmook bridge.

6. *Repairs*.—Rupees 26,556-14-8 as detailed below were spent on repairs, as against Rs. 21,589-0-9 in the preceding year. The increase is due mainly to the adjustment during 1913-14 of the advances made in the preceding year:—

Notice to Tenderers.

[See A. R. I., Vol III, paras 135 and 136.]

I.—Sealed Tenders for the supply of the undermentioned supplies from 15th December 1914 to 30th April 1915 will be received by the Superintendent Remount Depot, up to 4 p.m. on the 14th October 1914.

II.—Forms of "Tender" and "Schedules" (I. A. F. 22120, 2121 and 2122) of the stores, for the supply of which tenders are invited, are obtainable on payment at the rate of Rs. 1 per set on application in writing, and samples of the articles to be supplied can be inspected at the Depot godown any day (Sundays and holidays excepted) between the hours of 10 a.m. and 2 p.m.

III.—Tenders will only be received in accordance with the conditions on these printed forms, which must be submitted in English and should specify in words as well as in figures the rate at which each description of article named in them will be delivered. Fractional parts of pies in rates will not be accepted. Tenders must be duly signed and completed in accordance with the instructions they contain.

IV.—Tenders should be accompanied by a deposit in the form of a ^{Treasury} ~~Presidency Bank~~ Receipt or Government Promissory Notes, Provincial or Municipal debentures, or Port Trust bonds, as earnest money, at the rate of 2 per cent on the total value of the stores tendered for, subject to a minimum of Rs. 25 which deposit will be returned on acceptance or rejection of the tender. In the case of Promissory Notes being furnished they must remain in the name of the depositor.

V.—No security or deposit which the tenderer may have furnished in connection with a previous contract or on any other account can be accepted as earnest money.

VI.—The approval or rejection of tenders rests with the Quartermaster-General in India who reserves to himself the right of rejecting any tender, or any items in a tender, without cause assigned. The lowest tender will not of necessity be accepted.

VII.—Tenders will be opened at this office at 12 a.m. on Thursday, the 15th October 1914. Tenderers are invited to attend.

VIII.—Parties tendering are particularly requested to give their addresses in full.

IX.—Any further information required can be obtained on application to this office between the hours of 10 a.m. and 4 p.m. (Sundays and holidays excepted).

X.—Tenders must be sent under a strong cover, securely fastened, sealed with a distinctive device and conspicuously marked "Tender for the supply of Grain and Fodder" and addressed to the Superintendent, Remount Depot, Alipore, and not to any officer by name.

XI.—Tenders which do not comply with the above conditions will be rejected.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 80 per cent. of the premium paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries, Imperial Secretariat Buildings, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

* The Officer in charge Bengal Secretariat Book Depot, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad

INDIAN OCEAN—MAURITIUS.

System of storm-signals established.

No. 465 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 1261 of 1914), are republished:—

Position.—Port Louis, Port Office, lat. $20^{\circ} 09\frac{1}{4}'$ S., long. $57^{\circ} 29\frac{1}{4}'$ E.

Details.—During the Hurricane season, from 1st November to 15th May annually, a daily storm signal (Sundays and public holidays excepted) will be hoisted at the Port Office at Port Louis, to indicate the weather conditions prevailing over the ocean areas in the vicinity of Mauritius.

The signal will consist of 4 flags and a cone flown vertically. The flags used are the flags of the International Commercial Code to which the significations enumerated below have been given:—

The top flag refers to the quadrant East to North;

The second „ „ „ North to West;

The third „ „ „ West to South;

The fourth „ „ „ South to East.

When the signal is headed by a cone the information refers to the area within a radius of 300 miles.

When the answering pennant is hoisted after the fourth flag it indicates that no information has been received and that the signal refers to the previous day.

The square flag “W” will be hoisted at the yard arm and the signal will remain up from 1 to 2 p.m.

‘SIGNIFICATION OF FLAGS

- A.** No indications of disturbed weather.
- B.** Weather unsettled but no indications of cyclonic storm.
- C.** Weather unsettled and may lead to formation of cyclonic storm.
- D.** Indications that cyclonic storm is forming.
- E.** Distinct evidence of existence of cyclonic storm.
- F.** Disturbed weather apparently due to extra tropical storm to south (Southern Buster)
- G.** Weather is clearing but heavy seas may be encountered.
- H.** Cyclone or storm travelling on south-west track.
- I.** Cyclone or storm travelling on south track.
- J.** Cyclone or storm travelling on south-east track.
- K.** Cyclone or storm travelling westward, north of Mauritius.
- L.** Cyclone or storm travelling eastward, south of Mauritius.

Remarks.—The above signals will be made when bad weather is approaching and it would be unsafe for any vessel to proceed to sea.

When bad weather is approaching and precautions are necessary in the harbour the usual local storm signals will be made.

REPORT ON THE ADMINISTRATION OF THE SALT DEPARTMENT IN BENGAL DURING THE YEAR 1913-14.

NOTIFICATION

No. 1804S.R.—The 21st September 1914.—The following extracts from the Report of the Commissioner of Excise and Salt, Bengal, on the administration of the Salt Department in the Presidency of Bengal during the year 1913-14, are published for general information.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

No. 196S., dated Calcutta, the 23rd June 1914.

From—THE HON'BLE MR. A. N. MOBERLY, I.C.S., Commissioner of Excise and Salt, Bengal,

To—The Secretary to the Government of Bengal, Financial Department.

I HAVE the honour to submit the following consolidated report on the administration of the Salt Department for the year 1913-14. The report deals with preventive operations in the saliferous districts of the Presidency, which were under the control of the Commissioner of Excise and Salt, and with the importation and issues of salt under the control of the Customs authorities.

2. **Charge of Department.**—I was in charge of the department throughout the year.

CHAPTER I.

General.

4. **Credit system of payment of duty.**—There was a considerable increase in the operations under the Salt credit system. From the statement furnished by the Collector of Customs, Calcutta, it appears that securities to the extent of Rs 50,16,500 were deposited during the year against Rs 43,62,800 in 1912-13. The quantity of salt issued under the system amounted to 10,000,493 maunds against 7,444,990 maunds in the previous year. There were 41 depositors during the year, nine of whom closed their accounts, leaving a balance of 35.

5. **Extension of the Salt-bonding accommodation at Sulkea and replacement of turn-tables.**—The Sulkea Extension Scheme was practically completed during the year, the only outstanding works being the construction of buck footpaths round the new *golas* and the addition of cradles to the old pontoons. A special grant of Rs 11,142 was allotted for replacing the four turntables at the north end of the Sulkea yard by two larger ones, but the East Indian Railway authorities unfortunately found themselves unable to take the work in hand before the year closed. The proposed closing of the Kidderpore *golas* was strongly opposed by some of the Salt merchants, who appealed to Government for their retention. The question was referred to the Port Facilities Committee who have reported that they do not consider that the Kidderpore *golas* should continue after the completion of the Sulkea Extension Scheme. Notice was served on the bonders to the effect that no more salt would be received there after the end of April 1914 though deliveries would continue after that date.

6. **Construction of Salt *golas* at Chittagong.**—The two salt *golas*, each of 10,000 tons' capacity, have not yet been completed, but salt has recently been stored in one of them. The completion of the Salt *golas* scheme will prove most beneficial to the salt trade of the port as it has hitherto been handicapped for want of sufficient *gola* accommodation.

As no space was available at the Government *golas* and the private licensed warehouses, two temporary *golas* were constructed departmentally for the storage of salt.

CHAPTER II.

Stocks, Imports and clearances.

7. **Accounts of stocks and issues.**—The stocks, imports and clearances of salt in and from the ports of Calcutta and Chittagong for the years 1912-13 and 1913-14 are shown below.—

Stocks, imports, etc A	B	
	1912-13. Mds.	1913-14. Mds.
Total of all stocks at the commencement of the year ...	1,519,026	2,052,846
Total quantity imported during the year ...	14,669,306	15,608,456
Excess found in the <i>golas</i>	15,602	9,746
Total ...	16,203,934	17,671,048
Quantity on which duty was paid during the year ...	13,163,621	13,616,073
Quantity which passed free of duty for the manufacture of glazed stoneware, etc. ...	9,148	5,036
Quantity of non-duty-paid salt removed under bond to all inland warehouses ...	851,424	778,195
Quantity written off during the year for wastage or otherwise ...	126,895	108,080
Total ...	14,151,088	14,507,384
Balance at the close of the year ...	2,052,846	3,163,664

A. The stocks exclude quantities for issue of which passes were given in the previous year, but of which delivery was not taken during that year.

B. The difference in the figures for 1912-13 now given and those given in the Salt Administration Report last year is mainly due to the facts that the quantity of salt issued under bond to the inland bonded warehouses in Bengal was not fully taken into account in that year or in the previous year, and that some issues under bond to warehouses outside Bengal were twice entered.

The receipts exceeded those of the previous year by over 9 lakhs of maunds. There was a very marked increase in bonding operations at Sulkea and decreases at Kidderpore and Chittagong. The clearances exceeded those of the previous year by more than 4½ lakhs of maunds.

8. Imports.

The total imports into Calcutta exceeded those of the previous year by more than 11 lakhs of maunds or by 8.5 per cent. There was a decrease in imports from the United Kingdom, Germany and Aden but marked increases from Spain, Port Said, Salif and Massowah. The imports from Bombay remained at much the same figure as last year. The decrease in imports from the United Kingdom was due to the fact that freight for salt could only rarely be secured on board the regular liners. The very large increase from Salif was expected as soon as the Turko-Italian war came to an end. Massowah salt has probably come in for more attention since the imports from the United Kingdom have fallen off. No salt came from Madras or Coconada.

There was a decrease of over 1½ lakh of maunds in the imports into the port of Chittagong. The imports from the United Kingdom only consisted of 34 maunds of table salt as against 93,705 maunds in the previous year. The decrease was due to Liverpool salt not being able to compete with Aden and Port Said salt in the markets in Chittagong and the adjacent districts. The imports of German salt are small and the increase calls for no remarks. The imports from Aden decreased by 271,697 maunds as a Bombay firm which owns salt works there found it more profitable to direct their salt elsewhere. The decrease of 27,114 maunds in the imports of Spanish salt is reported to be due to the competition of Port Said salt which appears to be finding favour with consumers. The decrease in the imports of Massowah salt was small and calls for no remarks. The increase of 220,694 maunds in the imports of Port Said salt may be attributed to the smaller imports from Aden.

Out of the total importation of 14,191,668 maunds into the port of Calcutta, 10,615,010 maunds or 75 per cent were bonded in the Sulkea and Kidderpore *golas* during the year as against a percentage of 74 in the previous year. The proportion bonded showed little variation, but the balance at the end of the year was larger by nearly ten lakhs of maunds. Advantage appears to have been taken of cheap freight to build up large reserves.

9 Sales of imported Salt from Shipboard and Bond.

In Calcutta the sales direct from shipboard show an increase of 9.6 per cent. and those from bond 1.4 per cent. In Chittagong the sales direct from shipboard exhibit an increase of 12.8 per cent. and those from bond a decrease of 4.8 per cent. There was an increase of 3.3 per cent. in the total sales of imported salt. All the vessels carrying salt to Calcutta were steamers.

10. **Transactions in the *golas*.**—The total transactions at the *golas* in Calcutta and Chittagong for the past five years are given below.—

Years		Calcutta Mds.	Chittagong Mds.
1909-10	..	16,732,270	1,454,034
1910-11	..	16,974,317	994,315
1911-12	...	18,916,765	1,460,568
1912-13	...	18,970,290	2,301,492
1913-14	...	20,132,936	1,952,207

The quantity of salt handled at Sulkea was 17,331,549 maunds against 15,891,776 maunds in the preceding year, and that at Kidderpore 2,801,387 maunds against 3,078,514 maunds.

12. **Inland Bonded Warehouses.**—There were 9 private bonded warehouses in the Presidency against 10 in the previous year, viz., 2 at Narainganj (Dacca), 1 at Bhairab Bazar (Mymensingh), 1 at Madaripur (Faridpur), 1 at Jhalakhati (Bakarganj) and 1 at Chandpur (Tippera). One of the three *golas* at Narainganj was closed during the year. No private licensed warehouses

were opened in Chittagong during the year as salt was stored in one of the Government *golas* recently constructed. The quantity of salt despatched to the 9 inland warehouses from shipboard and *golas* in the ports of Calcutta and Chittagong was 684,195 maunds against 678,844 maunds in the previous year showing a decrease of 6·6 per cent. The quantity of salt despatched from shipboard to the bonded warehouse at Chandbali in the district of Balasore in the province of Bihar and Orissa and to the warehouses at Balaganj and Ajmurganj in Assam was 108,000 maunds, nil and 36,000 maunds, respectively, against 118,980 maunds, 20,000 maunds and 33,600 maunds in the previous year showing an aggregate decrease of 28,580 maunds or 16·56 per cent.

* * * * *

CHAPTER III.

Consumption and Prices.

15. **Consumption.**—The total quantity of salt which passed into consumption in this Presidency during the year 1913-14 was 7,227,250 maunds. This is exclusive of 6,410,479 maunds, the net export by rail, road or river but inclusive of 261 maunds deduced from saltpetre.

16. **Prices of salt in Bengal generally.**

There was a decrease of 5 pies in the average as compared with the previous year, which was attributed to the fall in the prices of imported salt and to the plentiful supply of foreign salt in the Calcutta and Chittagong markets. The retail prices in the saliferous districts remained generally the same as in the previous year, the price per seer ranging from 9 pies to 1 anna. The average wholesale price per 100 maunds of Liverpool salt as sold from the ship's side in the port of Calcutta exclusive of duty was Rs. 54-6-7 against Rs. 62-3-3 in 1912-13. The Collector of Customs, Calcutta, reports that the market had a downward tendency throughout the year, while in the last two months prices dropped rather sharply. This drop was not, however, shared by Liverpool salt which closed the year with the same price as held good at the opening. In the port of Chittagong the effect of more merchants entering the trade and of railway extensions was to reduce prices.

* * * * *

CHAPTER V.

Financial Results.

21. **Receipts and Charges.**—The financial results of the administration of the Salt Department during the year, as compared with the preceding year, are shown in Appendix F. As compared with 1912-13, receipts show an increase of Rs. 11,56,155, or 9·7 per cent., and charges a decrease of Rs. 42,539 or 11·7 per cent. The net revenue was Rs. 1,27,20,129 which was greater than that of the previous year by Rs. 11,98,694 or 10·4 per cent. The increase in the receipts occurred mainly under the head "Import duty on Salt." The charges do not include any share of the cost of the Customs Preventive Service, which is largely employed in safe guarding the salt revenue.

* * * * *

CHAPTER VI.

Miscellaneous.

22. **Saltpetre refineries and soda factories.**—There were three licensed saltpetre refineries at Soorah, Kakurgachi and Manicktolla under the Commissioner of Salt, Bengal, as in the previous year. There was also a factory for the manufacture of sulphate of soda by artificial heat at Tangra. The factory at Pagladanga was closed during the year.

The quantity of refined saltpetre produced in the three refineries during the year was 5,351 maunds against 7,958 maunds in the previous year. The decrease in the output was due to a quarrel amongst the proprietors of the Soporah refinery. The quantity of salt educed in the process of refinement of saltpetre was 742 maunds against 608 maunds in 1912-13, and the quantity of *sitta* (impure salt) left in the course of refinement was 925 maunds against 907 maunds in the previous year. 261 maunds of educed salt were sold during the year against 502 maunds in the previous year, the duty realized being Rs. 261 as against Rs 502 in 1912-13. The license fees realized from the three saltpetre refineries and the factory for the manufacture of sulphate of soda were Rs. 150 and Rs 2, respectively

DEPARTMENT OF AGRICULTURE, BENGAL.

PRELIMINARY FORECAST OF THE *BHADOI* CROPS OF BENGAL, 1914-15.

(Note.—On the average of the five years ending 1912-13, the area under autumn rice in Bengal represents some 6·7 per cent. of the total area under rice in British India.)

Character of the season.—The rainfall in February was generally above the normal, while in March the fall was slightly in defect. The rainfall in April and May was too heavy in some parts and was not therefore entirely favourable to the sowings and growth of the crops. The insufficient rainfall in June also adversely affected the crops, but the rainfall in July improved their prospects, although there was a certain amount of injury from insect pests. The crops usually recovered later.

Acres sown.—The total area sown this year with the different *bhadoi* crops is reported to be 6,076,300 acres against 6,103,700 acres of last year. Of this area, 4,986,500 acres are reported to be under autumn (*aus*) rice this year against 4,992,100 acres last year. The decrease is due to unfavourable weather conditions at sowing time and to extension of jute cultivation.

Outturn.—From the appendix attached to the report it will be seen that except in one or two districts the outturn is reported to have fallen below the normal. The low outturn is attributed chiefly to insufficient rainfall during the period of growth of the crops. According to the estimates of the District Officers, the outturn of the different *bhadoi* crops works out to 79 per cent. of the normal against 74 per cent last year, and that of autumn rice to 79 per cent. against 75 per cent last year.

APPENDIX I.

Preliminary forecast of the Bhadoi Crops of Bengal, 1914-15.

DISTRICT.	Names of crops.	Estimated normal area under each crop.	ESTIMATED AREA UNDER EACH CROP.		ESTIMATED OUTTURN AS A PERCENTAGE OF THE NORMAL YIELD PER UNIT OF AREA. 	Other bhadoi pulses							
	Bhadoi fruits and vegetables, including root crops.	1,300	1,300	1,300	80	67		
	Other bhadoi food crops	3,800	3,800	3,100	67	92		
	Bhadoi non-food crops other than fodder and fibres	100	100	100	67	92		
	Total	84,000	86,300	87,300	67	83		
NADIA	Bhadoi paddy (autumn rice).	491,100	444,600	468,400	88	83	April normal	The increase in area under bhadoi paddy is noticeable in the Ohudanga subdivision due to timely rainfall. Weather was favourable at sowing time except in Kushtia; but not so during the period of growth in Kushtia want of rain at sowing time and flood-water when the crop was ripe damaged the crop to some extent. The crop was also damaged in the Ohudanga subdivision owing to drought during the period of growth. Hence the outturn is below the normal.
	Mandua, marua or ragi.	100	100	100	67	67		
	Indian corn (maize) .	800		
	Other bhadoi cereals .	8,000	5,100	4,100	80	75

MURSHIDABAD.	Bhadoi paddy (autumn rice)	229,730	179,800	180,500	78	83	April and May normal.	The increase in area under mulberry is due to correct estimate of the crop as arrived at in the last census. The weather has not been very favourable. About two annas crop is estimated to be damaged by untimely and excessive rainfall and flood in the Kandi subdivision. The outturn for the district is expected to be below the normal.

JESSORE	Shaded paddy (autumn rice).	Acres. 467,300	Acres. 389,000	Acres. 334,300	Acres. 67	81	April Normal	The increase in area is due to conversion of some jute fields into paddy lands owing to failure last year in many parts of jute crop. The weather was favourable at the sowing time, but subsequently the paddy withered for want of timely rain in places. In lowlands the crops were damaged by excessive rainfall. The damage is estimated to be 10 per cent.

KHULNA	Shaded paddy (autumn rice).	43,900	14,100	15,900	46	92	Beginning of April Normal	The increase in area under shaded paddy is partly due to good weather and partly to the fact that some lands cropped with jute last year in the Bakhira subdivision were reserved for paddy owing to failure of the jute crop last year. Excessive rain at sowing time and thereafter retarded the growth of the crops to some extent and also caused some damage.

			Last year	This year	Last year	This year		
MYMENSINGH	Bhadol paddy (autumn rice)	890,800	461,600	464,800	79	57	First part of April	The increase of 2,000 acres under Bhadol paddy is due to the fact that in the latter part of April and first part of May much damage was caused to the jute crop in Kishoreganj by excessive rain and some of these jute fields were resown with Bhadol paddy. Excessive rain at sowing time and want of rain afterwards caused much injury to the growth of the crops. Hence the outturn is low.

FARIDPUR	Bhadol paddy (autumn rice)	238,500	181,000	228,500	70	80	April Normal	Increase of area under Bhadol paddy and Bhadol fruits and vegetables, etc. are due to revision of estimates. The normal areas have been revised this year. The weather was favourable at sowing time, but the unusual drought in May and June adversely affected the growth of the crop. Hence the outturn is below the normal.

BAKARGANJ	Bhadol non food crops other than fodder and fibres		3,000		70		October	The decrease in area under Bhadol crops is partly due to the fact that the Subdivisional Officer of Purnea has reduced his estimate by 20,000 acres this year. The weather has not been favourable. Want of rain at sowing time and excessive rain afterwards have caused the outturn to fall below the normal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 21st September 1914

Summary.—During the week under review light to moderate rain fell throughout the Province. More rain is wanted in a number of places for the growth of winter rice, the transplantation of which is almost completed. Harvesting of *aus* paddy and jute is continuing; but the progress in the case of jute is slow. The state and prospects of standing crops are good. Cattle-disease is reported from ten districts. The average price of common rice has fallen by about 0·5 per cent as compared with that of the previous week.

NOTIFICATION.

No. 581P.IV.—It is hereby notified for general information that, in exercise of the powers under section 6 (f) of the Bengal Ferries Act, I (B.C) of 1885, the undersigned sanctions the discontinuance of the ferry at Gavoora in the district of Dinajpur, police-station Kotowali.

N. BONHAM-CARTER,
Commissioner.

COMMR.'S OFFICE, RAJSHAHI DIVN., JALPAIGURI,

The 22nd September 1914.

NOTIFICATION

No. 1743M—In exercise of the power conferred by section 139 of the Bengal Local Self-Government Act, 1885 (Bengal Act. III of 1885), as amended by Act I of 1914, I confirm the following bye-laws which have been framed by the District Board of Malda under clause (1) of the said section.—

BYE-LAWS FOR MALDA DISTRICT BOARD, UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885)

Definitions

1 In these bye-laws unless there is anything repugnant in the subject or context.—

(1) the word "cattle" has the same meaning as in the Cattle-trespass Act 1871.

(2) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice for the supply of water for drinking and for culinary purposes and includes any reservoir or part of any river, khal or other channel, so set apart; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well" or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition, and

(3) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well, and

(4) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board, and includes—

(a) a village road,

(b) the slope, berm, borrow-pits and side-drains of a road; and

(c) all land vested in, or under the control and administration of, the District Board or a Local Board and attached to a road

Roads, drains, bridges, canals and embankments.

2 (1) No person shall encroach on any part of a road by cultivating crops thereon.

(2) No person shall on any road by means of any building, fence, pit, embankment or ditch or any other obstruction, or by means of any cut, drain or watercourse intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material.—

(a) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment or

(b) obstruct traffic, or

(c) cause any inconvenience to passengers, or

(d) hinder or impede the flow of water.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

4 Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period, and in the manner, prescribed in such notice.

5. (1) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(2) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto

(3) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

Damage to fences, posts, soil, turf or grass on road

6. No person shall—

(a) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(b) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

7. (1) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(2) Any person who has been permitted by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(3) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public

Obstruction of waterway adjoining road

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

9. (1) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(2) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

Protection of excavations on or near road

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases, pending application to such Chairman) of the District Engineer.

Use of roads, bridges, culverts or canals while closed to traffic

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Discharge of rainfall from roof to road

Flow of filth on to road

13. No person shall allow the water of any privy, drain or any matter offensive or deleterious to health, to flow on any road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or

Removal of trees or erections falling on to road

Vice-Chairman of the District Board or a Local Board or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice

INCREASE IN THE INDIAN ARMY RESERVE OF OFFICERS.

No 863—An emergency having arisen owing to the war now being carried on between His Majesty King George V and the German and Austrian Empires, the Government of India calls on English gentlemen in India, including those serving in Volunteer Corps, but excluding for the present all those in Government employ, to join the Indian Army Reserve of Officers.

Candidates must not be over 35 years of age, except in the case of officers who have served in the Regular Army and who wish to rejoin the service, whose cases will be considered separately.

CONDITIONS OF SERVICE.

When called out for Army Service—

- (a) Indian Army pay of rank, *plus* staff pay as for regular officers performing similar duties.
- (b) Privileges, concessions, gratuities and pensions of various kinds as for officers of their regular Army.
- (c) Grant of temporary rank in the Army.
- (d) Outfit allowance of Rs. 600.

Note.—The monthly pay and allowances of officers joining as Second Lieutenants will be as follows.—

	Rs. A.
<i>Cavalry</i>	456 14 per mensem.
<i>Infantry</i>	403 12 "

Applicants in the first instance should apply in writing to the nearest General Officer Commanding a Brigade or Divisional Area, stating age, where educated and any special educational or other qualifications. Present employment and the Branch or Department of the Army preferred should be mentioned.

Candidates should forward with their applications—

- (a) A medical Certificate as to physical fitness.
- (b) A declaration in the following form which should be made before a Magistrate—

"I, the undersigned, hereby promise and declare that I will serve His Majesty the King, Emperor of India, his heirs and successors, as an Officer of the Indian Army Reserve of Officers, until my resignation shall be accepted, and if I am called to Army service by notification in the *Gazette of India*, that I will serve in any part of India or in any other place in which any portion of His Majesty's Indian Forces may be serving and in any branch or department of the service to which I may be appointed."

Witness _____

Should the applicant appear to be a desirable candidate for a commission, he will be directed to attend for a personal interview with the General Officer Commanding a Brigade or Divisional Area (or in special cases by an officer deputed by him), his travelling expenses being defrayed by Government.

The names of approved candidates, if concurred in by the Local Government, will be submitted to Army Headquarters for final sanction. Action may be carried out by telegraph where advisable.

Candidates must clearly understand that no promise can be given that they will be sent at once on Field Service. They will first be attached to Indian units and, when sufficiently trained, will take their chance of going on service with other officers. Efficiency in training will constitute the highest claim for this privilege.

Officers of the Indian Army Reserve of Officers of suitable age and qualifications may be recommended for permanent commissions in His Majesty's British or Indian Army. Applications for such commissions from other sources will not be considered.

It is notified that applications to go on service as an officer without first joining the Indian Reserve of Officers will not be entertained.

RESOLUTION—By the Government of India, Department of Commerce and Industry

THE following procedure has been arranged by the Government of India in discussion with the Government of the Union of South Africa to facilitate the admission into the Union of the wives and minor children of Indians resident in that country

2. The husband or father resident in South Africa who desires to obtain a certificate of relationship from a Magistrate in India to facilitate the admission into the Union of South Africa of his wife or children under the age of sixteen years, will, in the first instance, make application in the prescribed form to the immigration authorities in South Africa or to the Magistrate of the district in South Africa in which he is residing, and on obtaining from the proper officer in South Africa a certificate in respect of his application, will transmit the same to his wife or child, as the case may be, for production with his application for a certificate of relationship before the principal local Magistrate in India, viz. the Chief Presidency Magistrate in a Presidency Town, the Political Officer in a Native State, or the District Magistrate elsewhere.

3. The principal local Magistrate in India on receipt of such application and on production before him of the certificate issued in South Africa, will institute an enquiry either personally or through an officer not below the rank of a Deputy Tahsildar, a Sub-Deputy Collector or a Mamladar according to the province concerned, and if the senior Magistrate is satisfied as to the alleged relationship, he will grant a certificate of relationship in the attached form in favour of the person (or persons) referred to in the application who will present it to the Immigration Officer at the port of entry in support of ^{his} ~~his or their~~ claim to admission into the Union.

ORDERED that the foregoing Resolution be forwarded to all Local Governments and Administrations for information and guidance and to the Foreign and Political Department for communication to the Agents to the Governor-General and Political Officers in Native States.

Ordered also that the Resolution be published in the *Supplement to the Gazette of India.*

Notice to Tenderers.

[See A. R. I., Vol. III, paras 135 and 136.]

I.—Sealed Tenders for the supply of the undermentioned supplies from 15th December 1914 to 30th April 1915 will be received by the Superintendent Remount Depot, up to 4 P.M. on the 14th October 1914.

II.—Forms of "Tender" and "Schedules" (I. A. F. 22120, 2121 and 2122) of the stores, for the supply of which tenders are invited, are obtainable on payment at the rate of Re 1 per set on application in writing, and samples of the articles to be supplied can be inspected at the Depot godown any day (Sundays and holidays excepted) between the hours of 10 A.M. and 2 P.M.

III.—Tenders will only be received in accordance with the conditions on these printed forms, which must be submitted in English and should specify in words as well as in figures the rate at which each description of article named in them will be delivered. Fractional parts of pies in rates will not be accepted. Tenders must be duly signed and completed in accordance with the instructions they contain.

IV.—Tenders should be accompanied by a deposit in the form of a ^{Presidency Bank} ^{Treasury} Receipt or Government Promissory Notes, Provincial or Municipal debentures, or Port Trust bonds, as earnest money, at the rate of 2 per cent. on the total value of the stores tendered for, subject to a minimum of Rs 25 which deposit will be returned on acceptance or rejection of the tender. In the case of Promissory Notes being furnished they must remain in the name of the depositor.

V.—No security or deposit which the tenderer may have furnished in connection with a previous contract or on any other account can be accepted as earnest money.

VI.—The approval or rejection of tenders rests with the Quartermaster-General in India who reserves to himself the right of rejecting any tender, or any items in a tender, without cause assigned. The lowest tender will not of necessity be accepted.

VII.—Tenders will be opened at this office at 12 A.M. on Thursday, the 15th October 1914. Tenderers are invited to attend.

VIII.—Parties tendering are particularly requested to give their addresses in full.

IX.—Any further information required can be obtained on application to this office between the hours of 10 A.M. and 4 P.M. (Sundays and holidays excepted).

X.—Tenders must be sent under a strong cover, securely fastened, sealed with a distinctive device and conspicuously marked "Tender for the supply of Grain and Fodder" and addressed to the Superintendent, Remount Depot, Alipore, and not to any officer by name.

XI.—Tenders which do not comply with the above conditions will be rejected.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depot and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

Substitution of new section 114, Act VIII of 1911

“ 114. The following rules are enacted respecting the disposal of the property of every person subject to this Act who dies or deserts :—
Property of deceased persons and deserters

(1) The commanding officer of the corps, detachment or department to which the deceased person or deserter belonged shall secure all the moveable property belonging to the deceased or deserter that is in camp or quarters, and cause an inventory thereof to be made, and draw any pay and allowances due to such person.

(2) In the case of a deceased person who has left in a Government savings bank (including any post office savings bank, however named) a deposit not exceeding one thousand rupees, the commanding officer may, if he thinks fit, require the secretary or other proper officer of the bank to pay

the deposit to him forthwith, notwithstanding anything in any departmental rules; and after the payment thereof in accordance with such requisition, no person shall have any right in respect of the deposit except as hereinafter provided.

(3) In the case of a deceased person whose representative is on the spot and has given security for the payment of the regimental or other debts in camp or quarters (if any) of the deceased, the commanding officer shall deliver over any property received under clauses (1) and (2) to that representative.

(4) In the case of a deceased person whose estate is not dealt with under clause (3), and in the case of any deserter, the commanding officer shall cause the moveable property to be sold by public auction, and shall pay the regimental and other debts in camp or quarters (if any), and, in the case of a deceased person, the expenses of his funeral ceremonies, from the proceeds of the sale and from any pay and allowances drawn under clause (1) and from the amount of the deposit (if any) received under clause (2).

(5) The surplus, if any, shall, in the case of a deceased person, be paid to his representative (if any), or in the event of no claim to such surplus being established within twelve months after the death, then the same shall be remitted to the prescribed person.

(6) In the case of a deserter, the surplus (if any) shall be forthwith remitted to the prescribed person and shall, on the expiry of three years from the date of his desertion, be forfeited to His Majesty, unless the deserter shall in the meantime have surrendered or been apprehended.

Explanation.—A person shall be deemed to be a deserter within the meaning of this section who has without authority been absent from duty for a period of sixty days and has not subsequently surrendered or been apprehended.

**GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT.**

The following Act of the Governor General of India in Council received the assent of the Governor General on the 16th September 1914, and is hereby promulgated for general information:

Act No. XVI of 1914.

An Act to amend the Indian Airships Act, 1911.

WHEREAS it is expedient to amend the Indian Airships Act, 1911, It is hereby enacted as follows —

1. This Act may be called the Indian Aircraft (Amendment) Act, 1914.

2. In the Indian Airships Act, 1911 (hereinafter called the said Act), for the words "airship" and "airships", wherever they occur, there shall be substituted the word "aircraft".

3. For section 7 of the said Act, the following sections shall be substituted, namely —

"7. (1) The Governor General in Council may, by notification in the *Gazette of India*, prohibit or regulate the navigation of aircraft over, or the entry of aircraft by flight into, British India or any part thereof, including the territorial waters adjacent thereto.

(2) Subject to the control of the Governor General in Council the Local Government of a province may, by notification in the local official Gazette, exercise in respect of the province the like powers of prohibiting or regulating navigation as are

conferred by sub-section (2) on the Governor General in Council.

(3) Any notification issued under sub-section (1) or (2) may apply either to all aircraft or to any specified class or description of aircraft, and may prohibit navigation or entry as aforesaid, as the case may be, either at all times or at specified times or on specified occasions, and either absolutely or subject to specified exceptions or conditions, and such conditions may, without prejudice to the generality of the foregoing provision, require any aircraft—

- (a) to display specified signals or marks,
- (b) to comply with specified signals in a specified manner,
- (c) to land within a specified area or at a specified place, and
- (d) in the case of aircraft entering British India by flight, also to enter at a specified place.

7A. (1) Whenever an aircraft contravenes the conditions of a notification issued under section 7 requiring it to comply with specified signals in a specified manner, any person appointed in this behalf by the Governor General in Council may fire at or into such aircraft, and use any and every other means necessary to compel compliance.

(2) The Governor General in Council may delegate to any authority the power of making appointments under sub-section (1)."

4. For clause (5) of section 8 of the said Act the following clause shall be substituted, namely:—

"(5) a notification issued under section 7, does or abstains from doing any act, unless, in the case of contravening a condition relating to navigation or landing, he proves that he was compelled thereto by stress of weather or other circumstances over which he had no control."

W. H. VINCENT,
Secretary to the Government of India.

**GOVERNMENT OF INDIA.
LEGISLATIVE DEPARTMENT**

The following Act of the Governor General of India in Council received the assent of the Governor General on the 16th September 1914, and is hereby promulgated for general information

ACT No. XVII OF 1914.

An Act to amend certain enactments and to repeal certain other enactments.

WHEREAS it is expedient that certain formal amendments should be made in the enactments specified in the First Schedule,

and whereas it is also expedient that certain enactments specified in the Second Schedule, which are spent, or have ceased to be in force otherwise than by express specific repeal, or have by lapse of time or otherwise become unnecessary, should be expressly and specifically repealed,

It is hereby enacted as follows —

1. This Act may be called the Second Repealing and Amending Act, 1914
Short title.

2. The enactments specified in the First Schedule are hereby amended to the extent and in the manner mentioned in the fourth column thereof.

3. The enactments specified in the Second Schedule are hereby repealed to the extent mentioned in the fourth column thereof.

4. The repeal by this Act of any enactment shall not affect any Act or Regulation in which such enactment has been applied, incorporated or referred to,

and this Act shall not affect the validity, invalidity, effect or consequences of anything already done or suffered, or any right, title, obligation or liability already acquired, accrued, or incurred or any remedy or proceeding in respect thereof, or any release or discharge of or from any debt, penalty obligation, liability, claim or demand, or any indemnity already granted, or the proof of any past act or thing,

nor shall this Act affect any principle or rule of law, or established jurisdiction, form or course of pleading, practice or procedure, or existing usage, custom, privilege, restriction, exemption, office or appointment, notwithstanding that the same respectively may have been in any manner affirmed, recognized or derived by, in or from any enactment hereby repealed,

nor shall the repeal by this Act of any enactment revive or restore any jurisdiction, office, custom, liability, right, title, privilege, restriction, exemption, usage, practice, procedure or other matter or thing not now existing or in force.

The signal will consist of 4 flags and a cone flown vertically. The flags used are the flags of the International Commercial Code to which the significations enumerated below have been given:—

The top flag refers to the quadrant	East to North;
The second „ „ „	North to West;
The third „ „ „	West to South;
The fourth „ „ „	South to East.

When the signal is headed by a cone the information refers to the area within a radius of 300 miles.

When the answering pennant is hoisted after the fourth flag it indicates that no information has been received and that the signal refers to the previous day.

The square flag “W” will be hoisted at the yard arm and the signal will remain up from 1 to 2 p.m.

SIGNIFICATION OF FLAGS

- A.** No indications of disturbed weather.
- B.** Weather unsettled but no indications of cyclonic storm.
- C.** Weather unsettled and may lead to formation cyclonic of storm.
- D.** Indications that cyclonic storm is forming.
- E.** Distinct evidence of existence of cyclonic storm.
- F.** Disturbed weather apparently due to extra tropical storm to south (Southern Buster).
- G.** Weather is clearing but heavy seas may be encountered.
- H.** Cyclone or storm travelling on south-west track.
- I.** Cyclone or storm travelling on south track
- J.** Cyclone or storm travelling on south-east track.
- K.** Cyclone or storm travelling westward, north of Mauritius.
- L.** Cyclone or storm travelling eastward, south of Mauritius.

Remarks—The above signals will be made when bad weather is approaching and it would be unsafe for any vessel to proceed to sea.

When bad weather is approaching and precautions are necessary in the harbour the usual local storm signals will be made.

Final Forecast of the Jute Crop for 1914.

NOTE.—On an average of five years ending 1912-13 the area under jute to which the Bengal jute forecast relates has represented 88·4 per cent. of the total area under jute in British India.

Character of the season.—In the note which was published in connection with this year's preliminary forecast, it was pointed out that conditions at the time of sowing were generally favourable. In May the rainfall was too heavy in some places and in June there was a general deficiency of rain. In July the rainfall was slightly in defect; but in August and the first-half of September the rainfall was adequate and well distributed. The result was that the crop recovered as a rule from the effects of the drought in June. In certain districts, however, insect-pests made their appearance in the month of July, as a result of the deficient rainfall in June. The districts which suffered most in this respect were Murshidabad and Nadia, the outturns of which have had to be reduced in consequence. In Mymensingh, as noted in

the note published in connection with the preliminary forecast, the distribution of the rainfall was unsatisfactory. In consequence the outturn for that district is lower than the outturns of the other districts of the Dacca Division, where the crop is good. In Tippera, particularly in the Brahmanbaria subdivision, the crop is not as good as it was last year. The drought of June also affected adversely the outturn of some of the districts of Northern Bengal, in spite of the subsequent recovery of the crop. In the *deshi* area, the crop this year is on the whole a good one, especially in the district of the 24-Parganas.

The normal outturn of jute per acre.—The normal figures of outturn per acre for Eastern, Northern and Western Bengal, which were arrived at as a result of last year's inquiries, have been retained for the purpose of this year's forecast. The system of arriving at an approximately correct figure of outturn by means of an extensive series of crop-cutting experiments, which was described in the note published in connection with the final forecast of last year, was continued this year on a more extensive scale. The Director of Agriculture, Assam, has raised the normal figure for that province to 3·3 bales per acre; but the Director of Agriculture, Bihar and Orissa has retained the normal of 3 bales per acre and has arrived at an actual outturn of approximately 2 bales per acre in the district of Purnea as a result of crop cutting experiments.

Revision of last year's figures.—The figure of last year for acreage in the district of Dacca and the percentages returned for the districts of Dacca, Faridpur and Bakarganj have been revised in the light of inquiries made subsequent to the publication of last year's final forecast. The result of this revision is to give an increase in outturn over the published estimate of last year of 1,42,117 bales. It is further to be noted that an imaginary figure for Nepal has to be added to the estimates for this year and last year. This has accordingly been done. Assuming that local consumption amounts to 3 lakhs of bales, the figure published by the Bengal Chamber of Commerce for actual imports of jute into Calcutta and exports from Chittagong added to this figure comes to 96,56,306 bales. There is a discrepancy between this figure and the revised estimate now published amounting to 6,74,833 bales. It is not possible for me to say definitely where the error lies. One important jute firm, that of Messrs. Landale and Clark, Ltd., have made an amended estimate of last year's crop amounting to 87,40,000 bales, excluding local consumption.

Acreage.—The acreage figures which were given in the preliminary forecast have been carefully checked for the last two months. As a result of the check, the total acreage figure for the province of Bengal has been increased by 70,656 acres. In no individual case has any large change been found to be necessary, but it has been noticed that the quality of the work done by *panchayats* has varied very greatly not only in the same district but in different districts. The success of the present scheme depends very largely on an effective check of the figures furnished by the *panchayats*. The problem in future years will be to make this check as effective as possible.

The final figures for acreage for the three provinces for this year and last year are now returned as follows:—

		1913. Acres	1914. Acres	Increase
Bengal	...	2,495,612	2,917,017	+ 421,405
Bihar and Orissa	..	318,358	330,120	+ 11,762
Assam	...	96,990	111,600	+ 14,610
		<hr/> 2,910,960	<hr/> 3,358,737	<hr/> 447,777

The acreage in Bengal has therefore increased by 16·8 per cent., that of Bihar and Orissa by 3·6 per cent., and that of Assam by 15 per cent.

It is to be noted that the increase in acreage in Bengal has been calculated on the area on which crop was actually grown last year and not on that on which a crop was sown.

Outturn.—The final totals of outturn for the three provinces work out as follows —

PROVINCE	BALES.		Increase.
	1913.	1914.	
Bengal—			
Western	3,56,183	13,37,698	9,81,515
Northern	26,48,931	27,34,433	85,502
Eastern	19,34,825	52,35,887	3,01,062
Cooch Bihar	1,22,755	1,35,237	12,482
Bihar and Orissa	6,02,862	6,93,206	90,344
Assam	2,28,336	3,07,463	79,127
Nepal	87,581	87,581	.
Total	8 981,473	10,531,505	1,550,032

The most notable increase is that of the *deshi* area, the estimate for which has been the turning point both in last year's and in this year's forecast. The increase in Northern Bengal is inconsiderable, but there is a good increase in Eastern Bengal.

Final Forecast of the Jute Crop of Bengal, 1914.

DISTRICT	ESTIMATED AREA UNDER JUTE.		ESTIMATED OUTTURN AS A PERCENTAGE OF THE NORMAL YIELD (PER UNIT OF AREA).		ESTIMATED TOTAL YIELD.		Date by which harvesting generally commenced and whether that date was earlier normal or later	REMARKS BY DISTRICT OFFICERS.
	Last year	This year	Last year	This year	Last year	This year		
1	2	3	4	5	6	7	8	9
	Acres	Acres			Bales	Pikes		
24 Parganas	18,890	47,761	57	103	34,455	289,327	August Normal	There has been a general increase in area owing to high prices last year and favourable weather this year. In only one area has the crop been damaged by excessive rain.
Nadia	52,300	93,476	70	78	117,152	227,333	Middle of August Normal	The increase in area as compared with the first forecast is due to revision made after careful checking. The outturn is below the normal owing chiefly to damage done to the crop by insect pest. The crop, however, was better than last year.
Murshidabad	34,700	37,000	75	61½	92,880	72,520	—	
Jessore	34,117	135,371	40	97	44,054	388,841	August Normal	The increase in area under the crop this year is due to the estimates made after careful checking.
Khulna	7,796	32,087	45	95	11,226	97,392		
Burdwan	3,558	11,998	60	94	6,822	36,090	Not yet generally commenced	
Midnapore	3,330	14,977	40	81½	4,282	39,060	Latter part of August Normal	The increase in area due to extended cultivation. The weather conditions not being very favourable the outturn is below the normal.
Hoochly	16,795	43,875	60	96	36,086	1,47,84	End of August. Normal	The increase in the area under the crop this year, as compared with the area shown in the preliminary forecast and the final forecast last year, is due to the fact that since the submission of this year's preliminary forecast the panchayat returns were carefully checked by a special staff appointed for the purpose, and also to the fact that last year's final forecast, was submitted after the Damodar floods, which reduced the area on which the crop was harvested by a very large amount.
Howrah	3,604	20,814	80	78½	9,236	52,451	August Normal	
Itanagar	126,648	121,500	90	85½	354,606	384,500	Middle of July. Normal	The better outturn than that of last year is due to the comparatively favourable character of the present season.
Dinajpur	90,000	92,000	86	90	270,900	280,800		
Jaipalguri	57,900	61,840	92	92½	186,438	200,005	August. Normal.	
Darjeeling	2,340	3,471	92	100	7,385	12,148	Middle of August, late	The increase in area is due to the particularly high prices offered last year. The condition of the crop is good but more rain is wanted for steeping.
Rangpur	275,000	296,000	92	90½	865,500	987,580		
Bogra	90,100	85,000	91	91½	286,650	272,000	Middle of August, late	The decrease in area is due to heavy rains at the time of sowing.
Pabna	160,000	166,000	96	97½	537,600	530,400	Middle of July. A little late	The weather conditions were favourable at the time of sowing. The want of rain during June affected the growth of the plant. Hence the outturn is below the normal.
Malda	34,000	40,000	90	91½	119,700	126,000	End of July Normal	The outturn is better than last year owing to more favourable conditions.
Dacca	281,000	293,100	95*	96	987,715	1,062,781	July. Its progress was very slow afterwards.	The increase in area this year is due to high prices of jute and careful checking of figures. The weather conditions were on the whole favourable.
Mymensingh	558,602	577,620	90	86	1,860,145	1,869,806	Middle of July. But it progressed very slowly afterwards.	The increase in area this year is due to high prices of jute and careful checking of figures. Owing to unfavourable weather the outturn has been much below the normal.
Faridpur	219,300	241,113	90	100	729,936*	892,114	Latter part of July. But it progressed very slowly afterwards. Late	The weather was favourable for sowing and the early growth of the crop, but in June the absence of rain interfered with its progress. The weather has since been favourable.

DEPARTMENT OF AGRICULTURE, BIHAR AND ORISSA.

Final Forecast of Jute of Bihar and Orissa, 1914

(NOTE.—On an average the jute area in Bihar and Orissa is about 5·7 per cent. of the total area under jute in British India.)

Area.—In the Province, which is the most important jute-growing district in the Province, a system of obtaining more accurate return of the area under jute through the agency of panchayats was tried during the season as an experimental measure. Four special officers, two of whom belonged to the Agricultural Department, were appointed to check the panchayats' returns and to conduct a series of jute-cutting experiments. The panchayats who submitted schedules after an actual survey of the plots each cultivator many cases looked the figures furnished by the under jute. The special officers checked the figures furnished by the panchayats and found them to be whole correct. The Collector, who took much interest in the enquiry, accepted the figure of 281,220 acres thus arrived at by the panchayats. It is curious to notice that this figure, which was taken as quite reliable closely approximates to the figure reported by the Collector in the final forecast of the last year and an enquiry of persons a strong impression that the area under jute in the district is in excess of the area sown in 1913, and the conclusion to which I am impelled is that the estimate of 279,000 acres in 1913 was somewhat in excess of the actual facts. This view is corroborated by returns of export by rail and by river steamer from June 1913 to July 1914 which have been obtained and scrutinized. The system of estimation by panchayats was not tried in the remaining jute-growing districts where of little importance, but the preliminary estimates were carefully checked by the inspecting staff of this Department. As a result the Districts of Champaran, Muzaffarpur and the Sonthal Parganas have revised their preliminary estimates. The final district returns of the seven jute-growing districts of the Province now show an area under jute of 330,100 acres, as compared with 329,600 acres reported in the preliminary forecast.

The acreage under jute in this Province for each of the last five years in round numbers is as follows:—

Year	Acreage	Year	Acreage
1910	248,200	1912	298,300
1911	258,100	1913	318,400
1914	330,100

Weather.—In March the rainfall was defective in all the jute-growing districts except Champaran. In April it was below the normal in Champaran and above the normal in the remaining jute districts. In May it was slightly below the normal in Purnea and Muzaffarpur, but elsewhere it was above the normal. In June the rainfall was below the normal in all the districts except Cuttack and Balasore which received more than the average fall. In Purnea the deficiency was heavy. Only 6·63 inches were obtained as against a normal for the month of 12·27 inches. In July the rainfall was above the normal in the Sonthal Parganas, Cuttack and Balasore but below the normal in Purnea and other three jute districts. In Purnea a deficiency was again marked amounting to 5·38 inches. In August the rainfall was above the average in all districts except Cuttack

and Balasore, where the fall was in defect. The defect rainfall in Purnea from May to July at the critical period for the growth of the crop affected the outturn in that district. The harvesting of the crop commenced at the normal time and is going on.

Outturn.—With a view to obtaining accurate data regarding the actual outturn of jute per acre, a series of crop tests was undertaken in Purnea by the four special officers appointed for that purpose. In 75 experiments were carried out. In 29 of these tests an acre was cut, 46, $\frac{1}{4}$ of an acre. The greatest care was taken to instruct the officers assigned to select average fields representative of the average crop over a given area, such as a thana or panchayat's circle. The average outturn shown in the first mentioned series of experiments was lower than that given by the second series, and the latter has been taken by the Collector as more likely to be accurate than the former. The average outturn as thus ascertained amounts to 811 lbs., or about 2.03 bales of fibre per acre. The low outturn is attributed to the unfavourable season. Calculating on the basis of the figure thus arrived at, the gross outturn of the crop in Purnea comes to 570,173 bales. Retaining the old normal of three bales per acre and expressing the actual outturn in percentage figures, we may say that the estimated outturn for Purnea in 1914 is 67.6 per cent. In the remaining less important jute growing districts also, the District Officers at the request of this department have had a large number of crop tests undertaken by their subordinates. Owing to the late harvest, however, results have been received only from the Santal Parganas and Muzaffarpur. The returns of these two districts show a poor and unsatisfactory crop and do not furnish moreover a sufficient basis for any change in the old accepted normal outturn. In all the six districts, therefore, the normal of three bales per acre has been retained. The percentage outturn of these districts is reported to be as follows:—

Cuttack	... 86 per cent.	Chakrapur	... 100 per cent.
Santal Parganas	76 „	Balasore	... 66 „
Bhagalpur	... 83 „	Muzaffarpur	... 80 „

Taking three bales as the normal outturn in these districts and working on the area and percentage outturn reported by the District Officers and taking the figures for Purnea arrived at on the basis of crop-cutting experiments, the gross outturn for the Province amounts to 693,206 bales, or in round numbers 693,200 bales.

The average import of raw jute into this Province from Nepal during the last three years was equivalent to 87,581 bales. This figure added to the figure for the Province above arrived at gives a total for Bihar and Orissa of 780,787 bales, or in round numbers 780,800 bales.

DEPARTMENT OF LAND RECORDS AND AGRICULTURE, ASSAM.

Final Forecast of Jute Crop of 1914.

NOTE.—On the average of the five years ending 1912-13, the area under jute in Assam represents some 2·9 per cent. of the total area under jute in British India.

Character of the season.—In the early part of the year the weather was generally favourable, as indicated in the preliminary forecast, since the issue of which there has been a deficiency in the rainfall and consequently a deterioration in the growth of the crop. The want of rain was particularly noticeable in July in the main jute-growing districts. Conditions improved somewhat in August.

Area sown.—The only districts in which there can be much doubt as to the area are Sylhet and Goalpara. In the latter the figures compiled independently last year by the Deputy Commissioner and those returned by the panchayats were approximately the same, and this fact lends probability to their correctness. Personal enquiries by the Deputy Commissioner point generally to an increase of 25 per cent. in area in the present year and this estimate agrees fairly well with the returns of the panchayats. I think that reliance may now be placed on the area figures of Goalpara. In Sylhet the Deputy Commissioner had the panchayats' schedules checked in some thanas of Habiganj and, accepting the results, he claims that the area of this year is approximately the normal area. I am inclined to accept this, because an estimate made some months ago and based on the crop statistics of temporarily-settled states scattered over 115 out of a total of 169 parganas in Sylhet came to almost exactly the same figure. Hence the apparent decrease in the area under jute in Sylhet since last year is not real and it may be assumed that we have now for the first time obtained approximately correct statistics. There has been a notable increase in the area sown in Goalpara where there is a large colony of Mymensingh people, and, as indicated in the first forecast, considerable extension in Kamrup, Darrang and Nowgong, due in the two latter districts also to the influx of settlers from Mymensingh.

The total area under the crop, as estimated by the Deputy Commissioners, comes to 111,600 acres as against 96,990 acres in last year, which should have been 75,990, if the present Sylhet figure is correct; the increase is over 15 per cent. in any case and probably should be shown as nearly 29·8 per cent.

Outturn.—Taking the average outturn of 3·3 bales per acre, which the Chief Commissioner has now adopted as the normal, the total increase in the quantity of jute available is at least 34·6 per cent. as compared with last year.

Stocks.—As already reported, very little jute remains from last year.

Cachar	400	300	300	40	90	280	891	August	normal	Last year's figures are repeated as no fresh figures are available, the district being under resettlement. Heavy rainfall at the sowing season and subsequent drought in the months of May and June affected the crop unfavourably to some extent. Hence the outturn is below normal.	
Sylhet	16,000	27,000	16,300	50	73	40,500	39,206	July	August	normal	Rainfall was deficient in April, but rather excessive in May. On the whole the weather has not been quite favourable to jute. From personal enquiries it is found that the area under jute has increased as compared with that of the preliminary forecast.
Goalpara	10,000	49,800	62,000	90	90	1,440	184,140	July	August	normal	The increase in area is chiefly due to the high price at which jute was sold last year. The weather was not very favourable at the time of sowing. In the same field portion of the crop was of slender and stunted growth, while the rest was healthy. Sowing was rather early.
Kamrup	3,500	7,800	10,700	88	91	23,166	32,132	15th	August	normal	Increase in area is due to very high price of jute last year. Rain at the time of sowing and scarcity of rain in the growing season are the causes of low outturn.
Darrang	1,000	3,000	9,300	90	75	8,100	23,017	Last week	August	normal	The increase in area is due partly to the good price of last year and partly to extension of cultivation by the people of Mymensingh district in Mangaldai subdivision. The decrease in outturn is due to damage done by insect pests in Badar subdivision.
Nowgong	800	2,800	7,500*	100	60	9,900	14,454	1st	August	early	The increase in area, as compared with that of last year, is due to the profit made on the crop as well as to the influx of Mymensingh people. The decrease in outturn is due to the damage done by insects. The weather was fair.
Sibsagar	300	200	300	90	90	540	891	Middle	August	normal	The weather was unfavourable to the growth of the crop on account of want of rain, but in the latter part the weather was somewhat favourable.
Lakhimpur	200	90	200	100	100	270	660	1st	September	normal	The increase in area, as compared with that of last year, is due to the extension of cultivation owing to the high price of jute last year. Weather was favourable and the outturn is expected to be normal.
Garo Hills	4,000	5,300	5,300	60	70	11,040	12,012	August	normal	heavy and continuous rainfall after the sowing and at the time of weeding, etc., affected the growth of the crop seriously, and subsequent want of rain further aggravated the condition, and the outturn is therefore estimated to be considerably below normal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 28th September 1914.

Summary.—During the week under review seasonable rain fell throughout the Province, doing much good to the standing crops. Harvesting of *aus* paddy has been finished in most places and that of jute is nearing completion. Transplantation of winter rice is over. The crop is thriving well and the prospects are promising. Injury by insect pests is reported from Midnapore only. Cattle-disease is reported from eight districts. The average price of common rice has fallen by about 0·4 per cent. as compared with that of the previous week.
